### **Standing Firm For Indonesia's**

**Democracy: An Oral History Of President Susilo Bambang Yudhoyono** Takashi Shiraishi, 2024-01-16 This book presents the first oral history of Indonesia's President Susilo Bambang Yudhoyono SBY 2004-2014. As the first directly elected president, he played a very important role in Indonesia's democratization. Indonesia's economy also got back on the path of growth under his administration. In a series of interviews, SBY tells how he handled military affairs in the 1990s, what he did as minister and coordinating minister under President Abdurrahman Wahid and President Megawati Sukarnoputri, challenges he confronted and how he managed those challenges in his administration. Readers will learn his thought about statecraft, his view of the future, his style of leadership and the critical decisions he made and the thinking that informed his decisions. Interviewed by a team of Indonesia specialists for more than 30 hours, the oral recording helps the reader understand President Yudhoyono's thinking in his own voice and also his policies and actions.

### **Managing Indonesia's**

**Transformation: An Oral History** Ginandjar Kartasasmita, 2013-01-28 Managing Indonesia's Transformation. An Oral History is an account of Ginandjar Kartasasmita's career in the Indonesian government both under President Suharto and in the post-Suharto era. Based on all the ministerial positions in which Kartasasmita has served the government, the book provides readers with candid insights into the domestic and international political and economic contexts in which decisions were made and how policies were formulated and implemented in Indonesia. The book contains many hours of interviews in which the author responds as frankly as he can to all sorts of questions from a group of scholars and specialists working on Indonesian politics and political economy with the understanding that the book is for those who want to understand Indonesian politics both past and present.

**Dragonflies** Christine Velde, 2015-08-25 This book explores the lives of prominent expatriates working in varying fields and aims to understand why they were drawn to Indonesia and examines their diverse but valuable contributions to Indonesia and its way of life. In doing so, it will facilitate a better understanding for readers in the East and the West regarding the contributions of prominent expatriates to Indonesia and their feelings towards a country which in many cases may have become their home. Dragonflies, which have been described as fantastic flyers darting, twisting, turning and transforming, are just like expatriates who have contributed to Indonesia in a variety of fields. Like dragonflies, they are also reminders that we can reflect light in powerful ways. They contribute to others by helping them to see through their misinterpreted illusions and allowing their own light to shine in a new vision like academics, artists, writers or entrepreneurs. Much of Indonesia outside of Jakarta and other major cities we found incredibly beautiful. The greatest attraction of the country was the pleasure of working with Indonesians who accepted me as a colleague rather than a dangerous foreigner who had to be kept at a distance. Over time, both my wife and myself became greatly attached to Indonesia both personally and professionally. Gustav Papanek: Living in Indonesia is very different to living in Australia. It has changed from the turbulent situation during the 1980s and 1990s and is now much more open and liberal. For most

