strange virus is infecting the last human survivors of an alien invasion in Nicholas Sansbury Smith's smart and exciting third book in the bestselling Orbs series. With the alien armies growing stronger, Sophie's biosphere decides to join forces with the team from NTC's submarine. Using data from a surviving satellite, they discover strange alien poles at each of the world's seven highest summits, alien technology that the survivors believe may hold the key to shutting down the alien ships once and for all. But before the two teams can launch an offensive, the biosphere must deal with sabotage from within and a strange nanotechnology that has infected several of the survivors. As tensions rise, Sophie and team must decide whether their new discovery is worth abandoning the biosphere. The more the team learns, the more they realize that Earth may be beyond saving and that salvation may require leaving the planet forever. A splendid mix of horror, suspense, and science fiction, **Orbs Redemption** upends the classic alien invasion story into an edge-of-your-seat thrill ride. **Orbs** Nicholas Sansbury

Smith, 2016-06-14 A masterful blend of horror, science fiction, and pulse-pounding thrills, the first book in Nicholas Sansbury Smith's bestselling Orbs series introduces the last survivors of an alien invasion. The year is 2061, and the planet is dying. Cataclysmic solar storms have forced leaders from around the world to finally put aside their differences and agree on one thing: to jump ship. The human race is headed to Mars. Dr. Sophie Winston is hired by New Tech Corporation to test a biosphere deep within the heart of Cheyenne Mountain, a mission she believes will help prepare the company for the three-year flight to the red planet. But just days into the assignment, things start to go wrong. When the blast doors hiss open, Winston's team finds a changed world outside. Humans are gone, vanished without a trace, and they aren't the only thing missing. The planet's water is gone, too. As the team explores their surroundings, they find thousands of luminous blue orbs lining the streets. It isn't until they uncover what's inside that they realize the nightmare that lies ahead. And what it means for our most important resource. **Mostly Manga** Elizabeth F.S. Kalen, 2012-01-05 Appropriate for any public library
