Mysteries Of Genesis:

The Mysteries of Genesis Charles Fillmore, 2013-10 This is a new release of the original 1936 edition **Mysteries of Genesis** Charles Fillmore, 2014-05-12 THE BOOK OF GENESIS is the key to the Bible In the New Testament it is quoted twenty seven times literally and thirty eight times substantially It tells in a very few words how God first imaged man and the universe and then turned the development over to Jehovah who has been in a process of manifestation for ages and aeons The Five Books of Moses of which Genesis is the first have always been credited to Moses but that he was the author seems doubtful in the face of the many stories of creation found in the legends and hieroglyphs of ancient Egypt Chaldea and other nations that are almost identical with those of Genesis It would thus seem that Moses edited the legends of the ages and compiled them into an allegorical history of creation The truths in this book will be revealed to the reader through his own spiritual unfoldment Spiritual things are spiritually discerned The spiritual revelations that you seem to get from books and teachers already existed as submerged experiences in your own soul The essential truths have been worked out in this or previous incarnations and when you were reminded of the buried idea it blazed forth as a light from without So all that you are or ever will be must come from your own spiritual achievements **Unlocking the Mysteries of Genesis** Henry M. Morris, 2016-07-26 Unlock the Mysteries of Faith and Science Have you wondered how the creation story in Genesis fits with the evolutionary theories of popular science You re not alone Many Christians wrestle with the seeming disparity between faith and science They want to believe the inerrancy of Scripture but it s difficult to reconcile the two Unlocking the Mysteries of Genesis seeks to resolve this conflict by answering key questions about the origin of human life the evidence left by the fossil record and how the findings of science line up with the Bible Using the most current research and data this visually stunning book takes readers on a journey that explores the wonders of God s creation through the lens of faith based science that clearly points to the authenticity and accuracy of the biblical creation account The compelling evidence you ll find as you study both Genesis and science will challenge your intellect and reinforce your faith **Unlocking the Mysteries of Genesis** Institute for Creation Research, 2014 P resents scientific evidence that confirms the biblical account of creation and dispels pervasive and inaccurate theories from the secular world By offering defensible answers to some of the most provocative and controversial questions of faith and science Unlocking the Mysteries of Genesis ignites confidence in God s inerrant Word by showing the harmony between science and Scripture Container **Mysteries of Genesis Illustrated** Charles Fillmore, 2020-10-23 The Book of Genesis is the key to the Bible In the New Testament it is quoted twenty seven times literally and thirty eight times substantially It tells in a very few words how God first imaged man and the universe and then turned the development over to Jehovah who has been in a process of manifestation for ages and aeons The Five Books of Moses of which Genesis is the first have always been credited to Moses but that he was the author seems doubtful in the face of the many stories of creation found in the legends and hieroglyphs of ancient Egypt Chaldea and other

nations that are almost identical with those of Genesis It would thus seem that Moses edited the legends of the ages and compiled them into an allegorical history of creation

The Mysteries of Creation Rocco A. Errico,1993-06-01 *Secret Teachings of Moses* Aunel va Daath,2025-01-01 Moses the great patriarch in the heart of Judaism Christianity and Islam wrote the first five books of the Bible or Tanakh perhaps the most influential books in Western history Yet because they were written in Hebrew a highly symbolic and deeply mystical language few have revealed the true meanings of the stories and events he described When you know the Hebrew letters and the structures of Kabbalah the secret teachings of Moses radiate with stark clarity and echo throughout the entire range of Jewish and Christian scriptures especially in the Gospels of Jesus This book focuses on the second chapter of Genesis Bereshit which establishes the foundation of the Jewish and Christian religions With this knowledge you can understand the true meaning of Adam and Eve the Garden of Eden the presence of the serpent and all of the rest of the teachings that follow these symbols Yet this is not merely scholarly theology by understanding what Moses actually wrote anyone can see the true basis of human suffering and how to change it

