My Radical Encounters with Angels Matthew Robert Payne, 2017-04-27 Have you ever wondered what it would be like to meet an angel Are you the sort of person who has an active interest in angels and how they can interact with humans Have you read many accounts of angel visitations in your life If you answered yes to any of those questions this book is for you Come and meet Matthew Robert Payne a simple man who is down to earth and who has seen and interacted with many angels so far in his life Come and read How Matthew met angels in the flesh appearing as humans and their lasting effect on him How Matthew began to see angels with his spiritual sight See circumstances where Matthew was protected in dangerous situations by angels How he disappeared from plain sight of the people looking for him How you too can have the faith to meet angels through reading resources that will open up your spiritual sight Matthew has encountered many angels on his journey through life He covers some of the more notable ones in the pages of this book He has mentioned the titles of books where you can learn how to see angels for yourself This is not a book of theology nor one of teaching it is simply an inspirational book for you to read to encourage you that angels are real and whether you can see them or not is always up to you The book's purpose is to encourage and edify the Christians in this world that God looks after those He loves Come and read about one such individual

No Angel in the Classroom Berenice M. Fisher, 2001 No Angel in the Classroom Teaching through Feminist Discourse presents a theoretically complex yet down to earth and personal account of feminist teaching in higher education Starting with a nuanced interpretation of consciousness raising longtime feminist educator Berenice Malka Fisher develops her philosophy of feminist teaching as a form of political discourse Through reflection on a series of candid classroom stories she analyzes knotty problems faced by academics and activists What counts as knowledge in discussion of feminist issues Can teachers exercise authority without being authoritarian What is the role of caring in political deliberation Should safety be considered when students and teachers address volatile topics How can feminist and other teachers committed to social justice give serious attention to the intersections of gender race and sexual orientation This groundbreaking book is intended for the beginning and veteran teachers and others concerned with the contribution of education to extending social justice Fisher's work offers a pedagogical vision that inspires both passion and critical thinking

Shamelessly Yours A. J. Johnson,2022-09-09 As the author s knowledge of the God of the Bible deepened through her own battles AJ was led spectacularly deeper into the realms of spiritual warfare but always with a guiding hand Then through

prayerful revelation and much study her eyes were opened to the spiritual battles in others She found herself grappling desperately to pull these people up from the murky waters in an attempt to shield them from what she could see in them However without God they were in deep with the unseen enemy but there was always an outstretched hand As a willing tool she was ready to grab anyone crying out into the night because someone heard them But they did not fully believe so it hurt the light So on she went embracing ridicule and mocking because being called names was better than watching someone s suicide She wanted them free because their inner foe was deeply hidden and smirking But it could not hide from her and this was war A passion began to build for those who could not break free from tormenting or fearful thoughts and she saw quite clearly what the world would call mental health turning and darkening into a spiritual battle so intense that it threatened to devour the victim whole No medicine or therapy fully healed those she knew They saw themselves as victims but the world will look for anything other than sorrow to heal their minds so they were unaware of the earth shattering blow about to hit She quickly learned that having no belief makes you more vulnerable to attack and then our kids are on the menu Will you let your enemy take everything from you or will you fight for your freedom If so then take my hand as we are going in together