foreigners living and working in Indonesia it takes time and effort to develop the skills and understanding that best enable them to operate in Indonesia Personally I have always found most Indonesians very welcoming David Hill I have acquired an enriched understanding of another culture I possess another language and this opens up the mind immeasurably rough speaking the language wI can get much closer to people and be a part of the decision making process I am more relaxed about life in general through my Indonesian experiences David Reeve I can sympathise with the idea of being a global citizen but believe that those with experiences of other cultures must be able to share these experiences and insights with members of their own culture Indonesia gains most value from me not when I think like an Indonesian but when I act like an Australian who knows and respects Indonesian culture and can present different and distinct perspectives on it to Australians and Indonesians alike Harry Aveling *Surfing Indonesia* Leonard Lueras,Lorca Lueras,2014-04-11 Surfing Indonesia A Search for the World s Most Perfect Waves is a guidebook to surfing at some of the most incredible surfing destinations in the world Explore the history of Indonesia surfing and gain some insight from surfers alike Surfing Indonesia takes you on a safari an ultimate surfers dream from the huge island of Sumatra in the west and Indonesia s Far East through Java Bali and Lombok Sumbawa Detailed maps of important surfing sites Insightful essays by surfers for surfers More than 120 action pumped photographs If you like surfing or you are an inspiring surfer this book will help guide you through the tips and tricks of the sport including travel advisories medical precautions and safety hazards signs And of course the spectacular views and places to surf in Indonesia are will be made aware to you *Barack Obama in Hawai'i and Indonesia* Dinesh Sharma,2011-09-22 Distinguishing itself from the mass of political biographies of Barack Obama this first interdisciplinary study of Obama s Indonesian and Hawai ian years examines their effect on his adult character political identity and global world view The first 18 years of President Obama s life from his birth in 1961 to his departure for college in 1979 were spent in Hawai i and Indonesia These years fundamentally shaped the traits for which the adult Obama is noted his protean identity his nuanced appreciation of multiple views of the same object his cosmopolitan breadth of view and his self rooted outpost patriotism Barack Obama in Hawai i and Indonesia The Making of a Global President is the first study to examine in fascinating detail how his early years impacted this unique leader Existing biographies of President Obama are primarily political treatments Here cross cultural psychologist and marketing consultant Dinesh Sharma explores the connections between Obama s early upbringing and his adult views of civil society secular Islam and globalization The book draws on the author s on the ground research and extensive first hand interviews in Jakarta Honolulu New York Washington DC and Chicago to evaluate the multicultural inputs to Obama s character and the ways in which they prepared him to meet the challenges of world leadership in the 21st century **Foreign Investment in Indonesia** Indonesia. *Face-veiled Women in Contemporary Indonesia* Eva F. Nisa, 2022-09-21

Face veiling is relatively new in Indonesia It is often stereotyped as a sign of extremism and the growing Arabisation of Indonesian Muslims It is also perceived as a symbol that demonstrates a lack of female agency However increasing numbers of women are choosing to wear the cadar the full face veil This book provides an ethnographic study of these women why they choose to wear the cadar embody strict religious disciplinary practices and the consequences of that choice The women in this book belong to two Islamic revivalist movements various Salafi groups and the Tablighi Jamaat Indonesia has constantly witnessed transformations in the meanings and practices of Islam and this book demonstrates that women are key actors in this process Nisa demonstrates that contrary to stereotypes the women in this study have an agency which is expressed through their chosen docility and obedience

*The Romance of K'tut Tantri and Indonesia* Timothy Lindsey, 2008

This historiographic study of K'tut Tantri alias Vannen Walker the journalist from the Isle of Man Muriel Pearson the unhappy wife and Surabaya Sue the notorious revolutionary compares her romantic and colorful autobiography *Revolt in Paradise* with other versions of her past including those of her fellow Bali colonists and her revolutionary comrades as well as her foes the Dutch and various intelligence organizations These alternative accounts of her past question the image of K'tut Tantri as hero portraying her instead as dishonest unstable egotistical and immoral Such criticisms have overshadowed proper recognition of her role in the development of modern Indonesia both as a bohemian hotelier in between wars Bali and later as propaganda broadcaster and adviser to Indonesian revolutionary leaders including Soekarno Sutomo and Syarifuddin

Focusing on the nature of biography and autobiography this book analyses K'tut Tantri s self defeating battle to use history in text and film script to define her identity and reappropriate her past An examination of the use of ideas of truth and fiction in understanding the past leads to broader consideration of the nature of history and its uses Finally an attempt is made to reconcile the deconstruction of K'tut Tantri s autobiography with both an acceptance of the validity of alternative historical genres and an acceptance of the problems inherent in writing a history of a living person

