The Re-education Experiment in Romania Gheorghe Boldur-Latescu, 2013 Very little is known not only by the Western world but also by the Romanian youth about the magnitude of the horrors the communist regime in Romania committed over its 40 years of dictatorship This book is a collection of essays written between 1995 and 2011 chronicling the experiences and presenting the views of a former political prisoner about past and current events in Romanian history A retired professor of operations research Boldur Latescu is one of the few survivors of the Pitesti Phenomenon the experiment launched in the 1950 s in communist prisons by the Romanian Securitate which aimed at re educating political prisoners through peer exerted torture This book is a continuation of the analysis that started with The Communist Genocide in Romania published in 2005 by Nova Publishers with a particular emphasis on the examination of the social political cultural and economic evolution of Romania after the 1989 Revolution Some of the essays go beyond the analysis of the Romanian context by tackling current challenges faced by Western democracies through a unique prism The link between communism and terrorism the lack of reference to Christian values in the EU Constitution and the relevance of Tolstoy's work or the Testament left by Peter the Great to the current situation in world politics are only a few examples of the author's unique interpretation of current world events The Re-Education Experiment in Romania Daniel Teodorescu, Gheorghe Boldur-Lătescu, 2014-05-14 Very little is known not only by the Western world but also by the Romanian youth about the magnitude of the horrors the communist regime in Romania committed over its 40 years of dictatorship This book is a collection of essays written between 1995 and 2011 chronicling the experiences and presenting the views of a former political prisoner about past and current events in Romanian history A retired professor of operations research Boldur Latescu is one of the few survivors of the Pitesti Phenomenon the experiment launched in the 1950 s in communist prisons by the Romanian Securitate which aimed at re educating political prisoners through peer exerted torture This book is a continuation of the analysis that started with The Communist Genocide in Romania published in 2005 by Nova Publishers with a particular emphasis on the examination of the social political cultural and economic evolution of Romania after the 1989 Revolution Some of the essays go beyond the analysis of the Romanian context by tackling current challenges faced by Western democracies through a unique prism The link between communism and terrorism the lack of reference to Christian values in the EU Constitution and the relevance of Tolstoy's work or the Testament left by Peter the Great to the current situation in world politics are only a few examples of the author's unique interpretation of current world events The memories of an Anonymous political prisoner Cornel GOIA, This book is not an adventure or horror novel it is an account as simple as the author of the memoirs Personal events and experiences are written spontaneously and directly the

hero narrating the ordeal of the years spent in jail as if talking to his next door neighbour The exceptions from the morphology and syntax rules only add to the authenticity of the story As the reading of the text advances a question arises grows then becomes overwhelming How was it possible How could these creatures thrust such suffering in the flesh and the spirit of a human being a multiplied suffering amplified on the scale of millions of people The hero sees himself thrust in a moment in the hell of the Romanian political prisons and consequently treated as a political prisoner with all the dark connotations that this title hides in its fatal folds It is the right to be beaten up to the loss of conscience the right to torment his comrades of suffering only to escape torture himself the right to starvation up to the point of dehumanization the right to work over your powers the right to die or the right to find desperately that you have become a beast And yet how close they were to success They had crossed unnoticed the ploughed strip of the border separating them from freedom or at least so they believed Being in Yugoslavia they also dreamt of getting to America But what disappointment and fear A group of Serbian border guards cuts their way arrests them handcuffs them and after an investigation they deliver them to the Romanian border guards and the ordeal continues or it has just begun The horror of the story which risks to slip the reader s attention is that Popic is not a political criminal His only fault is that he wanted to live in America The communist authorities had declared the illegal border crossing to be a political offense Popic did not even know the fact that the Yugoslav authorities extradited the Romanians they captured crossing the border Even if he had known it Popic honest simple minded and God fearing as he was could not have understood how it was possible for a free people like the Serbs whom their leader Tito let leave and return to their country anytime to extradite the Romanian fugitives seeking freedom A Romanian curse seemed to let Romania have no common border with any free country in Europe Popic s first story contains the escape the crossing of the ploughed strip of land the great flashing joy of success followed by the most bitter disappointment of their being captured by the Yugoslav border guards The story until crossing the border seems trivial because all over the world tens of thousands maybe hundreds of thousands of people cross borders illegally determined by political social or economic injustices in their country by unbearable climate changes by war or simply in the hope of a better life The area of the Great Lakes in the United States is to this day full of the descendants of the 1920s Romanian emigrants whom no one asked why they left why they returned whether they returned or why they stayed These emigrants were not arrested by anyone on the border to be accused of intending to betray their homeland From now on Popic's story turns into a tragedy As in a horror film the action takes a dramatic unreal turn it turns into a nightmare into a long and unbearable suffering that will chase him and which he will try to escape from with a wounded animal roar This roar will be the present book In other words telling his suffering he could wake up from the nightmare Confessing his suffering the book becomes the confession of a martyr By telling it to everyone the author hopes to get rid of it or at least to alleviate it Without Franz Kafka the writer s talent Popic manages to thrill us making us plunge into the kafkian universe van wagons with metallic structures heated mercilessly by

