Valentine, 2024-04-16 Everyone and I mean everyone will give you advice on which way to go with your life Friends acquaintances classmates teammates your friends friends family teachers counselors and neighbors will nose into your business They will want to help you with everything from how to dress to how to act They will tell you what and where to eat where to go and what to do Before you know it your whole life will be planned out for you by someone else If you are susceptible to influencers choose your influences wisely Not all advisors or advice is equal In fact some of the advice coming your way courtesy of well meaning friends or family may be downright awful Truly wise and useful advice will come from very few The world will give you the same crummy advice it gives everyone Get fame Pursue fortune More is better The world consistently perpetuates the lie that fame and fortune will make you happy The world lies Fame and fortune will not fill the void in our heart that was designed to be occupied by Christ Only God can fill that God shaped space within us The world keeps trying and people keep following the siren song down the wide path to happy destruction Happy is hard to define I have determined that Happy is an elusive place All of the world's unfulfilled and dissatisfied people will call you to the same wide path life plan they followed and expect a different result I challenge you to take the narrow road I urge you to trust in the Lord in all your decision making *When Diversity Drops* Julie J. Park, 2013-07-16 Julie J Park examines how losing racial diversity in a university affects the everyday lives of its students She uses a student organization the InterVarsity Christian Fellowship IVCF at California University as a case study to show how reductions in racial diversity impact the ability of students to sustain multiethnic communities The story documents IVCF's evolution from a predominantly white group that rarely addressed race to the most racially diverse campus fellowship at the university However its ability to maintain its multiethnic membership was severely hampered by the drop in black enrollment at California University following the passage of Proposition 209 a statewide affirmative action ban Park demonstrates how the friendships that students have or do not have across racial lines are not just a matter of personal preference or choice they take place in the contexts that are inevitably shaped by the demographic conditions of the university She contends that a strong organizational commitment to diversity while essential cannot sustain racially diverse student subcultures Her work makes a critical contribution to our understanding of race and inequality in collegiate life and is a valuable resource for educators and

researchers interested in the influence of racial politics on students lives **Handbook of Spirituality for Ministers**
