Methodist Church Nigeria Lagos Diocese:

Methodist Church, Nigeria. Lagos Archdiocese. Ibadan Diocese. Commemorative service, thanksgiving ... 8th February 1976 ... Agbeni, Ibadan ... Methodist Church Nigeria. Lagos Archdiocese. Ibadan Diocese, 1976 The Beloved Bishop A. T. Oduyale, 2001 Christian Missions and Theological Training 1842-1970 J.K. Agbeti, 2023-10-09 The training of African Christian ministers had been a matter of concern to the erstwhile International Missionary Council now merged with the World Council of Churches The reason was that it was believed by some critics that missionaries gave only low priority to theological training This book recounts how the missionaries actually trained the indigenous leaders in the mission fields The study covers the world of British German Swiss and American Protestant missionaries as well as that of two Roman Catholic orders in seminary training relating to Anglophone West Africa The value of the book is that its contents apart from filling a vacuum in the ecclesiastical history of West Africa will supply the factual basis upon which an objective evaluation can be given about the efforts of the Western missionary theological training until 1970 **Fruits of Obedience** Adegoke Arimoro, 2003 Proliferation of Churches in Nigeria S. Contemporary Dimensions in Nigerian Music Charles Aluede, Albert Oikelome, 2021-01-04 From ancient to contemporary times music in the area known as Nigeria has passed through different stages of transmutation Primarily transmitted through oral means has in the last century received significant scholarly attention Areas like folksong documentation ethno organological studies popular music studies and art music have continued to feature in scholarly discourse Societal dynamism allows room for scholarly reassessment and evaluation of aspects of Nigerian music thus reflecting change and continuity in the area It is within this cusp that this book looks at contemporary trajectories in Nigerian music *Christian Higher Education* Joel Carpenter, Perry L. Glanzer, Nicholas S. Lantinga, 2014-03-07 This book offers a fresh report and interpretation of what is happening at the intersection of two great contemporary movements the rapid growth of higher education worldwide and the rise of world Christianity It features on site evaluative studies by scholars from Africa Asia North America and South America Christian Higher Education A Global Reconnaissance visits some of the hotspots of Christian university development such as South Korea Kenya and Nigeria and compares what is happening there to places in Canada the United States and Europe where Christian higher education has a longer history Very little research until now has examined the scope and direction of Christian higher education throughout the world so this volume fills a real gap **The Living Church**, 1960 The Mandates of the Church Rich Ayo Adekoya, 2015-06-29 In this thought provoking and momentous book the author poses the questions what is the role of the church in our society and should there be any relationship between the state and the church for the development of the society and what could be the effect of such collaboration if there is any In asking on what bases is the church getting involved with the society he explores both the

Biblical foundations and three major theories that have emerged about societies and social behaviour Particular attention is paid to the relationship between religion and social change to the case of the church in Lagos Nigeria as an agent of social and political change in society Using a thematic structure Richard Adekoya illustrates different roles the church can play in society especially in a democratic milieu for example humanity services educational development spiritual and moral development and social and ethical development He examines the various contributions of the churches in Nigeria right from the missionaries era to the contemporary dispensation The book basically proved that the church mandate is not limited to its evangelical obligations Its involvement in many aspects of peoples lives in society particularly the social and political aspects is part of its cultural mandate This is a challenging book rich in example and wide ranging in scope key ideas that so often appear impossible for the church to practice employment generation political leadership public enlightenment tackling corruption in the polity here practically seem possible Richard Adekoyas excellent work tackles this set of issues in a very thorough way By looking at the issues through the lens of the Bible church history and sociological analysis he makes a powerful theological case for the involvement of the church in the societies in which it finds itself called to give a witness Understandably and helpfully there is a particular emphasis on Nigeria a nation which he knows well By choosing Nigeria as a kind of case history the broader general case is given a particular and penetrating illustration that strengthens his wider argument Dr Martin Robinson Principal ForMission College Birmingham UK Church and Politics in Eastern Nigeria, 1945-66 Elochukwu C. Amucheazi, 1986 **Scheme of Church Union** Nigeria Church Union Committee, 1963 *Civil Society, Conflict Resolution, and Democracy in Nigeria* Darren Kew, 2016-05-31 African nations have watched the recent civic dramas of the Arab Spring and Occupy Wall Street asking if they too will see similar civil society actions in their own countries Nigeria Africa s most populous nation has long enjoyed one of the continent s most vibrant civil society spheres which has been instrumental in political change Initially viewed as contributing to democracy s development however civil society groups have come under increased scrutiny by scholars and policymakers Do some civil society groups promote democracy more effectively than others And if so which ones and why By examining the structure organizational cultures and methods of more than one hundred Nigerian civil society groups Kew finds that the groups that best promote democratic development externally are themselves internally democratic Specifically the internally democratic civil society groups build more sustainable coalitions to resist authoritarian rule support and influence political parties more effectively articulate and promote public interests in a more negotiable fashion and most importantly inculcate democratic norms in their members which in turn has important democratizing impacts on national political cultures and institutions Further internally democratic groups are better able to resolve ethnic differences and ethnic based tensions than their undemocratically structured peers This book is a deeply comprehensive account of Nigerian civil society groups in the late twentieth and early twenty first centuries Kew blends democratic theory with conflict resolution methodologies to argue that the manner in

which groups and states manage internal conflicts provides an important gauge as to how democratic their political cultures are. The conclusions will allow donors and policymakers to make strategic decisions in their efforts to build a democratic society in Nigeria and other regions.

African Initiated Christianity and the Decolonisation of Development Philipp Öhlmann, Wilhelm Gräb, Marie-Luise Frost, 2020-01-07 This book investigates the substantial and growing contribution which African Independent and Pentecostal Churches are making to sustainable development in all its manifold forms. Moreover, this volume seeks to elucidate how these churches reshape the very notion of sustainable development and contribute to the decolonisation of development. Fostering both overarching and comparative perspectives, the book includes chapters on West Africa (Nigeria, Ghana, and Burkina Faso) and Southern Africa (Zimbabwe and South Africa). It aims to open up a subfield focused on African Initiated Christianity within the religion and development discourse, substantially broadening the scope of the existing literature. Written predominantly by scholars from the African continent, the chapters in this volume illuminate potentials and perspectives of African Initiated Christianity, combining theoretical contributions, essays by renowned church leaders, and case studies focusing on particular churches or regional contexts. While the contributions in this book focus on the African continent, the notion of development underlying the concept of the volume is deliberately wide and multidimensional, covering economic, social, ecological, political, and cultural dimensions. Therefore, the book will be useful for the community of scholars interested in religion and development, as well as researchers within African studies, anthropology, development studies, political science, religious studies, sociology of religion, and theology. It will also be a key resource for development policymakers and practitioners.
