The Social Psychology of Politics Victor C. Ottati, R. Scott Tindale, John Edwards, Fred B. Bryant, Linda Heath, Yolanda Suarez-Balcazar, Emil J. Posavac, 2012-12-06

Early studies of political behavior examined the sociological attitudinal and rational determinants of political behavior However none of these approaches provided a descriptive model of how people process political information and make political decisions under naturalistic conditions that involve limited cognitive capacity and motivation Fortunately contemporary approaches within the field of political psychology have begun to address these concerns Inspired by recent advances in the area of social psychology researchers are rapidly developing more realistic and detailed models of the psychological process that determines political judgements and behavior Early attempts to merely predict political behavior have been replaced by an attempt to describe the actual process whereby individuals gather interpret exchange and combine information to arrive at a political judgement or decision This volume provides comprehensive coverage of this pioneering era of research in political psychology

Discontinuous Constituency Geoffrey J. Huck, Almerindo E. Ojeda, 1987-01-01

Syntax and Semantics Discontinuous Constituency is a collection of papers that discusses the role of discontinuous constituency in grammar One paper proposes a program which combines the key ideas of the categorial theory of grammatical relations with a phrase structure view of syntax The program provides a direct account of English verb participle constructions of extraposed relatives and of the peculiar distribution of particles in English Another paper shows that given certain plausible assumptions about the type of grammar which children are predisposed to acquire exposure to free word order triggers the postulation of discontinuous constituents The paper also cites evidence involving the interpretation of reflexive pronouns and quantifiers in Korean grammar that make use of such discontinuous constituents One paper tackles some issues surrounding the treatment of discontinuity and multidominance in the Generalized Phrase Structure Grammar GPSG framework The task is accomplished through a phrase marker a discontinuity and multidominance as ingredients of linguistic description and a GPSG framework extension Another paper analyzes extraposition and variations

in surface order among syntactic constituents in English The collection can prove valuable for linguists students and academician involved with semantics syntax and the philosophy of language *City Record* Boston (Mass.),1927 **Social Interaction and Teacher Cognition** Li Li,2017-02-06 Investigates language teachers thoughts beliefs and knowledge through the lens of social interactionIn the past decade there has been a surge of interest in the study of language teacher cognition what language teachers know think and believe and of its relationship to teachers classroom practices Social Interaction and Teacher Cognition is the first book to use a discursive psychological perspective to examine teacher cognitions Informed by conversation analysis CA the book offers a close examination of cognition in interaction in three distinctive aspects learning to teach novice and expert teachers cognition and interactive decision making The book views cognition as a socially constructed and contextual process and treats interaction as a framework that deals with psychological matters in a public and visible way It will be of particular relevance to those researching teacher cognition in EFL contexts and will appeal to anyone interested in the study of classroom interaction Features a three part structure of survey analysis and application Takes a discursive psychological approach to teacher cognitions Uses conversation analysis to examine cognition in interaction Provides detailed examples of language in interaction in EFL contexts **Human Brain and Artificial Intelligence** Yueming Wang,2021-04-07 This book constitutes the refereed proceedings of the Second International Workshop on Human Brain and Artificial Intelligence HBAI 2020 held in conjunction with IJCAI PRICAI 2020 Kyoto Japan in January 2021 Due to the COVID 19 pandemic HBAI 2020 was held in the year 2021 and transferred into virtual format The 11 full papers presented were carefully reviewed and selected from 12 submissions The papers present most recent research in the fields of brain inspired computing brain machine interfaces computational neuroscience brain related health neuroimaging cognition and behavior learning and memory neuron modulation and closed loop brain stimulation **Rhetorical Minds** Todd Oakley,2020-04-09 Minds are rhetorical From the moment we are born others are shaping our capacity for mental agency As a meditation on the nature of human thought and action this book starts with the proposition that human thinking is inherently and irreducibly social and that the long rhetorical tradition in the West has been a neglected source for thinking about cognition Each chapter reflects on a different dimension of human thought based on the fundamental proposition that our rhetoric thinks and acts with and through others
