## **Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism:**

*Origins and Doctrine of Fascism* Giovanni Gentile, 2017-07-05 Giovanni Gentile 1875 1944 was the major theorist of Italian fascism supplying its justification and rationale as a developmental form of dictatorship for status deprived nations languishing on the margins of the Great Powers Gentile's actualism as his philosophy came to be called absorbed many intellectual currents of the early twentieth century including nationalism syndicalism and futurism He called the individual to an idealistic ethic of obedience work self sacrifice and national community in a dynamic rebellion against the perceived impostures of imperialism This volume makes available some of his more significant writings produced shortly before and after the Fascist accession to power in Italy **Social Darwinism in European and American Thought, 1860-1945**

Mike Hawkins, 1997-03-13 An analysis of the ideological influence of Social Darwinists in Europe and America **Origins and Doctrine of Fascism** Giovanni Gentile, Anthony James Gregor, 2009 *The Total Enemy* Mikkel Thorup, 2015-02-23 The *Total Enemy* explores the most radicalized forms of enmity trying to unravel some of its historical and contemporary expressions Starting from the premise that one of modernity's constitutive values is non violence the book explores how non violence or rather the making of a world free of violence becomes a cause of violence in some instances even extreme violence and totalitarian terror The book consists of six case studies each exploring and discussing historically specific expressions of depicting an enemy as one the actors believe they can only deal with violently It begins by looking at two important sites in the development of the total enemy the French Revolution and the emergence of terrorist thinking in the middle of the nineteenth century The book then turns to the twentieth century beginning with the pre WWII conceptualizations of the total in European political thought as an answer to a liberal state deemed unfit to manage and control mass society Secondly it considers the totalitarian enemy in Nazi Germany especially Soviet Russia Finally the book turns to two forms of contemporary total enmity Islamism and in right wing extremism These concluding chapters look specifically at what happens to the total enemy concept once it goes from the state concept of the twentieth century to the private practice of the twenty first *Vanguardism* Phillip W. Gray, 2019-12-06 Providing an innovative conceptualization to extremist political movements founded upon world historic populations and vanguard party organizations Vanguardism sets out a new path in investigating the intellectual and historical influences that created extremist politics the totalitarian movements and regimes of the twentieth century and a framework for interpreting extremism in the present Expanding its view across the turbulent intellectual currents of the nineteenth century Philip W Gray illustrates how these ideas shaped the shared ideational and organizational structures that would develop into Leninism Fascism and Nazism in the early twentieth century Moving beyond the Second World War the book explicates how vanguardism did not vanish with the war's conclusion but was modified throughout the period of national liberation movements and Western extremist groups over the ensuing decades Concluding in the present with an eye to the future Gray presents a framework for comprehending the extremist

movement of today and how organizational shifts can give us clues to the forms of totalitarian politics of tomorrow Original and provocative Vanguardism will become essential reading for everyone looking to understand totalitarianism and extremist politics of our time

*THE DOCTRINE OF FASCISM* Benito Mussolini, 2024-01-10 Benito Mussolini was an Italian politician teacher and journalist who wrote for left wing newspapers He enlisted in the army rising to the rank of sergeant In 1922 he organized the March on Rome and with the support of King Victor Emmanuel III he took over the cabinet as the Prime Minister of Italy In 1925 Mussolini became Il Duce the supreme leader of Italy Mussolini founded the National Fascist Party and became the most representative politician of fascist ideology In *The Doctrine of Fascism* Mussolini synthesizes fascist doctrine and its principles while also pointing out what he considers the limitations of other ideologies such as liberalism and socialism

*21st Century Political Science: A Reference Handbook* John T Ishiyama, Marijke Breuning, 2011 Offering full coverage of major subthemes and subfields within political science this reference handbook includes entries on topics from theory and methodology to international relations and institutions

**On Unemployment, Volume II** Mark R. Reiff, 2015-10-07 With unemployment at historically high rates that show signs of becoming structural there is a pressing need for an in depth exploration of this economic injustice Unemployment is one of the problems most likely to put critical pressure on our political institutions disrupt the social fabric of our way of life and even threaten the continuation of liberalism itself Despite the obvious importance of the problem of unemployment however there has been a curious lack of attention paid to this issue by contemporary non Marxist political philosophers *On Unemployment* explores the moral implications of the problem of unemployment despite the continuing uncertainty involving both its causes and its cures Reiff takes up a series of questions about the nature of unemployment and what justice has to tell us about what we should do if anything to alleviate it The book comprehensively discusses the related theory and suggests how we might implement these more general observations in the real world It addresses the politics of unemployment and the extent to which opposition to some or all of the book s various proposals stem not from empirical disagreements about the best solutions but from more basic moral disagreements about whether the reduction of unemployment is indeed an appropriate moral goal This exciting new text will be essential for scholars and readers across business economics and finance as well as politics philosophy and sociology

