My Maasai Life From Suburbia To Savannah:

My Maasai Life Robin Wiszowaty, 2010-07-01 Growing up in suburban Illinois Robin Wiszowaty leads a typical middle class American life Hers is a world of gleaming shopping malls congested freeways and neighborhood gossip But from an early age she has longed to break free of this existence and discover something deeper What it is she doesn't quite know Yet she knows in her heart there simply has to be more Through a fortunate twist of fate Robin seizes an opportunity to travel to rural Kenya and join an impoverished Maasai community Suddenly her days are spent hauling water evading giraffes and living in a tiny hut made of cow dung with her adoptive family She is forced to face issues she's never considered extreme poverty drought female circumcision corruption and discovers love in the most unexpected places In the open wilds of the dusty savannah this Maasai life is one she could never have imagined *Ethno-erotic Economies* George Paul Meiu, 2017-10-10 In *Ethno Erotic Economies* anthropologist George Paul Meiu looks at how fantasies of sexual difference create what we think of as ethnicity in a globalized world Meiu draws back the curtain on a fascinating case of sexual tourism in Coastal Kenya in which young men deploy stereotypes of African warriors to establish transactional sexual relationships with foreign women Meiu's deep familiarity with Samburu culture allowed him to explore the long term effects of the sex trade on things like intimate affiliations kinship ritual gender and age in rural Kenya What happens to communities when wealth becomes concentrated in the hands of its young men How do these men seek to convert fast money into traditional lasting forms of prestige to become elders and thus secure higher moral and social standing And crucially how do others not privy to the sexual encounters themselves understand the circulation of new money Meiu's exceptional skills as an ethnographer yield riveting testimonies from all quarters of Samburu society resulting in a compelling look at how intimacy and ethnicity come together to shape the pathways of global and local trade in the postcolonial world *Great Expectations* Jonathan Skinner, Dimitrios Theodossopoulos, 2011-10-01 The negotiation of expectations in tourism is a complex and dynamic process one that is central to the imagination of cultural difference Expectations not only affect the lives and experiences of tourists but also their hosts and play an important part in the success or failure of the overall tourism experience It is for this reason the authors argue that special attention should be given to how expectations constitute and sustain tourism The case studies presented here explore what fuels the desires to visit particular places to what degree expectations inform the experience of the place and the frequent disjunctions between tourist expectations and experiences Careful attention is paid to how the imagination of the visitor inspires the imagination of the host and vice versa how tourists and host communities actively imagine re-imagine and shape each other's lives This realization has profound consequences not solely for academic analysis but for all those who participate in and work within the tourism industry *A Novel Study* Rebecca McAllister, Robin Wiszowaty, 2010 **The Last Maasai Warriors** Jackson Ntirikana, Wilson Meikuaya, 2012-08-24 How two young Maasai tribesmen became warriors scholars and leaders in their community and to the world They are living

testament to a vanishing way of life on the African savannah Wilson and Jackson are two brave warriors of the Maasai an intensely proud culture built on countless generations steeped in the mystique of tradition legend and prophecy They represent the final generation to literally fight for their way of life coming of age by proving their bravery in the slaying of a lion They are the last of the great warriors Yet as the first generation to fully embrace the modern ways and teachings of Western civilization the two warriors have adapted at times seamlessly at times with unimaginable difficulty in order to help their people They strive to preserve a disappearing culture protecting the sanctity of their elders while paving the way for future generations At this watershed moment in their history the warriors carry the weight of their forbearers while embracing contemporary culture and technology While their struggle to achieve this balance unfolds exquisitely in this story their discoveries resonate well beyond the Maasai Mara **Enkop Ai** Catherine Oddie,1994 *One of Them* Eti
