My Discovery Of America Hesperus Modern Voices:

My Discovery of America Vladimir Mayakovsky, 2005 Touring the United States in 1925 the Russian Futurist poet and propagandist Vladimir Mayakovsky observed at first hand what he considered to be the model for Soviet technological development Writing in his typical declamatory style he found much to celebrate in the modernised industrialised America of the 1920s creativity and advancement a primitive futurism But he also decried the social injustices of uncaring capitalism losing no opportunity to propound his own political beliefs Presented here in full for the first time in the English language My Discovery of America forms an inspired series of humorous sketches thoughts jottings and poems the significance of which resounds from the early twentieth century through to our own times BOOK JACKET **Ayn Rand and the Russian**

Intelligentsia Derek Offord, 2022-05-05 This book examines the writings of the American novelist Ayn Rand especially *The Fountainhead* 1943 and *Atlas Shrugged* 1957 which Rand considered her definitive statement about the need for an unregulated free market in which superior humans could fully realize themselves by living for no one but themselves It explores Rand's conception of American identity which exalted individualism and capitalism and her solution for saving the modern American nation which she believed was losing the spirit of its 18th and 19th century founders and frontiersmen having been degraded morally and economically by the rampant socialism of the mid 20th century world Derek Offord crucially goes on to analyse how Rand's writings functioned as a vehicle in which she a Russian Jewish writer born in St Petersburg in 1905 engaged with ideas that had long animated the Russian intelligentsia Her conception of human nature and of a utopian community capable of satisfying its needs her reversal of conventional valuations of self sacrifice and selfishness her division of humans into an extraordinary minority and the ordinary mass her comparison of competing civilizations in all these areas Offord argues that Rand drew on Russian debates and transposed them to a different context Even the type of novel she writes the novel of ideas is informed by the polemical methods and habits of the Russian intelligentsia The book concludes that her search for a brave new world continues to have topicality in the 21st century with its populist critiques of liberal democracies and acrimonious debates about countries moral social and economic priorities and their identities inequalities and social tensions **Missing** Walter De la Mare, 2007 With London in the grip of a heat

wave a man takes refuge from the scorching sun in a nearby tea shop only to share his table with a stranger who seems determined to make conversation Too polite to ignore him he becomes his reluctant confidant as harmless small talk gives way to dark memories Missing is the first of three unsettling stories of guilty secrets past hurts and haunted lives from one of the foremost English writers of the 20th century Remembered chiefly as a poet and in particular for his visionary poem *The Traveller* Walter de la Mare 1873 1956 was also acclaimed as a writer of short stories *El imperio de la neomemoria*