the burning sun of triage stations wagons packed to capacity with detainees some of them sick and suffocating screaming for lack of air feeling like dying the cells at Jilava overcrowded with detainees even sleeping under the overlapped beds buckets full of fetid human waste placed near the pots of drinking water that transport of old detainees who are simply overturned in the mud at the gate of the camp and who can no longer rise up from the mud because of exhaustion to the amusement of the quards sinister onlookers in security quard uniforms watching the spectacle of human humiliation Popic with his story opens up the gates of the hell built in Romania by the Romanian Security at Stalin's order and executed by his loyal servants from the Central Committee of the Romanian Workers Party Popic understood that Dumitrache had already been dead when they brought him the bread roll and the kettle with water but he played the innocent for fear of punishment He understood that he had to play the role all the way thus facilitating the scenario of Dumitrache's escape attempt Up to the moment of Dumitrache s attempt to escape the destiny of the memoirs author resembled that of Dumitrache s Both of them had been arrested investigated beaten and then sent to the Peninsula or the Poarta Alb to die of cold starvation and working rules impossible to accomplish Here the likeness of the two destinies ceases Popic had remained inside while Ion Dumitrache had dared to go outside and had become a victim of the temptation to correct his destiny He fell into the hands of the security guards who beat him to death then they hung him with wires at the corner of the barracks and left him there as an example to scare the other prisoners Dumitrache's figure hanging from the pillar his fallen head and his bruised face impressed him strongly Dumitrache looked there on the pillar like Christ crucified on the cross This likeness shook him to non oblivion The emotional shock he lived through made him write this testimony over the years Certainly Popic did not notice the directorial talent of the security guards who staged the great misfortune Indeed in the forced labor colony where the drama happened no other escape attempts were reported The questions that have arisen deeply human questions are Who has triumphed in the Dumitrache case The security guards who tortured and killed Dumitrache Isn t it Dumitrache the real winner who succeeded by his death to exchange the ordeal of detention with eternity Is it Popic the winner who endured the ordeal to the end and confessed it by writing these memoirs The answer to these questions is personal it is the answer that every reader will whisper to himself herself Post scriptum I cannot put an end to this warning without expressing my profound sense of admiration to professor Cornel Goia for his tireless work as a chronicler of these incredible sufferings undergone in the Romanian political prisons to keep them away from this dreadful death that is OBLIVION Astride Two Worlds Teodor Gherasim, 2001-06-01 Astride Two Worlds is the story of my life the happy care free years of my early childhood in beautiful Bucovina the difficult and disturbing years of adolescence during WWII the harrowing cruel and hellish existence in Communist prisons in the 1950 s my eventual freedom to continue my studies and earn a living in Communist Romania my experiences in the West Italy and America This book is an account of one individual s struggle to achieve despite all obstacles leave to posterity an accurate and true record of man's inhumanity to man as experienced by me first hand during the

Communist regime and the cruel injustices of a life even in America in our own time Finally I try to rise above the historical and factual happenings and assuming certain conditions hopefully will materialize I predict a more equitable and happier future for both worlds East and West Second-hand Memories of the Communist Era Daniel Hanu, 2015 Romanian Women in Communist Prisons Grațian Cormoș, 2010 The Anti-humans Dumitru Bacu, 1984
