Messianic Jewish Congregations Who Sold This Business To The Gentiles:

The Messianic Movement Rich Robinson, 2005 *Messianic Jewish Congregations* Jeffrey S. Wasserman, 2000

Messianic Jewish Congregations examines the present state of Jewish believers in Jesus in Israel and North America. A bulk of the information has been gained with the use of surveys, personal interviews and visits to congregations. Wasserman begins by tracing the history of Jewish leadership in the church. He then analyzes in detail the worship style of Messianic congregations. Two chapters are given to the substance of the surveys concentrating on fellowship, discipleship and evangelism. Finally, the book examines indigenous cultural expression and the factors that contribute to congregational success. The book will interest Christians who want to understand the presence of Jews in the church and students of religion.

Mishpachah Leonard J. Greenspoon, 2016-10-15. Dictionary definitions of the term mishpachah are seemingly straightforward. A Jewish family or social unit including close and distant relatives, sometimes also close friends. As accurate as such definitions are, they fail to capture the diversity and vitality of real flesh and blood Jewish families. Families have been part of Jewish life for as long as there have been Jews. It is useful to recall that the family is the basic narrative building block of the stories in the biblical book of Genesis, which can be interpreted in the light of ancient literary traditions, archaeological discoveries and rabbinic exegesis. Rabbinic literature also is filled with discussions about interactions, rancorous as well as amicable, between parents and among siblings. Sometimes harmony characterizes relations between the parent and the child, as often, alas, there is conflict. The rabbis, always aware of the realities of life, chide and advise as best they can. For the modern period, the changing roles of males and females in society at large have contributed to differing expectations as to their roles within the family. The relative increase in the number of adopted children from both Jewish and non-Jewish backgrounds and, more recently, the shifting reality of assisted reproductive technologies and the possibility of cloning human embryos all raise significant moral and theological questions that require serious consideration. Through the studies brought together in this volume, more than a dozen scholars look at the Jewish family in a wide variety of social, historical, religious and geographical contexts. In the process, they explore both diverse and common features in the past and present and they chart possible courses for Jewish families in the future.

New Testament Theology in Light of the Church's Mission Jon C.

Laansma, Grant Osborne, Ray Van Neste, 2011-11-09. This book offers important new case studies in understanding the theology and praxis of mission in the New Testament and in reading the New Testament for mission. Significant scholars from around the world explore aspects of the missional theology of the Gospels, Acts, Paul, Hebrews and Revelation. The essays are offered as a fitting tribute to I. Howard Marshall, one of the most outstanding evangelical New Testament scholars of his generation.

Judaizing Christianity and Christian Zionism in Northern Ireland Véronique Altglas, 2025-04-22. This book explores the contemporary Judaization of evangelical Christianity through the ethnography of a Messianic congregation in Northern Ireland. A constellation of Messianic congregations have expanded worldwide over recent years, combining Jewish

liturgy symbols and artifacts with prophecies about the End Times and the return of Jesus Increasingly recognized as a legitimate subdivision within evangelicalism the Messianic movement has facilitated a popularization of Jewish practices and symbolism beyond its own congregations The author considers What insights do these congregations offer about the deregulation of religions Is there any logic to the combinations of Christian and Jewish sources in Messianic beliefs and practices How can we understand this fascination with Jews and Judaism Finally what is the political significance of Messianic relationship with Jewish people the state of Israel and Christian Zionism The book will be of particular interest to scholars of the sociology and anthropology of religion religion and politics and Jewish Christian relations **The Rowman**

& Littlefield Handbook of Christianity in the Middle East Mitri Raheb, Mark A. Lamport, 2020-12-15 This work represents the current and most relevant content on the studies of how Christianity has fared in the ancient home of its founder and birth Much has been written about Christianity and how it has survived since its migration out of its homeland but this comprehensive reference work reassesses the geographic and demographic impact of the dramatic changes in this perennially combustible world region The Rowman Littlefield Handbook of Christianity in the Middle East also spans the historical socio political and contemporary settings of the region and importantly describes the interactions that Christianity has had with other major minor religions in the region **Jews and Christians Together** A. Christian van Gorder, Gordon

