## **Messages Of Hope The Metaphysical Memoir Of A Most Unexpected Medium:**

**Messages of Hope** Suzanne Giesemann, 2011-09-11 Messages of Hope is the page turning story of a former skeptic Commander Giesemann former U S Navy commanding officer and aide to the Chairman of the Joint Chiefs of Staff who has evidential communication with unseen realms I Gave Myself Cancer, I Can Take It Away! Linda Christina Beauregard, 2013-04 I am bold brave and daring I did the unthinkable I went against traditional medical wisdom and came out a huge winner I went against the grain of conventional surgery radiation chemo and other drug therapy to embark upon a journey that transformed my life This story is sometimes humorously conversational and details a journey that everyone who wants health without pills potions or sickening side effects needs to hear The cures are here for cancer and every other type of immune system related disease The answers are in alternative medicine and I m just one of thousands who defeated cancer using unconventional means It s easy to regain your health without compromising consequences The real question is are you ready for it Are you ready to take back responsibility for your own health and put it where it belongs in your hands This book is a must read for anyone who has cancer knows someone with cancer or who would like to avoid cancer or any disease Jean Sumner author of Journey to Raw 52 Weekly Changes to add more raw food to your diet and co founder of World Wellness Education A bible for healthy self wellness Heartfelt sincere intimate straightforward and educational Frederic Delarue music composer and author of Eyes of Your Heart Create a New Life Through the Eyes of Your Heart An alternative view of alternative medicine I Gave Myself Cancer provides much food for thought in the important field of holistic self healing Suzanne Giesemann author of Messages of Hope The Face of the Iguana Patrick J. McKallick, 2018-05-28 In The Face of the Iguana Patrick McKallick tells the dramatic stories of how fear based beliefs both cultish and religious affected his life emotionally physically and mentally and his eventual healing This book is not just for all those abused by toxic belief systems but also those recovering from addictions The author relates touching stories of his painful abandonment by his troubled parents and his final internment in an orphanage He tells dramatic and amusing anecdotes that preserved his sanity and the utter desperation of his cunning and miraculous escape from a toxic doomsday cult We are taken on a journey of events as varied as hiding under the bed from his raging alcoholic father to descending into the depths of a 16th century churchs crypt where he gazed upon piles of human bones the shock of which catapulted him unconsciously into a dark and ominous pit We faithfully follow him as he describes the conclusion of the war in El Salvador and the mass fear and terror of the citizens of that country to the comical circling of a vintage ocean liner in a beat up fishing boat with an old lady a fisherman and two young kids This is not just a compilation of interesting stories but clear guidance for anyone recovering from addictions including to fear based belief systems and the ensuing guilt and anxiety The author expertly provides revelations and insights into why we seek out toxic beliefs Mr McKallick reveals how his investigation of a surprising and astonishing field led to his incredible healing and liberation from the effects of PTSD The author learnedly introduces

evidential research that mitigated his anxiety due to abusive belief systems and the fear of death He describes the ensuing collapse of this fear and the promise of an astonishingly beautiful after life *The New Science of Consciousness Survival and the Metaparadigm Shift to a Conscious Universe* Dr. Alan Ross Huguenot, 2016-06-30 Alan Huguenot lectures on the Leading Edge Science of the Afterlife he concluded that the entire universe is conscious and that this explains both near death experiences and certain paradoxes of quantum theory As someone with a physics degree I know that Huguenot's basic idea of a conscious universe is neither crazy nor new Erwin Schrödinger one of the fathers of quantum physics was an avid student of Hindu philosophy and believed something similar Gideon Lichfield April 2015 Atlantic Monthly The existence of a hidden field Bohm's implicate order of non physical consciousness occupying as yet undiscerned additional dimensions which are outside the visible reality Bohm's explicate order as defined by 3 D plus time has now been proven scientifically by the following collated data Recent repeated replication of John Bell's theory of non locality Studies of the Near Death experience and After death communications demonstrated in triple blind laboratory experiments testing evidential mediumship This hidden field implicate order of non physical consciousness also provides the matrix upon which the explicate order of observed reality is continually manifested Alan Huguenot Our challenge is to discover through careful science how we can interface with this matrix of consciousness Viewing psi phenomena as belonging to aspects of reality about which we as yet simply know very little is the only honest way for any scientist to proceed Healthy scientific skepticism must be open to new discoveries and so allow open examination of the scientific data developed by rigorous para normal research Honest open minded inquiry will bring both new discoveries of truth and new laws of physics beyond the limits of the Newtonian paradigm Alan Huguenot