The Mysteries of the Apocalypse Christophe Hanauer,Jean-Marc Thobois,2022-04-26 Inspired by the complementary feature film Times of Fire as well as the documentary series The 7 churches of the Revelation The Mysteries of the Apocalypse offers a panoramic view to this subject that is both innovative and full of passion Page 4 of cover

The Secret Doctrine: Anthropogenesis Helena Petrovna Blavatsky,1902 UNLOCKING THE MYSTERIES OF GEN Institute for Creation Research,2016-09-28 Scripture Hunters Tsz Lung Ng,2022 *The Secrets & the Mysteries of Genesis* William John Meegan,2003 The author brings the reader thoughtfully into the mystical realm that has been esoterically written coded into antiquity s literature art works and monuments With the use of simple mathematical and linguistic patterns the scribes of antiquity had a far different spiritual and educational agenda in mind then that which is given on the surface of their literature and historical texts The ancient sages left behind libraries Hall of Records of their teachings outlining this spiritual esoteric science the Word of God hiding them in plain sight just beneath the surface of the world s literary religious and historical texts The true and authentic message emanating from the spiritual realm to the individual initiate is that no matter how intelligent the world proclaims itself to be it knows absolutely nothing about anything when compared to its wisdom The only way the scribes of antiquity could demonstrate that fact was to establish it on such a colossal worldwide scale the initiate would not even think of questioning its efficacy The sages of antiquity wanted to educate only the most sincere seekers in search of spiritual truth only those that had enough fleeing mentally from of the facade of the material existence that nothing would deter them from knowing the truth Using the esoteric hidden symbolism that is inherent in the facade of the material realm the ancients esoterically coded this spiritual science into their literature art works and monuments without leaving obvious clues to it existence rather they left common sense clues Most important this science would be there in the literature and sacred scriptures of the world waiting for those that really wanted to know the truth concerning their

human and spiritual condition This science was written for those that wanted it not for those that needed it By using the texts of the Hebrew Torah especially employing the 1st chapter of Genesis Dante Alighieri s 1265 1321 Divine Comedy the Great Pyramid and much more the author demonstrates the systematic and scientific utilization of archetypal motifs that literally permeates them with linguistic and mathematical scenarios which outlines a universal cosmic spiritual system of thought unknown to the religious and academic communities around the world in modern times There are many intriguing scientific discoveries outlining the esoteric science in this work The insights envisaged through this paradigm will become a treasure chest of spiritual ideas and milestones for the reader hopefully encouraging the initiate to search for ultimate spiritual truth via his or her own self motivated efforts and possibly even to become an individual that will enhance mankind s understanding of God s Word which I have defined and have come to acknowledge as the esoteric science This work will become the seminal textbook outlining the rudiments of the esoteric science and it will become the criterion by which all future generations will study hermeneutics in relationship to the literature art works and monuments of antiquity All future discoveries in this science will be judged by its standards

The Secret Doctrine, Volume I. Cosmogogenesis H. P. Blavatsky, 2021-11-16 The Secret Doctrine Volume I Cosmogogenesis H P Blavatsky The author the writer rather feels it necessary to apologize for the long delay which has occurred in the appearance of this work It has been occasioned by ill health and the magnitude of the undertaking Even the two volumes now issued do not complete the scheme nor do these treat exhaustively of the subjects dealt with in them A large quantity of material has already been prepared dealing with the history of Occultism as contained in the lives of the great Adepts of the Aryan Race and showing the bearing of Occult Philosophy upon the conduct of life as it is and as it ought to be Should the present volumes meet with a favourable reception no effort will be spared to carry out the scheme of the work in its entirety This scheme it must be added was not in contemplation when the preparation of the work was first announced As originally announced it was intended that The Secret Doctrine should be an amended and enlarged version of *Isis Unveiled* It was however soon found that the explanations which could be added to those already put before the world in the last named and other works dealing with Esoteric Science were such as to require a different method of treatment and consequently the present volumes do not contain in all twenty pages extracted from *Isis Unveiled*
