Mergers And Acquisitions Basics All You Need To Know:

Mergers and Acquisitions Basics Donald DePamphilis, 2010-10-29 *Mergers and Acquisitions Basics All You Need to Know* provides an introduction to the fundamental concepts of mergers and acquisitions. Key concepts discussed include M legal structures and strategies employed in corporate restructuring, takeover strategies and the impact on corporate governance, takeover defenses and players who make mergers and acquisitions happen. The book also covers developing a business plan and the tools used to evaluate, display and communicate information to key constituencies both inside and outside the corporation, the acquisition planning process, the negotiation, integration, planning and closing phases, financing transactions and M A post merger integration. This book is written for buyers and sellers of businesses, financial analysts, chief executive officers, chief financial officers, operating managers, investment bankers and portfolio managers. Others who may have an interest include bank lending officers, venture capitalists, government regulators, human resource managers, entrepreneurs and board members. The book may also be used as a companion or supplemental text for undergraduate and graduate students taking courses on mergers and acquisitions, corporate restructuring, business strategy, management, governance and entrepreneurship. Describes a broad view of the mergers and acquisition process to illustrate agents' interactions. Simplifies without overgeneralizing. Bases conclusions on empirical evidence, not experience and opinion. Features a recent business case at the end of each chapter.

Cross-Border Mergers and Acquisitions Mohammad Bedier, 2018-09-28 This book provides the reader with an overview of the origin of corporations and the history of mergers and acquisitions. It demystifies the dynamics of mergers and identifies the unique impediments facing cross border mergers and acquisitions with great attention to the pre merger control laws and regulations in several regions: US, EU and Middle East. Most importantly, it discusses and assesses merger deregulation and other key reforming proposals.

Mergers, Acquisitions, and Other Restructuring Activities Donald DePamphilis, 2011-08-22 Two strengths distinguish this textbook from others. One is its presentation of subjects in the contexts wherein they occur. The other is its use of current events. Other improvements have shortened and simplified chapters, increased the numbers and types of pedagogical supplements and expanded the international appeal of examples.
