**Messages** Stan Romanek, 2009 Romanek's book is a welcome addition to the UFO literature. His extensive and varied experiences provide new insights into some of the mysteries of ufology. His readers will enjoy and learn from his multifaceted encounters. Dr. Jack Kashner      **Real Aliens, Space Beings, and Creatures from Other Worlds** Brad Steiger, Sherry Hansen Steiger, 2011-05-01 Shocking true stories of those who walk among us. With the Kepler satellite observatory detecting new planets at an unprecedented rate and the powerful computers at NASA's Ames Research Center seeking signs of distant life, will a breakthrough discovery happen shortly or has there already been a secret encounter with alien beings? Who might be coming next? And who walks among us today? Visits from otherworldly creatures, aliens living among us, abductions of humans to alien spacecraft, and accounts of interstellar cooperation since the UFO crash in Roswell are thoroughly investigated in **Real Aliens, Space Beings, and Creatures from Other Worlds**. Paranormal researcher extraordinaire Brad Steiger, an author of thousands of books and articles on the mysterious and unknown, looks into a wide host of otherworldly encounters from alleged eyewitness accounts of extraterrestrial beings working side by side with human scientists to the uncomfortable accusations of alien abductions. Disquieting testimonials, enlightening news articles, informative historical accounts, and documents: this book chronicles more than 300 examples of alien encounters, conspiracy theories, and the influence of extraterrestrials on human events throughout history. This discussion of the theories and mysteries surrounding aliens is packed with thought-provoking stories and shocking revelations of alien involvement in the lives of Earthlings, such as the three Russian scientists who were monitoring the Apollo Moon Landing on July 20, 1969, claim that astronauts Armstrong and Aldrin were being closely observed by UFOs. Thousands of women all over the world claim to have been abducted for the purpose of bearing Hybrid Children. A family in Colorado repeatedly visited by aliens with physical evidence and photographs to prove their story. From cattle and human mutilations to missing time experienced by UFO experiences and from secret underground and even underwater alien facilities to government alien conspiracies, each astonishing report is detailed with thorough research and recounted with a storyteller's crafted voice. **Real Aliens, Space Beings, and Creatures from Other Worlds** will leave the reader wondering who has visited us, who's coming to visit next, and who walks among us.