*The Political Anatomy of Domination* Béatrice Hibou, 2017-03-22 Rereading Marx Weber Gramsci and more recently Foucault B atrice Hibou tackles one of the core questions of political and social theory state domination Combining comparative analyses of everyday life and economics she highlights the arrangements understandings and practices that make domination conceivable bearable even acceptable or reassuring To carry out this demonstration Hibou examines authoritarian situations especially comparing the paradigmatic European cases of fascism Nazism and Soviet socialism and those of contemporary China or North and Sub Saharan Africa

**Selected Writings on Media, Propaganda, and Political Communication** Siegfried Kracauer, 2022-05-17 Siegfried Kracauer stands out as one of the most significant

theorists and critics of the twentieth century acclaimed for his analyses of film and popular culture. However his writing on propaganda and politics has been overshadowed by the works of his contemporaries and colleagues associated with the Frankfurt School. This book brings together a broad selection of Kracauer's work on media and political communication much of it previously unavailable in English. It features writings spanning more than two decades from studies of totalitarian propaganda written in the 1930s to wartime work on Nazi newsreels and anti-Semitism through to examinations of American and Soviet political messaging in the early Cold War period. These varied texts illuminate the interplay among politics, mass culture and the media and they encompass Kracauer's core concerns: the individual and the masses, the conditions of cultural production and the critique of modernity. The introduction and afterword explore the significance of Kracauer's contributions to critical theory, film and media studies and the analysis of political communication both in his era and the present day. At a time when demagoguery and bigotry loom over world politics, Kracauer's inquiries into topics such as the widespread appeal of fascist propaganda and the relationship of new media forms and technologies to authoritarianism are strikingly relevant.

Totalitarianism and Political Religion A. Gregor, 2012-03-07. The totalitarian systems that arose in the twentieth century presented themselves as secular. Yet as A. James Gregor argues in this book, they themselves functioned as religions. He presents an intellectual history of the rise of these political religions, tracing a set of ideas that include belief that a certain text contains impeccable truths, notions of infallible charismatic leadership and the promise of human redemption through strict obedience, selfless sacrifice, total dedication and unrelenting labor. Gregor provides unique insight into the variants of Marxism, Fascism and National Socialism that dominated our immediate past. He explores the seeds of totalitarianism as secular faith in the nineteenth century, ideologies of Ludwig Feuerbach, Moses Hess, Karl Marx, Friedrich Engels, Giuseppe Mazzini and Richard Wagner. He follows the growth of those seeds as the twentieth century became host to Leninism and Stalinism, Italian Fascism and German National Socialism, each a totalitarian institution and a political religion.

The Big Lie Dinesh D'Souza, 2017-07-31. Of course everything D'Souza says here is accurate. But it's not going to sit well with people on the American left who, of course, are portraying themselves as the exact opposite of all of this. RUSH LIMBAUGH: The explosive new book from Dinesh D'Souza, author of the 1 New York Times bestseller *Hillary's America*, *America* and *Obama's America*. What is the big lie of the Democratic Party? That conservatives and President Donald Trump, in particular, are fascists, Nazis, even. In a typical comment, MSNBC host Rachel Maddow says the Trump era is reminiscent of what it was like when Hitler first became chancellor. But in fact, this audacious lie is a complete inversion of the truth. Yes, there is a fascist threat in America, but that threat is from the Left and the Democratic Party. The Democratic left has an ideology virtually identical with fascism and routinely borrows tactics of intimidation and political terror from the Nazi Brownshirts. To cover up their insidious fascist agenda, Democrats loudly accuse President Trump and other Republicans of being Nazis, an obvious lie considering the GOP has been fighting the Democrats over slavery, genocide, racism and fascism from the beginning. Now

finally Dinesh D Souza explodes the Left's big lie. He expertly exonerates President Trump and his supporters then uncovers the Democratic Left's long cozy relationship with Nazism: how the racist and genocidal acts of early Democrats inspired Adolf Hitler's campaign of death; how fascist philosophers influenced the great 20th century lions of the American Left; and how today's anti-free speech, anti-capitalist, anti-religious, liberty-pro-violence Democratic Party is a frightening simulacrum of the Nazi Party. Hitler coined the term 'the big lie' to describe a lie that the great masses of the people will fall for precisely because of how bold and monstrous the lie is. In *The Big Lie*, D Souza shows that the Democratic Left's orchestrated campaign to paint President Trump and conservatives as Nazis to cover up its own fascism is in fact the biggest lie of all.

