

The background of the notebook cover features a close-up, slightly blurred photograph of a chemistry laboratory. In the foreground, a series of glass test tubes are arranged diagonally, each containing a small amount of bright orange liquid. A glass dropper is positioned above the topmost test tube, with a single drop of the same orange liquid about to fall into it. The lighting is warm, creating a golden-orange glow across the scene. The spiral binding of the notebook is visible along the left edge.
