Handbook of Teaching and Learning Persian as a Second Language Hooman Saeli, 2025-09-26 This collection explores relevant pedagogical and sociolinguistic topics in the teaching and learning of Persian as a foreign and second language Owing to the dearth of research in many areas pertaining to the teaching and learning of Persian this handbook provides empirically supported insights into various aspects of these areas While the literature on teaching and learning Persian is growing the field lacks a cohesive collection on Persian as a foreign second language The book addresses issues pertaining to the standardization and validation of teaching and assessment methods which remain under explored in the contexts of teaching and learning Persian It also covers the teaching of Persian pragmatics the use of corpora as well as a range of

different areas within linguistics including phonetics prosody and historical linguistics This comprehensive collection contributes substantially to the scientific study of many aspects of teaching and learning Persian which have been neglected for decades A must have text in Persian language pedagogy and Persian sociolinguistics it an essential book for those in teaching and learning in Persian language programs worldwide **Persuasion in Public Discourse** Jana Pelclová, Wei-lun Lu, 2018-08-08 This book approaches persuasion in public discourse as a rhetorical phenomenon that enables the persuader to appeal to the addressee s intellectual and emotional capacities in a competing public environment The aim is to investigate persuasive strategies from the overlapping perspectives of cognitive and functional linguistics Both qualitative and quantitative analyses of authentic data including English Czech Spanish Slovene Russian and Hungarian are grounded in the frameworks of functional grammar facework and rapport management classical rhetoric studies and multimodal discourse analysis and are linked to the constructs of re framing conceptual metaphor and blending mental space and viewpoint In addition to traditional genres such as political speeches news reporting and advertising the book also studies texts that examine book reviews medieval medical recipes public complaints or anonymous viral videos Apart from discourse analysts pragmaticians and cognitive linguists this book will appeal to cognitive musicologists semioticians historical linguists and scholars of related disciplines **The Handbook of Language Emergence** Brian MacWhinney, William

O'Grady, 2018-05-01 This authoritative handbook explores the latest integrated theory for understanding human language offering the most inclusive text yet published on the rapidly evolving emergentist paradigm Brings together an international team of contributors including the most prominent advocates of linguistic emergentism Focuses on the ways in which the learning processing and structure of language emerge from a competing set of cognitive communicative and biological constraints Examines forces on widely divergent timescales from instantaneous neurolinguistic processing to historical changes and language evolution Addresses key theoretical empirical and methodological issues making this handbook the most rigorous examination of emergentist linguistic theory ever **Metaphors of ANGER across Languages:**

Universality and Variation Zoltan Kövecses, Réka Benczes, Veronika Széld, 2024-11-04 Anger is one of the basic emotions of human emotional experience informing and guiding many of our choices and actions Although it has received considerable scholarly attention in a number of disciplines including linguistics a basic question has still remained unresolved why do variations in the folk model of anger exist across languages if it is indeed a basic emotion rooted in largely universal bodily experience By drawing on a wide selection of comparable linguistic data from dozens of languages including a number of less researched languages this volume provides the most comprehensive account of what is universal and what is variable in the folk model of anger and why It also investigates the role that metonymies might play in the emergence of anger related metaphors and in what ways context influences or shapes anger metaphors and thereby the resulting folk model of anger No such volume exists in the cognitive linguistic literature on anger or on emotions for that matter The book is thus an essential

contribution to the study of anger and will serve as basic reading for any researcher interested in how the conceptualization of anger is constructed via the interplay of bodily experience language and the larger cultural context *African Perspectives on Literary Translation* Judith Inggs, Ella Wehrmeyer, 2021-03-02 This collection serves as a showcase for literary translation research with a focus on African perspectives highlighting theoretical and methodological developments in the discipline while shedding further light on the literary landscape in Africa The book offers a framework for understanding key approaches and topics in literary translation situated in the African context covering foundational concepts as well as new directions within the field The first half of the volume focuses on the translation product exploring such topics as translation strategies literary genres and self translation while the second half examines process and reception allowing for an in depth look at agency habitus and ethics Each chapter is structured to allow for the introduction of a given theoretical aspect of literary translation followed by a summary of a completed research project with an African focus showing theory in practice offering a model for readers to build their own literary translation research projects while also underscoring the range of perspectives and unique challenges to literary translation work in Africa This unique volume is a key resource for students and scholars in translation studies giving visibility to African perspectives on literary translation while pointing the way forward for future research directions

The Politics of Climate Change Metaphors in the U.S. Discourse Othman Khalid Al-Shboul, 2023-02-28 This book uses critical metaphor analysis to show from a cognitive perspective how climate change is conceptualized in the USA The author enriches his linguistic analysis with cognitive aspects such as source target domain mapping and metaphor opposition to explain how metaphor works in terms of framing this issue drawing on a Critical Discourse Analysis informed framework to demonstrate how politicians represent the climate crisis in their attempts to trigger social change Using a data set of speeches given by US based politicians governors and mayors speaking in the context of the withdrawal of the United States from the Paris Agreement the book categorizes metaphors on different conceptions such as war construction unfairness journey and cleanliness to bridge the gap between ecolinguistics and critical metaphor analysis This book will be of interest to students and scholars in fields including applied linguistics political communication ecolinguistics and cognitive linguistics and psychology

