*Taxation* Ira K Lindsay, Benita Mathew, 2025-02-20 This book explores the thorny normative issues raised by the changing landscape of international tax policy. Proposals for taxation of the digital economy and the OECD G20 BEPS framework promise fundamental changes in the international tax system. The book features perspectives from legal scholars, political theorists, and political philosophers on international corporate and individual taxation. Contributors advance new theories of international tax justice, develop theoretically informed reform proposals, and critique influential approaches to international tax reform. Key themes include justice in bilateral and multilateral international tax agreements, the taxation of cross-border workers, fair division of tax revenue from multinational corporations, and the fairness of the international tax policy-making process. This book provides new perspectives on leading international tax policy debates, analyses the intersection between international distributive justice and contemporary tax policy, and proposes innovative ways to meet the demands of tax justice in a global context.

Regulations and Applications of Ethics in Business Practice Jing Bian, Kıymet Tunca Çaliyurt, 2018-06-29 This book presents a variety of discussions from different countries about regulations and applications of ethics in business practice. It demonstrates how Ethics both in the world of business and in academic life is consistently a central and unavoidable issue that institutions must devise new regulations on a regular basis to address. Given that applying such regulations becomes complicated in a global business landscape and that International companies have lost large amounts of revenues due to fraudulent activities, the book provides insights for professionals in the business world to teach, learn, apply, measure, and report on companies' daily business. Business and Professional Ethics Theories, Standards, and Analysis is essential reading for researchers and students in business schools around the world.

**El concepto de dividendo en los convenios de doble imposición** José Manuel Castro Arango, 2016-01-11 La definición de dividendos prevista en el artículo 10.3 del Modelo de Convenio sobre la Renta y el Patrimonio de la OCDE es una de las normas más complejas de aplicar en la fiscalidad internacional, sobre todo por el uso cada vez más frecuente de instrumentos financieros híbridos y entidades híbridas tales como las Partnerships, los fondos y los trusts, y del desarrollo de fórmulas alternativas de remuneración de los accionistas. En este libro tales problemas se abordan con una metodología de derecho comparado.