**Feathers from the Flame** Lynda G. Adamson, 2025-07-31 B Spiritual discovery emotional healing and the nature of consciousness surface through a past life regression into Hildegard of Bingen's complicated twelfth century Through the contemporaneous therapeutic sessions of the protagonist Laura as she is hypnotized into the person of Clothilde the mystical visionary world of Hildegard of Bingen is cleverly revealed by the author Dr Eileen Guenther Professor Emerita of Church Music at Wesley Theological Seminary Although initially distrusting past life regression Laura agrees and meets her twelfth century self in Clothilde She discovers a surprising complexity of life and rigid expectations for a daughter in the nobility After going to live with her future mother in law Clothilde accompanies her to Disibodenburg a double monastery and first hears Hildegard of Bingen's stunningly beautiful music Laura's ensuing research reveals that Hildegard indeed existed While living inside convent walls Hildegard composed music still performed wrote nine major works still available healed the sick corresponded with kings and popes throughout Europe including Frederick Barbarossa Henry II and Eleanor of Aquitaine traveled to preach before male audiences at cathedrals and monasteries and founded two convents Subsequent hypnotherapy sessions reveal the difficulty of both Clothilde's and Hildegard's life Clothilde loses a fianc in the Second Crusade falls in love with a Jew but is forced to marry a churlish bully manages a manor with the intricacy of a small town

and values respites to Bingen for healing and copying much of Hildegard's copious correspondence Laura observes their courageous resourcefulness while enduring their own private pains and difficult relationships Clothilde also hides a secret that propels her to fiercely protect her family Her other experiences however lead Laura to the root of her greatest fear Fans of Outlander Pillars of the Earth Frozen River and the Brother Cadfael series will savor this stimulating story **What**

Bill Philipps, 2015-09-15 Part memoir part spiritual exploration part inspiring stories Expect the Unexpected provides wisdom knowledge insight and support for communicating with and tapping into spiritual realms we do not fully understand Bill Philipps had the kind of childhood that seems too tragic to be true drug addicted parents parental kidnapping homelessness At age fourteen he watched his mother die Two days later she appeared to him letting him know she was spiritually alive From then on spirits knocked on his door He tried to ignore them He wanted to be normal But as he pursued his singing gift at the San Francisco Conservatory of Music his psychic gift pressed for a hearing As Philipps began giving readings as a psychic medium and witnessed the comfort the spirits offered he came to accept and honor his abilities With testimonies from a breadth of people everyday men and women celebrities business leaders and one

