Options on Atonement in Christian Thought Stephen Finlan, 2007 In his previous book *Problems with Atonement* Stephen Finlan compellingly argues that the doctrine of atonement has been more a stumbling block to a true understanding of the relationship between God and humanity than a genuine explanation of how we relate to God and God to us *Options on Atonement* reprises these arguments briefly then looks more closely at the solutions to the problem offered by a variety of modern interpreters Finlan's focus in this volume is on revelation on the gradual human absorption of and interpretation of revelation received from God the maturing of human cultures and especially the light shed by modern family systems psychology At a time when public debates rage over the notion of evolution in the natural world this book asserts that our understanding of divine revelation is likewise subject to evolution If religion itself does not evolve the author asserts we are left only with an unsatisfactory choice to remain mired in the past or to repudiate all that is past including our Scriptures Will that be our choice Or can we resolve to examine our traditions including that of the atonement in the light of new knowledge Stephen Finlan chooses to do just that *Problems with Atonement* Stephen Finlan, 2005 Examines the origins and outcomes of the Christian doctrine of atonement its biblical foundations development and theological questions surrounding it including questions about its relationship to the Incarnation Provided by publisher

A Pauline Theology of Justification James B. Prothro, 2023-02-21 Paul's teaching about justification is always important for understanding the apostle and for Christian theology And for that same reason it is always debated James B Prothro's book looks at the apostle's words about righteousness faith the Mosaic law and life in Christ to connect the dots of Paul's thought and to bring Paul into dialogue with major theological traditions He offers an account of justification that is both forensic and thoroughly participatory God's gift of forgiveness friendship and new life in Christ through the Spirit

Christian Theology in the Pluralistic World Veli-Matti Kärkkäinen, 2019-06-20 Kärkkäinen's acclaimed five volume constructive theology abridged in one accessible volume Providing a new and unique way of doing theology in our pluralistic world Veli-Matti Kärkkäinen presents historic Christian doctrines in relation to the natural sciences and four other living faiths Judaism Islam Buddhism and Hinduism This textbook covers all systematic topics along with a host of current issues such as violence colonialism inclusivity sociopolitical liberation environmental care and more Accessible and student friendly *Christian Theology in the Pluralistic World* is the ideal text for exploring a theological vision at once rooted in the Christian tradition and constructive in its engagement with the complexities of our global pluralistic world *The Apostle Paul and the Pauline Tradition*

Stephen Finlan, 2017-06-15 Much of the popular understanding of the apostle Paul has been shaped not by Paul's letters themselves but by the Acts of the Apostles This understanding many believe leads to misunderstanding Paul's theology In *The Apostle Paul and the Pauline Tradition* Stephen Finlan takes a new approach focusing on the letters themselves He views the Pauline tradition as including the teachings and writings of Paul himself the assimilation and often simplification of Paul's

ideas by those who followed him and then wrote letters in his name and the final form of the letters the church has labeled as Paul's. Through this broad shifting and expanding notion of tradition readers will explore with Finlan such questions as What did Paul really think and write about Jesus redemption and the Christian life Who were the original audiences that first received these texts How and how much did Paul's followers change his ideas in the letters they wrote for him Finlan is convinced that this educated questioning and investigating becomes a valid part of the life of faith not replacing faith but joined to it Through his accessibly written text readers in the end will understand and agree Stephen Finlan PhD is an adjunct professor at Drew University and has taught at Fordham He is also author of *Problems with Atonement and Options on Atonement in Christian Thought* both published by Liturgical Press as well as *The Background and Content of Paul's Cultic Atonement Metaphors* SBL and Brill 2004

The Life of the Virgin, 2012-05-29 Long overlooked by scholars this seventh century Life of the Virgin attributed to Maximus the Confessor is the earliest complete Marian biography Originally written in Greek and now surviving only in Old Georgian it is now translated for the first time into English It is a work that holds profound significance for understanding the history of late ancient and medieval Christianity providing a rich source for understanding the history of Christian piety This Life is especially remarkable for its representation of Mary's prominent involvement in her son's ministry and her leadership of the early Christian community In particular it reveals highly developed devotion to Mary's compassionate suffering at the Crucifixion anticipating by several centuries an influential medieval style of devotion known as affective piety whose origins generally have been confined to the Western High Middle Ages

Cruel God, Kind God Zenon Lotufo Jr., 2012-04-13 This enlightening analysis of the image of a cruel God sustained by conservative Christianity reveals how this image formed the psychological effects of this concept and the ways in which it has guided religious individuals in both positive and negative ways This book is born in large measure as a result of a writing by contemporary theologian J Harold Ellens In his essay *Religious Metaphors Can Kill* from Praeger's *The Destructive Power of Religion* Ellens espouses that theological doctrines are rooted in a model of God that determines all the aspects of those doctrines and strongly influences the cultures into which it is inserted Conservative Christianity in the Western world says Ellens has at its center the image of a cruel and wrathful God The juridical atonement theory of Anselm is a result of such an image of God and has an important role in justifying the resort to violence in human interaction Starting from these considerations Cruel

God Kind God How Images of God Shape Belief Attitude and Outlook analyzes three general topics how two very different kinds of Christianities have emerged from these disparate images of God how the doctrines of original sin the plan of salvation and penal substitution can be explained by psychological factors as can the wide dissemination and acceptance of these doctrines and how the image of a cruel God affects mental health atrophies personality and produces guilt and shame

