Mystery Of History Volume 1 Revised 2nd Edition:

The Mystery of History Linda Lacour Hobar, 2010 *The Book of the Torah, Second Edition* Thomas W. Mann, 2013-10-23 The first five books of the Bible contain many of its most famous stories populated by vivid characters altogether human in their triumphs and failings and an equally complicated deity Many works of Western art and literature appeal to these stories from Michelangelo's painting of Adam and Eve to a novel like William Faulkner's *Go Down Moses* The three great Abrahamic religions Judaism Christianity and Islam are rooted here So is much of Western political theory and constitutional polity for a good half of these books contains legislation torah of various kinds as indicated by the ancient title the book of the Torah Law and narrative together render the character of the ancient covenant community known as Israel as well as the God who rules over that community In this revised and expanded version of his popular book of 1988 Mann engages literary criticism and theology in attending both to the composite nature of the Torah or Pentateuch and to its final canonical shape Mann's study provides a lucid introduction to the heart of the Hebrew Bible suitable for students and general readers but also of interest to biblical scholars **The Conceptual Worlds of the Fourth Gospel** Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over under and through John's story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author's own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a particular language determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity The Dial, 1883 Science and Technology in World History, Volume 2 David Deming, 2014-01-10 Science is a living organic activity the meaning and understanding of which have evolved incrementally over human history This book the second in a roughly chronological series explores the evolution of science from the advents of Christianity and Islam through the Middle Ages focusing especially on the historical relationship between science and religion Specific topics include technological innovations during the Middle Ages Islamic science the Crusades Gothic cathedrals and the founding of Western universities Close attention is given to such figures as Paul the Apostle Hippolytus Lactantius Cyril of Alexandria Hypatia Cosmas Indicopleustes and the Prophet Mohammed *Bookseller*, 1865 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series **To Know All Mysteries** C. Andrew Ballard, 2022-08-31 This book examines the way that Paul presents himself as a guide into mysteries a mystagogue in 1 2 Corinthians By describing himself as a type of mystagogue for the community Paul was following a

precedent in both Jewish and non Jewish sources for invoking mystagogic language to engage in polemics with a rival In opposition to the precedent however Paul understands the mystagogue to be a bi partite figure comprised of both foolishness and wisdom simultaneously C Andrew Ballard argues that ancient mystagogues were often described in two disparate ways figures of power and figures of weakness and foolishness Paul synthesizes both aspects of the mystagogue in his self presentation to the Corinthians The figure of the mystagogue as a wise fool was useful to Paul because it was descriptive not only of his own experience as a suffering yet authoritative apostle but also of the experience of his deity the suffering and glorified Christ By presenting himself as both a powerful and foolish mystagogue Paul could argue that he was a more authentic imitator of Christ than his opponents in Corinth who boasted in self exaltation instead of self humility In this way Paul used the character of the mystagogue as a strategic rhetorical tool in his communication with the Corinthians
