Messengers Owls Synchronicity Ufo Abductee:

The Messengers Mike Clelland, 2015 *Stories from the Messengers* Mike Clelland, 2018-02-16 This book is a companion to the groundbreaking ideas that began with *The Messengers*. It is a further exploration into the connection both symbolic and literal between owls and UFOs. There is a strangeness to these accounts that defies any simple explanation. Each chapter tells a deeply personal story where these mysterious experiences are explored in depth. The ancient mythology of the owl is repeating itself within the modern UFO report. What plays out is a journey of transformation with an owl at the heart of each story.

My Cosmic Trigger Matt Vaughn, 2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd. It involves the intersection of multiple paranormal phenomena revealing an eerie undergirding of reality. MY COSMIC TRIGGER is a deep dive into the subject covering its history, theories, and notable researchers analyzing mechanisms behind this cosmic enigma. The author's personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level, helping people navigate their own synchromystic initiation with a sense of clarity, fostering a constructive relationship with odd occurrences not a destabilizing one, and enabling readers to successfully pull their own cosmic trigger.

How to Think Impossibly Jeffrey J. Kripal, 2024-07-26 A mind-bending invitation to experience the impossible as fundamentally human. From precognitive dreams and telepathic visions to near-death experiences, UFO encounters, and beyond, so-called impossible phenomena are not supposed to happen. But they do happen all the time. Jeffrey J. Kripal asserts that the impossible is a function not of reality but of our everchanging assumptions about what is real. *How to Think Impossibly* invites us to think about these fantastic yet commonplace experiences as an essential part of being human, expressive of a deeply shared reality that is neither mental nor material but gives rise to both. Thinking with specific individuals and their extraordinary experiences in vulnerable, open, and often humorous ways. Kripal interweaves humanistic and scientific inquiry to foster an awareness that the fantastic is real, the supernatural is super natural, and the impossible is possible.

The Poet as Experienter Adam Staley Groves, 2025-08-13 In *The Poet as Experienter*, Wallace Stevens and Nonhuman Intelligence, Adam Staley Groves approaches Stevens not merely as poet-thinker but rather as experienter and theorist of what is today called the phenomenon UFOs. Challenging both Stevens' scholarship and our broader understanding of poetic consciousness, the book presents a radical appraisal of Stevens's oeuvre as an extended coded testimony of contact with nonhuman intelligence. Drawing from journals, uncollected poems, and landmark works such as *Harmonium* and *The Necessary Angel*, Groves argues that Stevens's poetic evolution mirrors the psychological and spiritual trajectory of an experienter grappling with anomalous phenomena long before cognitive frameworks for such were culturally available. From moths and owls to missing time and the ethics of the imagination, Groves reads Stevens's work as a sustained effort to reckon with anomalous phenomena whose language has not yet come. Through careful textual analysis and historical correlation, Groves positions the poet within a lineage that includes

Coleridge Baudelaire Kierkegaard and Nietzsche who are recast not only as theorists of the imagination but as precursors to a modern metaphysical crisis now resurfacing through the contemporary discourse on UFOs and UAPs Unidentified Anomalous Phenomena Integrating rigorous literary scholarship with insights from ufology psychology and metaphysical philosophy Groves investigates Stevens's use of abstraction the ethics of poetic imagination and the emergence of the true subject as a form of ontological rupture In doing so the book bridges the hermetic with the historical and the poetic with the paranormal
