Birkmose, Konstantinos Sergakis, A heavily debated topic: the evolution of shareholders' duties risks the transformation of the very concept of shareholder primacy, crucially associated with shareholder rights. The Global Business Environment Janet Morrison, 2023-03-09 This text challenges students to think critically about global issues that affect the business environment and provides them with a wealth of pedagogical features that help cement learning. Janet Morrison's writing style makes difficult concepts easy to understand and its clarity makes it suitable for students with English as a second language. New to this edition: The theme of uncertainty in global contexts; examining how best to assess and confront the challenges of uncertainties and risks in the differing dimensions of the business environment; A chapter on the worldwide pandemic and the global business environment; Increased coverage of FDI, industrial policy and global communication; New coverage relating to race relations and decolonising the curriculum; 10 new cases making a total of 52 cases with all other cases fully updated; A brand new decision making feature linked to some of the case studies.
