 Great Writers Volume 14 The New Era **About the Little People: Fairies, Elves, Dwarfs, and Leprechauns** Martin K.
 Ettington, I've written a number of books about legendary beings such as Bigfoot Dragons Thunderbirds Sea Monsters Giants
 and more I also wrote a book titled The Mythical People of Ireland which covered the Tuatha Da Danann Druids and
 Leprechaun elves The information I found for that book caused me to become more curious about the little people generally
 There are legends of the Little People all over the world Even more interesting is that a race of very small people who were
 close to three feet tall were uncovered recently in Indonesia This race is called the Flores Man and was of a similar size to
 the beings in many of the legends of the little people This find is amazing because none of the other legendary beings have
 confirmed evidence of those little people in archeological sites These findings add a lot of credibility to those old legends In
 this book we cover these little beings from different areas of the world This includes where they came from stories about
 them possibly coming from different dimensions and stories about sightings of them Hope you enjoy this adventure into what
 seems like it might be a real race of intelligent legends **The Kinetic** J. Risk, Fiercely loyal determined and packed in a
 tiny frame that is Kinsley She worked hard to prove herself as a guard and refuses to let anyone stop her Even if her mother
 is her largest and most vocal critic Stinging from her failure to keep everyone safe on the island she's utterly shocked to be
 promoted to the Royal Guard Now she's even more determined to get everything right and nothing will stand in her way
 Expecting to be involved with battles for the realm and protection of those with Alterealm blood she does not expect those
 challenges to be the smallest of the obstacles she will face But the last brother newly returned to the Royal family is the one
 thing she couldn't plan for What if your soulmate was born in a different realm The Alterealm Series is a paranormal romance
 in a fantasy otherworld setting with plenty of action and fate to decide their destinies The English Catalogue of Books
[annual] Sampson Low, 1904 Vols for 1898 1968 include a directory of publishers **The Encyclopedia of Out of Place**
Artifacts Martin K. Ettington, 2022-07-21 Out of Place Artifacts is a fascinating subject There are too many of these unusual
 objects for them to be fakes I've already written several books on this subject including Strange Objects Which Should Not
 Exist More Out of Place Objects and A 300 Million Year Old Civilization Existed on Earth In this book I've compiled
 everything I could find out about these unusual finds from my prior three books and additional research 54 artifacts are
 covered in detail I've included all of this information except that specifically related to Aliens and UFOs since that
 information is in my books on those topics The information here is presented in five parts Part A Artifacts Found in Historical
 Times Part B Very Ancient Objects to Millions of Years Old Part C A Civilization 300 Million Years Ago Part D Human
 Footprints in Rock Part E Artifacts of Undetermined Ages I hope you find all of this information as interesting as I do since it

The Fear of Failure Martin K. Ettington, In our modern society there are lots of pressures to succeed Whatever that means Most of us absorb the idea that we need to succeed in life and thus they have the corollary fear of failure One of my favorite movies is The Razor s Edge with Tyrone Powell It is the story of a young man in the 1920s who has the opportunity to make it big in conventional jobs but he isn t interested Instead he follows an alternative path which leads him to India where he seeks enlightenment His friends who followed the conventional career path experienced terrible lives when most of them were wiped out in the great depression Even one who made it big financially was mainly interested in earthly status which doesn t make a difference in the long run My point is that we need to be thoughtful about how we envision the future of our lives so we live life with meaning and don t have unrealistic expectations Thinking about life this way is the first way to avoid having a fear of failure In this book we review the reasons people have fears of failure persons who changed failure into success and how to modify our lives to change our fears of failure into a path for success and happiness *The United States Catalog* Mary Burnham,Carol Hurd,1928
