Vietnamese Women at War Sandra C. Taylor, 1999 For as long as the Vietnamese people fought against foreign enemies women were a vital part of that struggle The victory over the French at Dien Bien Phu is said to have involved hundreds of thousands of women and many of the names in Viet Cong unit rosters were female These women were living out the ancient saying of their country When war comes even women have to fight **Escape from Mao's Terror** Qing si Zeng, 2019-11-05 From 1966 to 1976 the so called Cultural Revolution in China throws an entire nation into violent and catastrophic turmoil Millions are displaced tortured or executed under Mao Zedong s ruthless regime Suffering persecution for his religious beliefs and family connections abroad a young doctor named Qing Zeng is forced to flee He makes two failed attempts at escape to Hong Kong Finally at the peak of the Cultural Revolution and at the risk of losing his life he eventually makes a heart pounding escape alone to North Vietnam and manages to survive in the rural countryside for seven long years But ultimately he is forcibly repatriated back to China is the moving story of one man s struggle to escape the place he used to call home and finally find freedom The story provides living witness to the history of that time **Translations on North Vietnam** , 1971 **A Maritime Vietnam** Tana Li, 2024-02-01 Despite its 3 000 kilometre coastline few people see Vietnam as a maritime country Here Li Tana presents a powerful new argument about Vietnamese history that key political changes resulted from the impact economic and otherwise of the sea This is a finely layered account covering the two millennia before colonisation that radically restructures how we understand the role of the maritime and trans regional in Vietnam s early history Drawing on exhaustive research of Chinese Vietnamese and Japanese sources Li reveals that it is only when viewed against the background of the sea that Vietnam s past can be properly understood In contrast to traditional perceptions of an inward looking society dominated by Chinese cultural influence Vietnam was shaped by dynamic littoral economic and cultural contact **Nguyen Cochinchina** Li Tana, 2018-08-06 In this historical reassessment of southern Vietnam and its distinct culture Li Tana illuminates the resourceful qualities of the Dong Trong pioneers develops a meticulous analysis of the Nguyen trade and taxation systems and in the process redefines the chief cause of the Tay Son rebellion Li Tana s study focuses on the socio economics of Nguyen Cochinchina such as the role of foreign merchants the region s trading economy demographic influences religious and cultural values how Nguyen rule affected Vietnamese settlers relationships with uplanders and processes of localization and identity formation *Decolonizing Ecotheology* S. Lily Mendoza, George Zachariah, 2022-02-18 *Decolonizing Ecotheology* Indigenous and Subaltern Challenges is a pioneering attempt to contest the politics of conquest commodification and homogenization in mainstream ecotheology informed by the voices of Indigenous and subaltern communities from around the world The book marshals a robust polyphony of reportage wonder analysis and acumen seeking to open the door to a different prospect for a planet under grave duress and a different self assessment for our own species in the mix At the heart of that prospect is an embrace of soils and waters as commons and a privileging of

subaltern experience and marginalized witness as the bellwethers of greatest import Of course decolonization finds its ultimate test in the actual return of land and waters to precontact Indigenous who yet have feet on the ground or paddles in the waves and who conjure dignity and vision in the manifold of their relations in spite of ceaseless onslaught and dismissal Their courage is the haunt these pages hallow like an Abel never entirely erased from the history May the moaning stop and the re creation begin

The Last Emperors of Vietnam Oscar Chapuis,2000-03-30 This book tells the story of French interaction with Vietnam and the neighboring region which began with the French seizure of Cochin China and Tonking in the 19th century under Emperor Tu Duc and ended with their humiliating defeat at Dien Bien Phu in 1954 After the conclusion of treaties with China in the nineteenth century Western nations sought access to the resource rich region of Yunnan After attempts at exploring the Mekong River the French turned their sights to the Red River Only after Jean Dupuis successfully linked Hanoi with Yunnan was Admiral Dupre able to begin the conquest of Tonking This volume begins where Chapuis s History of Vietnam left off completing the colonial history of Vietnam The decline of French authority in Indochina began with Japanese demands and subsequent occupation during World War II The 9 March 1945 Japanese coup would mark the beginning of the end of French supremacy however French authorities would return with troops to confront the Vietnamese demands for unity and independence after Japan s defeat Although an agreement between Sainteny and Ho Chi Minh would allow the French army to land in North Vietnam the creation of the southern Republic of Cochin China would be a move that ran counter to Vietnamese nationalist sentiment Nine years later the French found themselves ousted from their former colony