Yearbook of Corpus Linguistics and Pragmatics 2016 Jesús Romero-Trillo, 2016-12-23 The present volume of the Yearbook of Corpus Linguistics and Pragmatics series presents cutting edge corpus pragmatics research on language use in new social and educational environments The Yearbook of Corpus Linguistics and Pragmatics offers a platform to scholars who carry out rigorous and interdisciplinary research on language in real use Corpus Linguistics and Pragmatics have traditionally represented two paths of scientific research parallel but often mutually exclusive and excluding Corpus Linguistics can offer a precise methodology based on mathematics and statistics while Pragmatics strives to interpret intended meaning in real language This series will give readers insight into how pragmatics can be used to explain real corpus data and how corpora

can illustrate pragmatic intuitions **Wisdom Epistemology in the Psalter** John Kartje, 2014-10-14 We present a comparative epistemological analysis of the wisdom motifs in Psalms 1 73 90 and 107 These texts were selected on the basis of their epistemological content each confronts the relationship between virtue and prosperity and their canonical placement within the Psalter each begins one of the Psalter's five Books We explore the implications of their respective epistemological features for our understanding of the canonical structure of the Psalter After developing a diagnostic method for the identification and analysis of the epistemological features within a biblical text we apply it to each of the four psalms and discuss their epistemological qualities with respect to their canonical placement in the Psalter We find that an epistemic progression develops across the canonical ordering of the four psalms While the psalmists are increasingly forthright in acknowledging the moral paradox that the righteous often suffer while the wicked can prosper they engage this paradox with ever more sophisticated responses Although Yhwh is ultimately the source of all wisdom human beings can facilitate their acquisition of knowledge by seeking him out intentionally by questioning him directly and by observing him with a heart focused on learning **The Bloomsbury Companion to Cognitive Linguistics** Jeannette Littlemore, John R. Taylor, 2014-06-19 The Bloomsbury Companion to Cognitive Linguistics is a comprehensive and accessible reference resource to research in contemporary cognitive linguistics Written by leading figures in the field the volume provides readers with an authoritative overview of methods and current research topics and future directions The volume covers all the most important issues concepts movements and approaches in the field It devotes space to looking specifically at the major figures and their contributions It is a complete resource for postgraduate students and researchers working within cognitive linguistics psycholinguistics and those interested more generally in language and cognition *Power in Language, Culture, Literature and Education* Marta Degani, Werner Delanoy, 2023-04-24 In one of the contributions to this edited volume an interviewee argues that English is power For researchers in the field of English Studies this raises the questions of where the power of English resides and which types and practices of power are implied in the uses of English Linguists scholars of literature and culture and language educators address aspects of these questions in a wide range of contributions The book shows that the power of English can oscillate between empowerment and subjection on the one hand enabling humans to develop manifold capabilities and on the other constraining their scope of action and reflection In this edited volume a case is made for self-critical English Studies to be dialogic empowering and power-critical in approach **Machines, Bodies and Invisible Hands** Stefano Fiori, 2021-10-23 What was Adam Smith's intellectual laboratory How did his economic theory take shape Were his metaphors of order only residual and ornamental expressions This book answers these questions by analyzing the formation of the concepts of market and social order in Adam Smith's work by considering various aspects of his approach It analyzes how metaphors and pre-analytical concepts influenced Smith's theory In line with studies that deal with the cognitive role of metaphors in science this book suggests that in Smith's work metaphors provided a framework on which

basis the theory subsequently developed Therefore as such they were part of that intellectual process which made possible the formation of structured concepts The content and scope of the book permits a more comprehensive interpretation of Smith s thought in which many aspects of his work are taken into consideration in order to explain a crucial problem for Smith the nature and causes of social and economic order The book also shows that in general formation of theories is a complex process that includes pre analytical views as non residual parts of inquiry **Metaphors and Norms** Stefan Larsson,2011 *Plant Metaphors in Prophetic Condemnations of Israel and Judah* Tina M. Sherman,2023-11-17 Tina M Sherman offers a first of its kind detailed analysis of prophetic passages that depict people as plants from grasses and grains to fruit trees and grapevines examining how the biblical authors exploited these metaphors to portray the condemnation and punishment of Israel and Judah in terms of the everyday work of crop farming and plant husbandry Additionally she explores how the prophetic authors employed plant imagery to construct national identities that emphasize the people s collective responsibility for the kingdoms fate Plant Metaphors in Prophetic Condemnations of Israel and Judah demonstrates the usefulness of combining conceptual metaphor theory with aspects of frame semantics in the analysis of patterns of thought and expression in biblical metaphor
