Grant Jr., 2012-10-26 This book is a collection of stories that describes the relationships that can exist when we put Jesus Christ first in our lives and how agape love as described in First Corinthians Chapter Thirteen can shape our values and guide us in making difficult decisions as we interact with others For all of us this is a growing process and we must ask God daily for the wisdom strength and courage to press on for the abundant life that only He can give I truly believe that the teachings and commandments in the Holy Bible can transform our lives if we apply them in our daily living After reviewing the first drafts of this book I signed on wholeheartedly to be a part of this exciting adventure To assist my brother as his editor has been a blessing and a labor of love This book gives outstanding examples of how faith as the root can lead to love as the fruit The story titled Alpha and Omega in Chapter Thirteen sums it up Jesus Christ is indeed The Beginning and The End The First and The Last in the lives of those who love Him      **The Bonus Family Handbook** Jann Blackstone, 2024-10-15 This diplomatic guide offers advice on how parents can navigate caring for a blended family Blackstone packs this encyclopedic manual full of insight Publishers Weekly This definitive practical guide addresses nearly every situation that bonus families might experience Library Journal An essential resource for today's integrated families Imagine you're in a heated argument Your kids have decided that they don't want to go back to your ex's home and your ex isn't having it Meanwhile your new partner is squirming uncomfortably in the other room What do you do How do you stop the madness and come together to find the best solution for everyone The Bonus Family Handbook introduces readers to a completely new approach to co-parenting and blending families Until now parents have been told that once there's been a break up they become autonomous single parents and can make decisions for their children on their own But that's not true That's not real life That old school break up attitude offers no direction for co-parenting The Bonus Family Handbook changes all that It helps even the most contentious parents learn how to work together in the name of their children teaching them how to apply practical co-parenting techniques so that they will be able to form a supportive loving family The Bonus Family Handbook also recognizes the importance of incorporating new partners

into the mix of bringing in Bonus Moms and Bonus Dads and empowering them to make decisions for the safety and well being of the children With its emphasis on positive collaborative co parenting this book is an essential resource for today s integrated families