Translations of Political and Sociological Information on North Vietnam ,1966 *Peerless Medical God* Yang LaoSan,2020-02-27 He had once obtained a high levelled medical knowledge martial arts and a Special Ability which allowed him to see through the other party s thoughts With this the Young Master Han was able to roam the society shopping malls medicine courts and government officials

Voices from the Vietnam War Xiaobing Li,2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War s influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war

Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War Stories from American Asian and Russian Veterans* Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war s events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li s achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly

Iraq and the Lessons of Vietnam Lloyd C. Gardner, Marilyn B. Young, 2008-06-01 From the launch of the Shock and Awe invasion in March 2003 through President George W Bush s declaration of Mission Accomplished two months later the war in Iraq was meant to demonstrate definitively that the United States had learned the lessons of Vietnam This new book makes clear that something closer to the opposite is true that U S foreign policy makers have learned little from the past even as they have been obsessed with the Vietnam Syndrome Iraq and the Lessons of Vietnam brings together the country s leading historians of the Vietnam experience Examining the profound changes that have occurred in the country and the military since the Vietnam War celebrated historians Marilyn B Young and Lloyd Gardner have assembled a distinguished group to consider how America has again found itself in the midst of a war in which there is no chance of a speedy victory or a sweeping regime change Iraq and the Lessons of Vietnam explores how the Vietnam Syndrome fits into the contemporary debate about the purpose and exercise of American power in the world With contributions from some of the most renowned analysts of American history and foreign policy this is an essential recovery of the forgotten and misbegotten lessons of Vietnam Contributors Christian G Appy Andrew J Bacevich David Elliott Alex Danchev Elizabeth L Hillman Gabriel Kolko Walter LaFeber Wilfried Mausbach Alfred W McCoy Gareth Porter John Prados Marilyn B Young

Kim Il Sung in the Khrushchev Era Balázs Szalontai, 2005 Concentrating on the years 1953 64 this history describes how North Korea became more despotic even as other Communist countries underwent de Stalinization The author s principal new source is the Hungarian diplomatic archives which contain extensive reporting on Kim Il Sung and North Korea thoroughly informed by research on the period in the Soviet and Eastern European archives and by recently published scholarship Much of the story surrounds Kim Il Sung his Korean nationalism and eagerness for Korean autarky his efforts to balance the need for foreign aid and his hope for an independent foreign policy and what seems to be his good sense of timing in doing in internal rivals without attracting Soviet retaliation Through a series of comparisons not only with the USSR but also with Albania Romania Yugoslavia China and

China and the Vietnam Wars, 1950-1975 Qiang Zhai, 2005-10-21 In the quarter century after the founding of the People's Republic of China in 1949 Beijing assisted Vietnam in its struggle against two formidable foes France and the United States Indeed the rise and fall of this alliance is one of the most crucial developments in the history of the Cold War in Asia Drawing on newly released Chinese archival sources memoirs and diaries and documentary collections Qiang Zhai offers the first comprehensive exploration of Beijing's Indochina policy and the historical domestic and international contexts within which it developed In examining China's conduct toward Vietnam Zhai provides important insights into Mao Zedong's foreign policy and the ideological and geopolitical motives behind it Throughout the 1950s and 1960s he shows Mao considered the United States the primary threat to the security of the recent Communist victory in China and therefore saw support for Ho Chi Minh as a good way to weaken American influence in Southeast Asia In the late 1960s and 1970s however when Mao perceived a greater threat from the Soviet Union he began to adjust his policies and encourage the North Vietnamese to accept a peace agreement with the United States
