challenges myths and reconceptualizes male sex work as a discrete field. Importantly, it provides a vehicle for the voices of male sex workers and new and established scholars. This richly detailed, humane, and innovative collection retrieves male sex work from silence and invisibility on the one hand and its association with scandal and stigma on the other. The findings within have profound implications for how governments approach public health and regulation of the sex industry and for how society can make sense of the complexities of human sexualities. A compelling scholarly read and a major contribution to a commercial sector that is often neglected in policy debates on sex work, this handbook will be of great interest to scholars of criminology, sociology, gender studies, and cultural studies, and all those interested in male sex work. **America on Film**

Harry M. Benshoff, Sean Griffin, 2021-04-06. A comprehensive and insightful examination of the representation of diverse viewpoints and perspectives in American cinema throughout the 20th and 21st centuries. *America on Film: Representing Race, Class, Gender, and Sexuality at the Movies*, now in its third edition, is an authoritative and lively examination of diversity issues within American cinema. Celebrated authors and academics Harry M. Benshoff and Sean Griffin provide readers with a comprehensive discussion and overview of the industrial, socio-cultural, and aesthetic factors that contribute to cinematic representations of race, class, gender, sexuality, and ability. The book incorporates several different theoretical perspectives, including film genre, auteurism, cultural studies, Orientalism, the male gaze, feminism, and queer theory. The authors examine each selected subject via representative films, figures, and movements. Each chapter also includes an in-depth analysis of a single film to illuminate and inform its discussion of the chosen topic. *America on Film* fearlessly approaches and tackles several controversial areas of representation in film, including the portrayal of both masculinity and femininity in film and African and Asian Americans in film. It devotes the entirety of Part V to an analysis of the depiction of sex and sexuality in American film, with a particular emphasis on the portrayal of homosexuality. Topics covered include the structure and history of American filmmaking, including a discussion of the evolution of the business of Hollywood cinema; African Americans and American film, with a discussion of *BlackKlansman*; informing its examination of broader issues; Asian, Latin, and Native Americans on film; Classical Hollywood cinema and class, with an in-depth examination of *The Florida Project*; Women in classical Hollywood filmmaking, including a discussion of the 1955 film *All that Heaven Allows*. Perfect for undergraduate and graduate students in film, media, and diversity-related courses, the book also belongs on the shelves of anyone interested in diversity issues in the context of American studies, communications history, or gender studies. Lastly, it's ideal for use within corporate diversity training curricula and human relations training within the entertainment industry. **There Are Places**

I Remember Michael Frank, 2016-09-12. Every one of us has watched television shows, movies, and listened to our favorite songs, but how many of us have wondered how they've affected and influenced us? Do we still have a fondness for the mediums we enjoyed as a child, or do we outgrow the past? As an adult, is it easier or harder to accept the past or embrace the future?

The Wedding Spectacle Across Contemporary Media and Culture Jilly Boyce Kay, Melanie Kennedy, Helen

Wood,2019-10-24 This book interrogates the hyper visibility and stubborn endurance of the wedding spectacle across media and culture in the current climate The wide ranging chapters consider why the symbolic power of weddings is intensifying at a time when marriage as an institution appears to be in decline and they offer new insights into the shifting and complex gender politics of contemporary culture The collection is a feminist project but does not straight forwardly renounce the wedding spectacle Rather the diverse contributions offer close analyses of the myriad forms and practices of the wedding spectacle from reality television and cinematic film to wedding videography and bridal boutiques Drawing on feminist and queer theory the chapters illuminate the paradoxes contradictions disappointments cruelties and pleasures that are intimately bound up with the wedding spectacle Written by leading and emerging feminist scholars the chapters range across different national and cultural contexts to explore how the gender politics of weddings are changing and adapting to a new cultural and social landscape This in depth analysis of the wedding spectacle will appeal to academics and researchers in the fields of gender and mass media cultural studies feminist studies and intercultural communication After "Happily Ever After" Maria San Filippo,2021-05-18 This volume is intended for all readers with an interest in film media and gender studies
