Mergers Acquisitions And Other Restructuring Activities 6th Edition Free Download:

Mergers, Acquisitions, and Other Restructuring Activities Donald DePamphilis, 2011-09-30 Two strengths distinguish this textbook from others One is its presentation of subjects in the contexts where they occur Students see different perspectives on subjects and learn how complex and dynamic the mergers and acquisitions environment is The other is its use of current events Of its 72 case studies 34 are new or have been updated The implications of Dodd Frank and US Supreme Court rulings affecting the Sarbanes Oxley Act among other regulatory changes are developed to enhance teaching and learning experiences Other improvements to the 6th edition have shortened and simplified chapters increased the numbers and types of pedagogical supplements and expanded the international appeal of examples With a renewed focus on empirical and quantitative examples the 6th edition continues to demonstrate how people work together on mergers and acquisitions and why the actions of specific individuals have far reaching implications Presents an integrated approach to the activities involved in mergers acquisitions business alliances and corporate restructurings All chapters have been revised updated and contain new content and 14 include more extensive changes Structural revisions make chapters more streamlined shorter and less complex Case studies cover a dozen industries and 75% are new or have been updated All include discussion questions and answers **Mergers, Acquisitions, and Other Restructuring Activities** Donald M.

DePamphilis, 2003 This work includes updated cases and grounded models which reflect the theoretical underpinnings of the field Expanded usage of key idea section headings enable the student to understand more easily the key point in each section of each chapter **Mergers, Acquisitions, and Other Restructuring Activities** Donald DePamphilis, 2015-07-28 Mergers Acquisitions and Other Restructuring Activities is unique in that it is the most current comprehensive and cutting edge text on M A and corporate restructuring available It is current in that it includes many of the most up to date and notable deals e g Facebook s takeover of WhatsApp the Dell privatization and Verizon s mega buyout of Vodafone s share of Verizon Wireless precedent setting judicial decisions e g efforts to overturn defenses at Airgas and Sotheby s new regulations e g expediting backend mergers trends e g increasing role of activist investors in takeovers and new tactics e g two tiered poison pill employed in M As Most integrative case studies are new for this edition and involve transactions that have been announced or completed since 2013 It is comprehensive in that nearly all aspects of M As and corporate restructuring are explored It is cutting edge in that conclusions and insights are anchored by the most recent academic research with references to more than 200 empirical studies published in leading peer reviewed journals just since 2012 And the substantially updated content is illustrated with numerous practical exhibits case studies involving diverse transactions easy to understand numerical examples and hundreds of discussion questions and practice exercises The highlights of the new edition are listed here New Chapters Two new chapters Chapter 9 and 14 Chapter 9 discusses the basics of applying financial modeling methods to firm valuation and assists the reader in understanding the power and limitations of models in analyzing real world situation

Chapter 14 illustrates how complex financial models often are used to support the deal structuring process during M A negotiations New Cases Ninety percent of the nearly forty case studies are new and involve transactions announced or completed during the last three years These cases represent friendly hostile highly leveraged and cross border deals in ten different industries involving public and private firms as well as firms experiencing financial distress All end of chapter case studies begin with a Key Objectives section indicating what the student should learn from the case study and include discussion questions and solutions available in the online instructors manual Latest Research This edition focuses on the most recent and relevant academic studies some of which contain surprising insights changing the way we view this subject matter Recent research has significant implications for academicians students M A practitioners and government policy makers shedding new light on current developments and trends in the ever changing mergers and acquisitions market The market for corporate control and corporate restructuring strategies are constantly changing reflecting the ongoing globalization of both product and capital markets accelerating technological change escalating industry consolidation changing regulatory practices and intensifying cross border competition While continuing to be relevant empirical research covering the dynamics of the M A markets of the 1970s 1980s and 1990s may be less germane in explaining current undercurrents and future trends

Mergers, Acquisitions, and Other Restructuring Activities, 4E Donald DePamphilis, 2007-11-26 Dr Donald DePamphilis explains the real world of mergers acquisitions and restructuring based on his academic knowledge and personal experiences with over 30 such deals himself The 99 case studies span every industry and countries and regions worldwide show how deals are done rather than just the theory behind them including cross border transactions The interactive CD is unique in enabling the user to download and customize content It includes an Excel based LBO model and an M A Structuring and Valuation Model in which readers can insert their own data and modify the model to structure and value their own deals CD also real options applications and projecting growth rates Student Study Guide on CD contains practice problems solutions powerpoint slides outlining main points of each chapter and selected case study solutions An extensive on line instructor s manual contains powerpoint slides for lectures following each chapter detailed syllabi for using the book for both undergraduate and graduate level courses and an exhaustive test bank with over 750 questions and answers including true false multiple choice essay questions and computational problems CDROM contains extensive student study guide and detailed listings of online sources of industry and financial data and models on CDROM Numerous valuation and other models on CDROM can be downloaded and customized by readers Online Instructor s Manual with test bank extra cases and other resources Over 90 cases