Fuller, 2020-08-06 Rabbi Gordon Fuller and Dr Christian van Gorder are committed to helping people of both faith traditions gain as far as is possible a participant's appreciation of those from the other community This means addressing misconceptions and misrepresentations as well as challenging widely held assumptions Jews and Christians Together delves into the strained relationship between these two faith communities and exposes why these communities need to come to a better understanding and appreciation of the other Events such as the attack on the Tree of Life Synagogue in Pittsburgh Pennsylvania demonstrate why society must address and foil anti-Semitism and anti Judaism wherever and whenever such views appear The efforts of Fuller and van Gorder to explore these issues with their own faith communities can provide a helpful starting point to confront trends of increasing hate and bigotry towards Jews today Fuller and van Gorder ask us to acknowledge the marred history of Christianity and anti-Semitism so that we can explore healthy Jewish Christian dialogue and gain a shared and constructive mutual respect The Pentecostal Mission in Palestine Eric Nelson Newberg, 2012-06-13

The Pentecostal mission in Palestine is a virtually unknown episode in the history of Pentecostalism Its story begins in 1906 at the Azusa Street Revival from which missionaries were sent to Palestine In its first thirty years the Pentecostal mission in Palestine gained a foothold in Jerusalem and expanded its reach into Jordan Syria and Iran It was severely tested and lost traction during the tumultuous period of the Arab Revolts World War II and the Partition Crisis With the catastrophic war of 1948 the Pentecostal missionaries fled as their Arab clients were swept away in the Palestinian Diaspora After 1948 a valiant attempt was made to revive the mission but only with relative success Although the Pentecostal missionaries failed in their

objective of converting Jews and Muslims they were eyewitnesses of the formative events of the Arab Israeli conflict Newberg argues that the Pentecostal missionaries functioned as brokers of Pentecostal Zionism He offers a postcolonial assessment of the Pentecostal missionaries crediting them for advocating philosemitism yet bringing them up short for disregarding the civil rights of Palestinian Arabs espousing Islamophobia and contributing to the forces working against peace in the Holy Land

Who Is A Jew? Leonard J. Greenspoon, 2015-04-15 Jewish identity is a perennial concern as Jews seek to define the major features and status of those who belong while at the same time draw distinctions between individuals and groups on the inside and those on the outside From a variety of perspectives scholarly as well as confessional there is intense interest among non Jewish and Jewish commentators alike in the basic question Who is a Jew This collection of articles draws diverse historical cultural and religious insights from scholars who represent a wide range of academic and theological disciplines Some of the authors directly address the issue of Jewish identity as it is being played out today in Israel and Diaspora communities Others look to earlier time periods or societies as invaluable resources for enhanced and deepened analysis of contemporary matters All authors in this collection make a concerted effort to present their evidence and their conclusions in a way that is accessible to the general public and valid for other scholars The result is a richly textured approach to a topic that seems always relevant If as is the case no single answer appeals to all of the authors this is as it should be We all gain from the application of a number of approaches and perspectives which enrich our appreciation of the people whose lives are affected for better or worse by real life discussions of this issue and the resultant actions toward exclusivity or inclusivity

Introduction to New and Alternative Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religions are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more misunderstanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith's legitimacy beliefs methods of conversion and other facets of a religious movement's viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1

History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more *Voice* ,2002

Landscapes of Christianity James S. Bielo,Amos S. Ron,2022-09-22 How do Christians make relationships with land central to their faith How have the realities of materiality geography and ecology shaped Christian territories of belonging and theologies of territory What social economic political conditions surround exchanges between religion and nature This book explores how Christianity intersects with nature to create unique religious landscapes Case studies range from the Mormon Trail across the USA completed by thousands every year to the Catholic devotional cult of and shrine to St Padre Pio of Pietrelcina Contributors examine the entangled forms of agency between nature and culture that are at work as Christians produce consume experience imagine inhabit manage and struggle over formations of land Focusing on Christian engagements with land forms in the early 21st century this book advances the spatial turn in the study of religion contributes to the anthropology of religion and the study of global Christianities as well as our understanding of the relationship between Christianity space and place *Sacred Times for Chosen People* Evert W. Poll,2008 **On the Road to Armageddon**

Timothy P. Weber,2004 Examines dispensationalism the evangelical relationship with Israel and how it affects American politics regarding the Middle East *Index to Jewish Periodicals* ,2005 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests **Introduction to New and Alternative Religions in America: Jewish and Christian traditions** Eugene V. Gallagher,W. Michael Ashcraft,2006 Annotation Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much

more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more **The**
