Messiah Full Score Classic Choral Works:

Four orchestral works Maurice Ravel, 1989-01-01 Although the moods may vary throughout these evocative works the elegance and subtly shifting energies of their musical language could only be those of Maurice Ravel Includes Rapsodie Espagnole Ravel's first entirely orchestral composition the magical Mother Goose Suite Valses Nobles et Sentimentales and Pavane for a Dead Princess **L'enfance du Christ, Op 25. in Full Score** Hector Berlioz, 1999-01-01 Unlike much of Berlioz music this meditation on the childhood of Christ is restrained lyrical and delicate The three part work is scored for seven solo voices chorus and orchestra combining dramatic action and theatricality with philosophical reflection and moments of serene contemplation The singing text appears in French and German **Complete piano transcriptions from Wagner's operas** Franz Liszt, Charles Suttoni, 1981-09-01 Liszt's reputation as the supreme pianist of the 19th century often overshadowed his other achievements including transcribing the works of such composers as Richard Wagner for the piano This collection features all 15 of Liszt's brilliant compositions of Wagnerian themes from Rienzi Flying Dutchman Tannhäuser Lohengrin Tristan and Isolde Parsifal and others from 1848 to 1882 *St. Matthew Passion in Full Score* Johann Sebastian Bach, 2013-06-10 Great choral masterpiece long considered the noblest most inspired musical treatment of the crucifixion of Christ Reprinted from the definitive Breitkopf & Härtel edition **Don Giovanni Vocal Score** Wolfgang Amadeus Mozart, 2004-01-01 Romance murder and revenge Don Giovanni offers an ingenious blend of comic and tragic elements in recounting the adventures of a dashing libertine whose trail of seductions and abandonments leads literally to hell Mozart's masterpiece a product of his inspired collaboration with poet Lorenzo da Ponte premiered to public and critical acclaim in 1787 Since then every great opera singer has assayed one or another of its leading roles and audiences around the world have delighted in its charms This addition to Dover's series of vocal scores for the world's most popular operas contains the complete music for voice with a piano reduction of the orchestral part Handsome and inexpensive it features large pages and clear type for easy reading Reproduced from an authoritative edition and including an English language version of the libretto this edition of Don Giovanni will prove an indispensable practical aid for soloists chorus members and rehearsal pianists *Auction catalogues of books* Puttick and Simpson (messrs.), 1846 **Dwight's Journal of Music** ,1859

Music and British Culture, 1785-1914 Christina Bashford, Leanne Langley, 2000 This book takes the themes and approaches of Professor Cyril Ehrlich's pathbreaking work on British social history in music as its inspiration In sixteen

substantial new essays all specially commissioned from cultural and musical historians it embraces the music marketplace piano culture musicians work patterns music institutions and audiences concert and repertoire history issues in performance criticism and reception gender and national and urban identities all with a clear focus on art music traditions significantly under treated by music scholars in this area The cultural importance of serious music from Belfast to Calcutta has long been assumed for the period but rarely demonstrated Here it is central interwoven with the social and economic realities confronting music people in Britain across the 19th century

Musical America ,1926 **The Music of Carl Philipp Emanuel Bach** David Schulenberg,2014 Of the four sons of J S Bach who became composers Carl Philipp Emanuel 1714 88 was the most prolific the most original and the most influential both during and after his lifetime This first full length English language study critically surveys his output examining not only the famous keyboard sonatas and concertos but also the songs chamber music and sacred works many of which resurfaced in 1999 and have not previously been evaluated The book also outlines the composer s career from his student days at Leipzig and Frankfurt Oder to his nearly three decades as court musician to Prussian King Frederick the Great and his last twenty years as cantor at Hamburg Focusing on the composer s choices within his social and historical context the book shows how C P E Bach deliberately avoided his father s style while adopting the manner of his Berlin colleagues derived from Italian opera A new perspective on the composer emerges from the demonstration that C P E Bach best known for his virtuoso keyboard works refashioned himself as a writer of vocal music and popular chamber compositions in response to changing cultural and aesthetic trends Supplementary texts and musical examples are included on a companion website David Schulenberg is professor of music at Wagner College and teaches historical performance at the Juilliard School He is the author of *The Music of Wilhelm Friedemann Bach* University of Rochester Press 2010

Die Walküre Richard Wagner,2005-01-01 It started as a single idea under the working title of Siegfried s Death and ended as an epic four opera cycle *Der Ring des Nibelungen* Inspired by the great Nordic and Germanic sagas Richard Wagner created a unique statement of the interplay between love and power a struggle he movingly expressed through recurrent motifs of yearning and loss *Die Walküre* the second opera in the series remains the most popular and frequently performed of the mighty Ring Cycle works From its gripping opening in which the hero finds himself weaponless in the house of his enemy to its heartrending finale a father s final farewell to his favorite daughter generations of listeners have thrilled and swooned to this story and its magical music First performed as part of the complete Ring Cycle in 1876 at the grand opening of the Bayreuth Festival Theatre *Die Walküre* boasts one of opera s best known passages the exhilarating Ride of the Walküre This vocal score of the complete opera with lyrics in both German and English features a piano reduction of the orchestral part and is ideal for study rehearsal and concert performances

The Musical

World ,1847 *The Essential Classical Recordings* Rick Phillips,2012-12-18 Most guides to classical recordings on CD comprise thousands of brief listings In their attempt to be comprehensive they end up being heavy and intimidating Phillips knows better He sticks to what he considers to be the 101 essential CDs and tells readers not only why each one is the best recording in his opinion but also why this piece of music belongs in their collection and where the composer fits into the evolution of classical music Read consecutively the recommendations from medieval Gregorian chant to Arvo Pärt's *Fratres* written in 1977 form a dazzling and concise history of classical music Bach Beethoven and Mozart are here of course along with other beloved but lesser known composers such as Josquin Desprez Anton Bruckner and Gabriel Faur And popular pieces such as Bach's Brandenburg Concertos Handel's *The Water Music* and Elgar's *Enigma Variations* are complemented by such less familiar but outstanding compositions as the *Turangalila* Symphony by Olivier Messiaen Connoisseurs and die hard listeners to *Sound Advice* will appreciate having Phillips's recommendations of specific recordings and their catalogue numbers between two covers at long last And those who are just starting to explore the rich world of classical music will soon discover that Phillips is a guide they can trust **Modern Music and Musicians for Vocalists: Song classics** ,1918
