Memoir John McDonald, 2002 What has been largely unknown until now is that *My Years with General Motors* was almost not published. Although it was written with the permission of General Motors and slated for publication in October 1959 at the last minute General Motors tried to suppress the book out of fears that some of the material in it could become evidence in an antitrust action against the company. This book by John McDonald Sloan's ghostwriter tells the behind the scenes story of the book's writing, its attempted suppression and the lawsuit that eventually led to its publication. McDonald's narrative is partly the David and Goliath story of a lone journalist taking on the world's then largest corporation and partly a study of strategy in its own right. McDonald's struggle to publish the book led him to navigate a complicated course among the competing interests of General Motors, Fortune magazine, his employer and Time Inc.
