J. de Kock, 2024-04-11 In our world there's a lack of clear middle ground It's a divided place with political affiliations drawing lines between the left and the right Being in the middle is challenging our allegiances are pulled in different directions making it isolating and overwhelming to navigate life's complexities But we live from the middle between birth and death between events important dates and between stability and change In this uncertain space we face existential questions about identity the meaning of life our purpose and our place in the world This is the domain of theology Traditionally theology attempts to answer these questions from the top down declaring dogmas as absolute truths to remove the uncertainties However unexamined answers can become oppressive stifling vitality and can even become tyrannical answers of the left or the right This book suggests a different approach doing theology from the inside out and from the bottom up starting with sacred questions instead of rehearsed answers We don't expect that the answers we come to will be final However we expect to find God in the middle Theology is the practice of the presence of God where we integrate our love and knowledge of God to live wisely in a divided world *The Encyclopedia of God* Constance Victoria Briggs, 2025-09-12 Now That God Is Popular Again What Do People Say About Him Interest in the nature of the Supreme Being is growing again especially among people who had turned away from conventional religious approaches God is in again but what do we know about him In this remarkable reference work Constance Victoria Briggs
