same length of time too but are less demanding and easier to feed In fact they are ideal for people who can't get out much or don't want to keep meat in the fridge or even in the house as they are one hundred percent vegetarian If you don't know much about rabbits you could be forgiven for thinking that a rabbit is a rabbit but in fact there are 370 classes of rabbit according to UK and USA rabbit organisations and they come from 70 different countries So there is plenty of scope in size and colour Not only that but owners will tell you that each rabbit has its own distinctive personality much like a cat or a dog However in general we could say that rabbits are docile placid and friendly and don't appreciate rough handling or play Rabbits are also the third most popular pet in the UK and the fourth in the USA but third most popular with all age groups of twelve and above So you are in good company Translator Owen Jones PUBLISHER TEKTIME      **Invasive Species** United States.
