J. Leverich, 1991 **SCM Studyguide: Philosophy and the Christian Faith** Ben Pugh , 2018-12-04 The challenges that Western culture keeps posing to the Christian faith are ever new The goal posts keep changing This study guide will equip theology students to understand the culture shaping beliefs that are driving the kinds of questions it brings to faith It will be an historical overview of the key stages in the history of Western philosophy with each section carefully tracing the genealogical line of ideas and the Christian responses to them right up to the present day For most theology students learning abstract philosophical concepts involves literally learning a new language a language that the initiated converse in with ease but which leaves the uninitiated baffled Thus each chapter in this study guide opens with a glossary of terms

Throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts for example they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism or to describe how something very like the extreme subjectivity of idealism can sometimes show itself in Sunday morning worship

The God's Honest Truth Laird S. Ballard,2013-06 If you have ever wanted to believe in God in the face of so much that would say He doesn't exist this is the book for you On the scientific level The God's Honest Truth is just that a book of truth discussing what scientific proof is as opposed to what is mere science fiction regarding universal beginnings It deals with issues of six day creationism offers evidence for a worldwide flood and denounces evolution for what it is On a theological level it is a primer for contemporary biblical thinking teaching believers what the Bible says on the important issues of life It discusses why evil exists in the face of an all loving God and whether the fate of sinful man will be perpetual torture in the fires of hell Lastly it walks readers through such historical subjects as Christian participation in warfare slavery and speaks to the more current issues of abortion and gay rights Based strictly on biblical doctrines when rendering decisions it is meant as a guide through the ever changing customs and conceived morality of life on planet Earth

Finding Ultimate Reality David W. Gooding,John C. Lennox,2018-11-16 We need a coherent picture of our world Life's realities won't let us ignore its fundamental questions but with so many opposing views how will we choose answers that are reliable In this series of books David Gooding and John Lennox offer a fair analysis of religious and philosophical attempts to find the truth about the world and our place in it By listening to the Bible alongside other leading voices they show that it is not only answering life's biggest questions it is asking better questions than we ever thought to ask In Book 2 Finding Ultimate Reality they remind us that the authority behind ethics cannot be separated from the truth about ultimate reality Is there a Creator who stands behind his moral law Are we the product of amoral forces left to create moral consensus Gooding and Lennox compare ultimate reality as understood in Indian Pantheistic Monism Greek Philosophy and Mysticism Naturalism and Atheism and Christian Theism