**Death of a Nation** Dinesh D'Souza, 2018-07-31. The #1 New York Times bestselling author tackles the biggest lie of the left: that America is a society based on white supremacy. Now a major motion picture: *Who is killing America?* Is it really Donald Trump and a GOP filled with white supremacists? In a major new work of historical revisionism, Dinesh D Souza makes the provocative case that Democrats are the ones killing America by turning it into a massive nanny state modeled on the Southern plantation system. This sweeping alternative history of the Democratic Party goes back to its foundations in the antebellum South. The slaveholding elite devised the plantation as a means of organizing labor and political support. It was a mini welfare state, a cradle-to-grave system that bred dependency and punished any urge to independence. This model impressed northern Democrats, inspiring the political machines that traded government handouts for votes from ethnic immigrant blocs. Today's Democrats have expanded to a multiracial plantation of ghettos for blacks, barrios for Latinos, and reservations for Native Americans. Whites are the only holdouts resisting full dependency, and so they are blamed for the bigotry and racial exploitation that is actually perpetrated by the left. *Death of a Nation's* bracing alternative vision of American history explains the Democratic Party's dark past, reinterprets the roles of figures like Van Buren, FDR, and LBJ, and exposes the hidden truth: that racism comes not from Trump or the conservative right but rather from Democrats and progressives on the left.

*Cultural Cold Wars and UNESCO in the Twentieth Century* W. John Morgan, 2024-09-30. *Cultural Cold Wars and UNESCO in the Twentieth Century* addresses the now considerable interest in the concept of cultural cold war as a means of advancing ideologies. The book charts the development of the concept in the twentieth century. Structured in two parts, Part I considers the League of Nations' idealist attempts at international intellectual cooperation. It discusses also the first cultural cold war with the Communist International's attempts to advance communism. It also analyses the ideological and cultural appeal of Italian fascism, German national socialism, and Japanese nationalist militarism, and the transition from a wartime alliance to a new cold war. Part II examines the renewal of international intellectual cooperation through the United Nations Educational, Scientific and Cultural Organization (UNESCO) in the context of a second cultural cold war between the capitalist democracies and the communist bloc. The book shows that UNESCO became a site of this ideological competition and an example of its tensions. Based on original research and a comprehensive review of the literature, including in Russian, German,

and French the book will appeal to academics postgraduate researchers advanced undergraduates and others interested in recent international history and the comparative politics of ideas      **The Age of Secularization** Augusto Del

Noce,2017-11-08 Augusto Del Noce is widely considered one of Italy's foremost philosophers and political thinkers in the second half of the twentieth century He is also remembered as an original and profound cultural critic and in particular as a great scholar of the process of secularization that took place in the West during the 1960s A collection of eleven essays and lectures by Del Noce that originally appeared between 1964 and 1969 and which the author published as a book in 1971 The Age of Secularization quickly became recognized as one of the most original and penetrating attempts to interpret the cultural and political turmoil of the period In its pages Del Noce discusses among other topics the student protests of 1968 the counterculture of the 1960s the significance of the sexual revolution the nature of the technological society and the relationship between Christianity and modern culture The Age of Secularization documents the encounter between a key period of contemporary history and the full intellectual maturity of one of its most perceptive observers It makes available to English language readers a lasting reflection on the philosophical roots of contemporary culture and it is just as illuminating and topical today as it was nearly fifty years ago      **The Broadview Anthology of Social and Political Thought -**

