Thinking About Literacy Fred Sedgwick, 2005-08-09 Thinking About Literacy discusses the literacy of children in the infant years The author takes the view that the child is an active learner when he she arrives in school and that it is the school s job to build on what the child already knows The book addresses issues such as spelling writing and children talking and writing about moral matters It has an optimistic view of the potential of children to surprise us with their language and emphasises that literacy is for life not just for an hour

In the Grand Scheme of Things - The Making of Inspiration Through Dog Behaviour Jay R Marchant, 2012-12 There is something much more fundamental to our social interactions today than just simple hello s and goodbye s What if I said that levels of mental illness obesity mistrust inequality and rates of imprisonment in the human populous have a significant effect on our relationships with not only each other but our dogs as well If you look at Epidemiology which literally means the study of what is upon the people we have no choice but to include our dogs It is a highly significant symbiotic relationship we share Though there are many social differences in this age we still thrive in social compacts As I explore this wonderous world dealing with dogs I can t help but stop and question why we seem to be so impatient Impatient about the weather inflation food dogs and ourselves Evolution occurs so slowly yet too fast for us humans to understand it The answer to this paradox is to simply slow down our thinking When I spend time working with dogs whether my own dogs or clients it s all about equality of the senses It s about truthful importance This applies to everything positive or negative everyday every moment

Going Solo Jason Milligan, 1992

Animal-assisted Psychotherapy Nancy Parish-Plass, 2013 The use of animals by psychotherapists has been a growing trend Psychological problems treated include emotional and behavioral problems attachment issues trauma and developmental disorders An influential 1970s survey suggests that over 20 percent of therapists in the psychotherapy division of the American Psychological Association incorporated animals into their treatment in some fashion Anecdotal evidence suggests that the number is much higher today Since Yeshiva psychologist Boris Levinson popularized the use of animals in the 1960s Israel

has come to be perhaps the most advanced country in the world in the area of animal assisted psychotherapy AAP This is true especially in the area of training programs theory building and clinical practice Great effort has been put into understanding the mechanisms behind AAP as well as into developing ethical guidelines that take into account the therapist s responsibility toward both client and animal This book exposes the world to the theory and practice of AAP as conceived and used in Israel It emphasizes evidence based and clinically sound applications differentiating between AAP a psychotherapeutic approach and AAE animal assisted education and AAA animal assisted activities both of which are psychoeducational Not anyone and his her dog can become an animal assisted therapist and this volume demonstrates not only the promise of animal assisted psychotherapeutic approaches but also some of the challenges the field still needs to overcome to gain widespread legitimacy