time skeptics who had attitudes nothing short of cynical Expect the Unexpected is an honest firsthand account of how spirits communicate with Philipps why he believes they chose him to do this and how he works with them to ultimately convey their messages As Philipps confirms it is normal to ask questions about what happens to our loved ones after death and to hope to reconnect with them The inspiring personal stories of those he has helped illustrate what can happen when we seek connection and answers He offers insight and suggestions to help you ask for and receive signs with or without a medium and shows why he is convinced that readings always contain the possibility for love peace healing and hope *A Ride on the Cosmic Slingshot* George R. Melton,2011-08-16 In 1985 it seemed that George Melton and Wil Garcia were destined to become just two more unfortunate casualties of the AIDS epidemic But after a profound spiritual awakening shifted their focus away from allopathic medicine to an internal process of self discovery they replaced lifetimes of guilt anger and fear with trust self esteem and love Within a year their diseases were in remission and they were both symptom free But that is hardly the end of their story After a chance visit to a potluck evening of metaphysics and channeling forms an unlikely relationship with the spirit of Benjamin Franklin George and Wil soon trade their comfortable New York home for a twenty seven foot Winnebago As they set off on an eighteen month forty thousand mile sojourn to share their message of hope the men are unwittingly catapulted into unlikely roles as poster boys for the nascent self healing movement But when Wil unexpectedly dies George begins questioning everything A Ride on the Cosmic Slingshot takes a poignant inspiring journey through an unconditional love that proves stronger than death as Wil reaches beyond the grave to offer George a final life altering gift **Messages** Bonnie McEneaney,2010-06-08 Through moving stories insights and incredible spirit messages she takes you on a journey of love in which your soul will forever be transformed James Van Praagh spiritual medium and author of Unfinished Business As told by Bonnie McEneaney the wife of a 9 11 victim Messages is a collection of inspiring true stories about the spiritual experiences of those who lost loved ones on September 11 2001 A moving and fascinating look at the unexplained Messages offers comfort hope and understanding to all who were touched by the tragic events of that terrible day Bridge to the Afterlife Troy Parkinson,2009 Spiritual medium Troy Parkinson a rising star in the paranormal world shares fascinating first hand stories of his experiences with the spirit realm Communicating with spirits was the last thing Troy Parkinson ever thought he d do A North Dakota native and self described ordinary guy he first attended a spiritualist meeting when he was a college student in Boston After receiving a message that night from his great grandmother s spirit he pursued mediumship training through the world renowned First Spiritual Temple of Boston In Bridge to the Afterlife he explores the ethics of spirit communication discusses how spirits are depicted by Hollywood and reveals how readers can develop their own mediumship abilities Troy s remarkable story and amazing messages from spirit which include moving accounts of how children and animals communicate from beyond will touch your heart inspire your soul and remind you that your loved ones are always with you **Reason for Hope** Jane Goodall,Phillip Berman,1999-12-08 From

Nana s visits were the start of what would be an amazing life practicing mediumship connecting the living with their loved ones who had passed on to Spirit But for a long time I hesitated to tell anyone what I was seeing afraid that people would think I was mad Even as I grew more confident in my skills as a medium I lacked the courage to reveal what I did With time I realised it was only my own fear keeping me back from achieving my true potential Now I help people around the world to know that while their love ones may have passed away they are not truly gone they are still in Spirit waiting to connect As straightforward as this sounds learning that your passed loved ones still want to help can be difficult to accept but by helping others to do so so many people are able to engage in a truly powerful healing process All it really takes is learning how to tap into ourselves For both us and Spirit this is a wonderful process The years I ve connected with Spirit haven t been all smooth sailing but I hope to use the pitfalls I ve encountered along the way to help you avoid experiencing the same thing whether in teaching or working with others My hope is that in reading this book you ll recognise how important and exciting it can be to receive communication from your passed loved one even if at times it s more like piecing together a jigsaw puzzle than

relaying someone s words The truth is with the right training and encouragement anyone can do this Even you **Memoirs of a Medium, Hello, I Still Love You** Peggy Van Vlack,2009-06 This is a true story that began when a couple met in Tampa one day and decided at that moment to be together forever Jimmy and Peggy had a romance that went on for several years until one fateful day certain horrific circumstances of life forced the young couple to separate Eventually the man went on to become a famous rock star but the lady heartbroken and distraught did not have any idea where Jimmy had gone Years had passed when Peggy who had become an acclaimed Medium suddenly received an unexpected visit from Jimmy in the form of a spirit to tell her all that has happened since their separation over thirty years before What you hold in your hands is the true story of Jimmy Morrison before the rock star persona and his twin soul Peggy Simmons Van Vlack Included are recordings of their spiritual sessions together and a first hand account of who the real Jimmy Morrison actually was Author Bio Peggy Simmons Van Vlack began her spiritual training in Cassadaga Florida Known in Jane Heller s Book Crystal Clear as the Queen of Sedona Peggy is a counselor and medium in Arcadia Florida She is currently working on the next installments in her Memoirs of a Medium series **Life Among the Dead** Lisa Williams,2008-04-08 The highly anticipated memoir from
