Metamorphoses: Apuleius, 1989 **New Approaches to Ancient Material Culture in the Greek & Roman World**

Catherine Cooper, 2020-11-16 New Approaches to Ancient Material Culture in the Greek Roman World is about Classical Archaeology at its broadest and is important reading to all Classicists As part of a recent movement to highlight the rich diversity of the subject it overcomes traditional disciplinary boundaries to show the variety of current approaches to the study of Classical Antiquity from the Late Bronze Age to the Late Antique period The multi disciplinary papers deal with archaeology and art history museum objects and fieldwork data ancient texts and material culture archaeological theory and historiography and technical and literary analysis The international contributors discuss a selection of methodologies currently used to study ancient material and illustrate their relevance through case studies which span the Greek and Roman world Sounding the Bookshelf 1501 Tim Shephard, Oliver Doyle, Ciara O'Flaherty, Annabelle Page, Laura

Ștefănescu, 2025-08-06 Sounding the Bookshelf 1501 explores how everyday texts in Renaissance Italy engaged with music sound and hearing Of the 358 known editions printed in 1501 only a few contained formal music notation or specialist theory Yet a surprising wealth of musical knowledge emerges from religious texts classical commentaries lifestyle guides poetry and more These sources rarely penned by professional musicians reflect the broader cultural presence of music in early 16th century life touching on themes like music's moral influence its role in education and its scientific understanding Drawing from an ambitious cross disciplinary survey this groundbreaking study repositions everyday references to music as vital to understanding Renaissance musical culture It challenges scholars to look beyond elite and theoretical traditions and instead engage with the rich often overlooked world of non specialist musical discourse Set against the backdrop of 1501 a landmark year when Ottaviano Petrucci revolutionized music printing this book offers a compelling snapshot of how music was understood and discussed by ordinary readers in Renaissance Italy By sounding out these diverse voices the project reimagines the contours of music history and opens new avenues for musicological inquiry **Evolution of Direct**

Discourse Marking from Classical to Late Latin Jana Mikulová, 2022-09-19 If you read a work by Cicero or Seneca and then open The Pilgrimage of Egeria Augustine or Gregory of Tours you will soon notice that Late Latin authors quote authorities differently They provide a perfect example of synthesising two potentially conflicting traditions classical and biblical This book examines how the system of direct discourse marking developed over the centuries It focuses on selecting marking means presents the dynamics of change and suggests factors that might have been at play The author guides the reader on the path that goes from the Classical prevalence of *inquit* to the Late innovative mix of marking words including the very classical *inquit* an increased use of *dico* the newly recruited *ait* and *dicens* influenced by biblical translations The book suggests that Late authors tried to make reading and understanding easier by putting quotative words before quotations and increasing the use of redundant combinations e.g. he answered saying Pilosity, Prejudice, and Passion in

The Tale of Old Bearded Achbor by Yaakov ben El'azar of Toledo Tovi Bibring, 2025-05-22 In *Pilosity Prejudice and Passion in The Tale of Old Bearded Achbor* by Yaakov ben El'azar of Toledo Tovi Bibring argues that behind the restless parody and the sour tone of the tale lies a fierce discourse of hate toward the Other incarnated as a black woman as well as an insistent alarm regarding the threat of assimilation Following an enticing fully annotated translation of an overwhelming medieval Hebrew composition featuring a pathetic sermon a hedonist feast a love liaison violent shaming and murder Bibring artfully explores their significances through a variety of chapters From highlighting how hair symbolism and color symbolism construe dangerous prejudices to suggesting that Achbor is a symbolic incarnation of a new Balaam the author through close readings of selected excerpts draws connections to the broader medieval and classical context By highlighting possible literary correspondences she sheds insightful light on this mysterious tale This book stands as a testament to the richness of medieval European Hebrew culture making it a must read for scholars and enthusiasts alike

The Persephone Myth in Young Adult Fiction Cristina Salcedo González, 2024-12-12 Investigating the widespread but understudied presence of the Persephone myth within 21st century young adult literature Cristina Salcedo González analyses six young adult novels which incorporate a reworking of this ancient Greek myth Through the identification of mythic themes mythemes and patterns within these novels González shows that these works evoke the female life cycle and develop current perceptions of the female maturational experience As a result Salcedo González makes an important contribution in establishing the cultural significance of young adult literature in the world of classical reception These novels all written by women also inflect or interpret the myth in ways influenced by their contemporary contexts specifically the impact of the novels target readership on the aspects of the myth that are either emphasised e.g. Persephone's descent into the underworld her existence there and her re-ascent or de-emphasised e.g. the mourning and wanderings of Demeter This book makes original methodological contributions through its innovative dual perspective of myth criticism and classical reception to our understanding of the academically neglected genre of young adult literature and the reception of the myth of Persephone As a result Salcedo González significantly contributes to establishing the cultural significance of young adult literature within the realm of classical reception

Hexter, 2025-12-02 *Entertaining Ambiguities* explores the intersections of male male sexual activities subcultures and coded language with classical reception university culture and Italian humanism Through his excavation of a pair of Latin comedies *Janus the Priest* and *The False Hypocrite* written and performed by law students at the University of Pavia in 1427 and 1437 respectively Ralph Hexter shows how these plays expand our understanding of the range of contemporary attitudes to male male sexual behavior beyond previously studied registers whether legal ecclesiastical or natural scientific The plot of the two plays one of which is an adaptation of the other involves the entrapment of a priest who is eager for sexual activity with men Digging deeply into precisely how the student ringleader of the entrapment plot persuades the priest to visit him in his rooms

for an assignation Hexter uncovers the coded language that the student uses to seemingly establish himself as a member of a network of like minded men convincing the priest to let his guard down Hexter reads this coded language within his examination of the context of the plays performance and circulation including careful reading of a range of Italian and Latin sources such as Boccaccio's Decameron Apuleius's Golden Ass comedies by Plautus and Terence and Beccadelli's Hermaphroditus among others In doing so he demonstrates how passages throughout both plays disrupt received ideas about the period's sexual conventions and sexual possibilities Reading against the grain against orthodox expectations Hexter reveals the plays seemingly moralizing endings to be more suggestive and more ambiguous than they appear Including an appendix presenting the first published English translations of both plays Entertaining Ambiguities offers a new account of the history of sexuality changing social mores and intellectual exchange at the dawn of the Renaissance
