Congressional Record United States. Congress, 1999 **Caught** Marie Gottschalk, 2016-02-16 A major reappraisal of crime and punishment in America The huge prison buildup of the past four decades has few defenders yet reforms to reduce the numbers of those incarcerated have been remarkably modest Meanwhile an ever widening carceral state has sprouted in the shadows extending its reach far beyond the prison gate It sunders families and communities and reworks conceptions of democracy rights and citizenship posing a formidable political and social challenge In Caught Marie

Gottschalk examines why the carceral state remains so tenacious in the United States She analyzes the shortcomings of the two dominant penal reform strategies one focused on addressing racial disparities the other on seeking bipartisan race neutral solutions centered on reentry justice reinvestment and reducing recidivism With a new preface evaluating the effectiveness of recent proposals to reform mass incarceration Caught offers a bracing appraisal of the politics of penal reform

Do Facts Matter? Jennifer L. Hochschild,Katherine Levine Einstein,2015-01-20 A democracy falters when most of its citizens are uninformed or misinformed when misinformation affects political decisions and actions or when political actors foment misinformation the state of affairs the United States faces today as this timely book makes painfully clear In Do Facts Matter Jennifer L Hochschild and Katherine Levine Einstein start with Thomas Jefferson s ideal citizen who knows and uses correct

information to make policy or political choices What then the authors ask are the consequences if citizens are informed but do not act on their knowledge More serious what if they do act but on incorrect information Analyzing the use nonuse and misuse of facts in various cases such as the call to impeach Bill Clinton the response to global warming Clarence Thomas s appointment to the Supreme Court the case for invading Iraq beliefs about Barack Obama s birthplace and religion and the Affordable Care Act Hochschild and Einstein argue persuasively that errors of commission that is acting on falsehoods are even more troublesome than errors of omission While citizens inability or unwillingness to use the facts they know in their political decision making may be frustrating their acquisition and use of incorrect knowledge pose a far greater threat to a democratic political system Do Facts Matter looks beyond individual citizens to the role that political elites play in informing misinforming and encouraging or discouraging the use of accurate or mistaken information or beliefs Hochschild and Einstein show that if a well informed electorate remains a crucial component of a successful democracy the deliberate concealment of political facts poses its greatest threat