ABOUT THE AUTHOR Timothy

Lindsey is Professor of Law Director of the Asian Law Centre Director of the Centre for Islamic Law and Society and Federation Fellow in the Law School at the University of Melbourne     A. H. Nasution and Indonesia's Elites Barry Turner, 2017-11-17 This is an account of the military political and personal life of Abdul Haras Nasution who was a seminal figure in modern Indonesian history in the years prior to his effective sidelining in the 1960s He was an important commander during Indonesia's struggle for independence who rose to become a key leader of the Indonesian armed forces under the first president Sukarno Perhaps more significantly he developed ideas about guerrilla warfare that developed into a sophisticated and socially conservative doctrine for the mobilising of civilian communities This in turn became the underpinning of the repressive military backed New Order regime of Indonesia's second president Suharto who ruled from 1966 until 1998 and which Nasution initially supported Understanding Nasution's thinking about total people's resistance is therefore very important for understanding the broader trajectory of Indonesian political history That includes both the New Order and the emerging democratic regime that developed after its collapse The new political system that called itself the Reform Era was in many ways a direct reaction to the New Order military's penetration and close control of Indonesian society but it has never dismantled the shadow state structure of the armed forces that Nasution designed and Suharto perfected In other words as this book shows Nasution's legacy still looms large today in Jokowi's Indonesia This is not the first assessment of Nasution's life but it differs from earlier works by its investigation of Nasution's personal life and in particular his relationship with the well off and well connected Gondokusumo family of which he became a member by his marriage to Johana Sunarti Gondokusumo The author's thorough investigation of Nasution's relationship with Sunarti and her father offers important new insights into how Nasution's ideas evolved as does the translations of important extracts from Nasution's own voluminous writing included in the text     *The Chinese of Indonesia and Their Search for Identity* Aimee Dawis, 2009 This book examines how the Indonesian Chinese who were born after 1966 negotiate meanings about their culture and identity through their collective memory of growing up in a restrictive media environment that specifically curtailed Chinese language and culture The restrictive media environment was the result of a series of policies administered during the Suharto era 1965-1998 According to the regulations the Indonesian government closed all Chinese language schools and prohibited the use of Chinese characters in public places the import of Chinese language publications and all public forms and expressions of Chinese culture In the past century and particularly in the past decade much attention has been given to China and its rising status as a world economic power Scholarship on overseas Chinese has also shed light on their relationship with their mythic homeland China In their work scholars discovered that the Chinese of Southeast Asia have created a prominent economic political and cultural presence in countries such as Indonesia Malaysia and Singapore In the 1960s scholars such as George Kahin Ruth McVey and Benedict Anderson were drawn to the political upheavals in Indonesia and the various roles that the Chinese of Indonesia have played in the economic political and cultural arenas of

their country In later years Charles Coppel and Leo Suryadinata have published extensively on various aspects of the Chinese in Indonesia such as their religious affiliations and education Despite the considerable attention given to the Chinese of Indonesia scholars have not specifically studied through the lens of the media how a certain group of Chinese Indonesians grew up in a restrictive media and cultural environment during the 33 years when Indonesia was ruled by Suharto This book takes the first step in examining this generation s collective memory of growing up in a state controlled environment that has had a significant impact on their identity formation maintenance and the re negotiation of Chineseness in their everyday lives This book will appeal especially to media cultural studies and Southeast Asian studies scholars researchers and students

**The Politics of Migration in Indonesia and Beyond** Riwanto Tirtosudarmo, 2019-01-22 This book examines the social and political dimensions of migration from a perspective between the realms of demography and politics It approaches the issue of migration by highlighting the important power relations that have previously been neglected in studies in the area The book starts by investigating Indonesian migration to provide an understanding of internal migration It then looks beyond its national borders for a wider understanding of Asia and showcases several case studies both in Indonesia and beyond to illustrate the intricate politics of migration Further it considers the politics of migration from the sending country perspective and unravels the link between migration and security The book provides reviews of the wider literature relating to population mobility and distribution and shows readers how to adopt a new perspective in the study of movement of people an issue that is becoming increasingly important as movement of people unfolds globally in terms of both volume and direction This book is a valuable resource for students academics and researchers in the area of demography and social politics especially those interested in migration and refugees It also offers insights for those interested in understanding decentralization in greater depth
