Communicating and Organizing in Context Beth Bonniwell Haslett, 2013-06-17 Communicating and Organizing in Context integrates Giddens structuration theory with Goffman's interaction order and develops a new theoretical base the theory of structurational interaction for the analysis of communicating and organizing Both theorists emphasize tacit knowledge social routines context social practices materiality frames agency and view communication as constitutive of social life and of organizing Thus their integration in structurational interaction provides a coherent communication centric approach to analyzing communicating organizing and their interrelationships This book will be a valuable resource for students and scholars as an orientation to the field of organizational communication and as an integration of organizing and communicating It will also be useful for practitioners as a tool for understanding how conceptual frames limit possibilities and constitute the nature of organizing and members participation in organizations

Today's Public Relations Robert L. Heath, W. Timothy Coombs, 2006 Today's Public Relations works to redefine the teaching of public relations by discussing its connection to mass communication but also linking it to its rhetorical heritage

Project Communication Management in Complex Environments Zhong Ying, Low Sui Pheng, 2013-10-30 This unique book that deals with project communication management in complex environments taking a leaf from China's experience with a major earthquake in Sichuan would be a timely contribution to fill this lacuna Readers would be able to understand how companies and organizations that are unprepared for crisis management would react to their detriment The lessons provided in this book are the only one of its kind to highlight the lessons for companies and organizations to prepare themselves for successful project communication management through the complexity informed framework Although the book is written by two building professionals the concepts and lessons presented are generic and equally applicable for businesses outside of the construction industry for example for airports resorts hotels shipyards etc