Killing Enmity Thomas R. Yoder Neufeld, 2011-06-01 Is the New Testament inherently violent In this book a well regarded New Testament scholar offers a balanced critical assessment of charges and claims that the Christian scriptures encode instigate or justify violence Thomas Yoder Neufeld provides a useful introduction to the language of violence in current theological discourse and surveys a wide range of key ethical New Testament texts through the lens of violence nonviolence He makes the case that contrary to much scholarly opinion the New Testament is not in itself inherently violent or supportive of violence instead it rejects and overcomes violence Published in the UK by SPCK as *Jesus and the Subversion of Violence Wrestling with the New Testament Evidence* *Jesus and the Temple* Simon J. Joseph, 2016-01-08 Most Jesus specialists agree that the Temple incident led directly to Jesus arrest but the precise relationship between Jesus and the Temple's administration remains unclear Jesus and the Temple examines this relationship exploring the reinterpretation of Torah observance and traditional Temple practices that are widely considered central components of the early Jesus movement Challenging a growing tendency in contemporary scholarship to assume that the earliest Christians had an almost uniformly positive view of the Temple's sacrificial system Simon J. Joseph addresses the ambiguous inconsistent and contradictory views on sacrifice and the Temple in the New Testament This volume fills a significant gap in the literature on sacrifice in Jewish Christianity It introduces a new hypothesis positing Jesus enactment of a program of radically nonviolent eschatological restoration an orientation that produced Jesus conflicts with his contemporaries and inspired the first attributions of sacrificial language to his death

Explaining Evil J. Harold Ellens, 2011-02-18 In this three volume set international scholars from across a broad spectrum of scholarly fields examine the concept of evil throughout history and world cultures from religious scientific psychological and political perspectives The manifestation of evil has provided a convenient theme for popular culture entertainment ranging from the classic film *The Exorcist* to almost all of Stephen King's horror novels to video games such as *Resident Evil* Unfortunately dealing with and attempting to overcome the forces of evil is a pervasive problem in the real world as well *Explaining Evil* addresses incidents of evil from ancient times to modern day around the globe Concepts of evil within the big three religions Christianity Judaism and Islam are examined as well as in Chinese philosophy and Native American beliefs The political or national expressions of evil are explored such as the axis of evil that culminated in World War II These volumes identify the causes and effects of evil and suggest possible remedies to

want to tackle anything topical The contentious subjects tend to be the historical Jesus gender and sexuality or the atonement Other subjects might be less contentious but attract an astonishing excess of literature Take the vast literature tackling the subject of the Church for instance or the bloated body of tomes on various aspects of Pneumatology This book tries to provide the bewildered and intimidated student with a primer that is at once introductory and incisive approachable and informative It will help those training for ministry to recover their fascination for the subject of theology and how it could apply to their future ministry Subjects covered include The Quests for the Historical Jesus Third Article Theology The Missional Church Liberation Theology Feminist LGBT and Queer Approaches Postmodern Faith and the Emerging Church Nonviolent Atonement

A Nonviolent Theology of Love Sharon L. Baker Putt, 2021-02-02 The impetus behind the ease with which the church has periodically justified violent behavior lies in its conceptual image of God as a violent deity This book emerges out of a passion to think differently albeit biblically about the character of God and articulates a theological construction of a nonviolent God an alternative to any image of God that seems to condone human violence It calls the church to rethink theology as something other than what might be termed redemptive violence and encourages Christians to reinterpret Scripture and traditional theological beliefs in ways that are more faithful to the God disclosed in Jesus of Nazareth Students of theology need a fresh glimpse of the love mercy and redemptive power of God through Jesus As it follows the structure of the Apostles Creed through the various theological topics this book reminds Christians to share in God's desires for peace and love and to recommit themselves to the call of God to be ministers of reconciliation and lovers of both neighbors and enemies even while at times responding to violence with nonviolent resistance

Thomas Aquinas and Teilhard de Chardin Donald J. Goergen OP, 2022-10-21 In an increasingly divided and secularized world in an age of unbelief we yearn for increased unity for a sense of the transcendent for a humanism that does not force one to choose between God and the world This humanism requires an integration of ancient wisdom with modern learning or one might say faith and reason religion and science Christology and cosmology As the

Gospel of Matthew puts it the sage goes into the storehouse to bring out both something old and something new To this Christian humanism both Thomas Aquinas and Pierre Teilhard de Chardin have significant contributions to make One is not forced to choose between them but rather to see in these two visionaries one medieval one modern complementary insights One philosophically precise the other scientifically trained they challenge us to look again at our search for wholeness for holiness Can we see something of what they saw Can we seek something of what they sought The Blackwell Companion to Jesus Delbert Burkett, 2013-11-11 The Blackwell Companion to Jesus features a comprehensive collection of essays that explore the diverse ways in which Jesus has been imagined or portrayed from the beginnings of Christianity to the present day Considers portrayals of Jesus in the New Testament and beyond Jesus in non Christian religions philosophical and historic perspectives modern manifestations and representations in Christian art novels and film Comprehensive scope of coverage distinguishes this work from similar offerings Examines both Christian and non Christian perspectives on Jesus including those from ethnic and sexual groups as well as from other faiths Offers rich and rewarding insights which will shape our understanding of this influential figure and his enduring legacy
