### **Middle Distance Running Classic Revival:**

**Great Lengths** Jonathan Kalb, 2011-10-06 Reading this book is certainly a vigorous experience Kalb's sense of nuance unpredictability and the complexity of perception brings these productions to life He is our surrogate our scapegoat even enduring the length of these productions so that he can convey the essence of their power Stanton B Garner Jr University of Tennessee Jonathan Kalb takes us on a tour of monumental theater events which flaunt the rules of economy Aristotelian and otherwise Kalb captures these unwieldy marathon productions by skillfully mixing personal experience and scholarly analysis I read this engaging book in a single sitting and came away ready to join the first theater marathon I could find Martin Puchner Harvard University Jonathan Kalb's *Great Lengths* leaps to the head of any class in theatre history Rich with critical perspective of marathon works by Peter Brook Tony Kushner Robert Wilson and others and written with panache and lucidity Kalb's book is filled with suspense as he describes and demystifies more than the post modern and post dramatic haunting recent theatre This is history as present event embracing the Greeks Shakespeare and even Charles Dickens Gordon Rogoff Yale University We know that size matters in many areas of human endeavor but what about works of the imagination Why do some dramatic creations extend to five hours or more and how does their extreme length help them accomplish extraordinarily ambitious aims In *Great Lengths* theater critic and scholar Jonathan Kalb addresses these and other questions through a close look at seven internationally prominent theater productions including Tony Kushner's *Angels in America* Robert Wilson's *Einstein on the Beach* and the Royal Shakespeare Company's *Nicholas Nickleby* This is a book about extreme length monumental scope and intensive immersion in the theater in general written by a passionate spectator reflecting on selected pinnacles of his theatergoing over thirty years The book's examples deliberately chosen for their diversity range from adapted novels and epics to dramatic chronicles with macrohistorical and macropolitical implications to stagings of super size classic plays to postdramatic works that negotiate the border between life and art Kalb reconstructs each of the works re-creating the experience of seeing it while at the same time explaining how it maintained attention and interest over so many hours and then expanding the scope to embrace a wider view and ask broader questions The discussion of *Nicholas Nickleby* for example considers melodrama as a basic tool of theatrical communication and the section on Peter Brook's *The Mahabharata* explores the ethical problems surrounding theatrical exoticism The chapter on *Einstein on the Beach* grows into a reflection on the media age status of the much debated Gesamtkunstwerk or total artwork and a reassessment of the long avant gardist tradition of challenging the primacy of rational language in theater The essay on Peter Stein's *Faust I II* becomes a reflection on the interpretive role of theater directors and the theatrical viability of antitheatrical closet drama *Great Lengths* thus offers a remarkable panorama of the surprisingly broad field of contemporary marathon theater an art form that diverse audiences of savvy screen weaned spectators continue to seek out for the increasingly rare experiences of awe transcendence and sustained immersion that it provides *Great Lengths* will appeal to general readers as well as theater

specialists It situates the chosen productions in various historical and critical contexts and engages with the many lively scholarly debates that have swirled around them At the same time it uses the productions as springboards for wide ranging reflections on the basic purpose and enduring power of theater in an attention challenged media saturated era

*The First London Olympics: 1908* Rebecca Jenkins,2011-08-25 In the summer that saw the first successful flight of the Zeppelin a 140 acre site of scrubland in West London was transformed into the White City which housed the 1908 Franco British Exhibition and a state of the art stadium built to house the first London Olympics The Olympics were organised by volunteers in just 18 months and at a fraction of the cost of the modern Olympics and yet just as today the sport was overshadowed by doping scandals and caused international uproar The ferocious competitiveness of a US team dominated by New York Irish Americans led to a

succession of scandals culminating in the historic marathon when Italian confectioner baker Dorando Pietri's heroic efforts at the limits of exhaustion so entranced onlookers that track officials helped him across the finish line Coinciding with the 100th Anniversary of the first London Olympics this delightful social and sporting history illustrated with over 70 contemporary images provides a thought provoking contrast to the forthcoming 2012 Olympic Games *For the Mid-city/westside Transit Corridor Project; Wilshire Bus Rapid Transit & Exposition Transitway, Los Angeles, Beverly Hills, Culver City, Santa Monica* ,2005 **The Encyclopædia Britannica** Hugh Chisholm,James Louis Garvin,1926 *The Encyclopaedia Britannica* Hugh Chisholm,1911 The Complete Book of 2000s Broadway Musicals Dan Dietz,2017-04-06 In the first decade of the twenty first century Broadway was notable for old fashioned feel good shows Hairspray Jersey Boys a number of family friendly musicals Little Women Mary Poppins plenty of revivals Follies Oklahoma Wonderful Town a couple of off the wall hits Avenue Q Urinetown several gargantuan flops Dance of the Vampires Lestat and a few serious productions that garnered critical acclaim The Light in the Piazza Next to Normal Unlike earlier decades which were dominated by specific composers by a new form of musical theatre or by numerous British imports the decade is perhaps most notable for the rise of shows which poked fun at the musical comedy form such as The Producers and Spamalot In The Complete Book of 2000s Broadway Musicals Dan Dietz examines in detail every musical that opened on Broadway from 2000 through the end of 2009 This book discusses the era's major successes notorious failures and musicals that closed during their pre Broadway tryouts In addition to including every hit and flop that debuted during the decade this book highlights revivals and personal appearance revues with such performers as Patti LuPone Chita Rivera and Martin Short Each entry contains the following information Plot summaryCast membersNames of all important personnel including writers composers directors choreographers producers and musical directorsOpening and closing datesNumber of performancesCritical commentaryMusical numbers and the performers who introduced the songsProduction data including information about tryoutsSource materialTony awards and nominationsDetails about London and other foreign productionsBesides separate entries for each production the book offers numerous appendixes including a discography filmography and published scripts as well as lists of black themed shows and Jewish themed productions This comprehensive book contains a wealth of information and provides a comprehensive view of each show The Complete Book of 2000s Broadway Musicals will be of use to scholars historians and casual fans of one of the greatest decades in musical theatre history **The Lincoln Highway Forum** ,1917 The Encyclopædia Britannica ,1911 The Encyclopaedia Britannica: Ref to Shu ,1911 *The Encyclopaedia Britannica: Refectory-Sainte Beuve* ,1911 The last great work of the age of reason the final instance when all human knowledge could be presented with a single point of view Unabashed optimism and unabashed racism pervades many entries in the 11th and provide its defining characteristics Despite its occasional ugliness the reputation of the 11th persists today because of the staggering depth of knowledge contained within its volumes It is especially strong in its biographical