**Volume 2: The Twentieth Century and Beyond** Andrew Bailey,Samantha Brennan,Will Kymlicka,Jacob T. Levy,Alex Sager,Clark Wolf,2008-09-12 The second volume of this comprehensive anthology covers the twentieth and early twenty first centuries The anthology is broad ranging both in its selection of material by figures traditionally acknowledged as being of central importance and in the material it presents by a range of other figures The material in this volume is presented in three sections The first Power and the State includes selections by such figures as Goldman Lenin Weber Schmitt and Hayek Among those included in the Race Gender and Colonialism section are de Beauvoir Gandhi Fanon and Young The third and by far the longest section Rights Based Liberalism and its Critics focuses on the many interrelated directions that social and political philosophy has taken since the publication of John Rawls's ground breaking A Theory of Justice in 1971 In order to better meet the needs of today's students the editors have made every effort to include accurate and accessible translations of the readings Additionally every selection has been painstakingly annotated and each figure is given a substantial introduction highlighting her or his major contributions within the tradition For figures of central importance the editors have included extended introductions that place the figure in the context of intellectual history as well as of political thought In order to ensure the highest standards of accuracy and accessibility the editors have consulted dozens of leading academics during the course of the volume's development many of whom have contributed introductory material as well as advice The result is an anthology with unparalleled pedagogical benefits The Broadview Anthology of Social and Political Thought sets the new standard for social and political philosophy instruction      Democracy Sanford A Lakoff,2018-02-12 This book reviews the historical development of democracy and the backlash against it the theoretical character of modern democracy

the practical problems of establishing and maintaining democracy and the meaning of democracy and its prospects

**Marxism and the Making of China** J. Gregor, 2014-02-19 An assessment of the influence of the Marxism of Karl Marx and Friedrich Engels on revolutionary developments in China The work covers the period from the first appearance of the Chinese Communist Party under Mao Zedong until its full transformation by Deng Xiaoping into a nationalist developmental single party developmental dictatorship

**Giovanni Gentile and the State of Contemporary Constructivism** James Wakefield, 2015-02-12 This book presents Giovanni Gentile's actual idealism as a radical constructivist doctrine for use in moral theory The first half describes the moral theory that Gentile explicitly identifies with actual idealism according to which all thinking rather than an exclusive domain of practical reason has a moral character It is argued that after Gentile's turn to Fascism in the early 1920s this theory is increasingly conflated with his political doctrine This entails several major changes that cannot be squared with the underlying metaphysics The second half of the book develops a more plausible account of Gentilean moral constructivism based on the pre-Fascist idea of reasoning as an internal dialogue Comparisons and contrasts are drawn with contemporary constructivist doctrines as well as theories employing dialogical conceptions of reason The internal dialogue is presented as a device enabling the thinking subject to make objective judgments about real world problems despite the impossibility of her occupying a fully objective standpoint Thus actual idealist moral theory is offered as an example of constructivism at its most radical inviting advocates of less radical varieties to reassess the foundations on which their theories are built

**Antifascism** Paul Gottfried, 2021-10-15 No doubt Gottfried's book will rank among the most scholarly and convincing responses to the delirium of the present I mention A conservative take on the antifascist movement Antifascism argues that current self-described antifascists are not struggling against a reappearance of interwar fascism and that the Left that claims to be opposing fascism has little in common with any earlier Left except for some overlap with critical theorists of the Frankfurt School Paul Gottfried looks at antifascism from its roots in early twentieth century Europe to its American manifestation in the present The pivotal development for defining the present political spectrum he suggests has been the replacement of a recognizably Marxist Left by an intersectional one Political and ideological struggles have been configured around this new Left which has become a dominant force throughout the Western world Gottfried discusses the major changes undergone by antifascist ideology since the 1960s fascist and antifascist models of the state and assumptions about human nature nationalism versus globalism the antifascism of the American conservative establishment and Antifa in the United States Also included is an excursus on the theory of knowledge presented by Thomas Hobbes in *Leviathan* In *Antifascism* Gottfried concludes that promoting a fear of fascism today serves the interests of the powerful in particular those in positions of political journalistic and educational power who want to bully and isolate political opponents He points out the generous support given to the intersectional Left by multinational capitalists and examines the movement of the white working class in Europe including former members of Communist parties toward the populist Right

suggesting this shows a political dynamic that is different from the older dialectic between Marxists and anti Marxists

## **Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism** Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

### **Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism has opened up a world of possibilities. Downloading Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To

protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism is one of the best book in our library for free trial. We provide copy of Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism. Where to download Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism online for free? Are you looking for Origins And Doctrine Of Fascism Origins And Doctrine Of Fascism PDF? This is definitely going to save you time and cash in something you should think about.
