*The Story of Sylvia* Rowan Hamilton, 1893 **The Story of the Century** Karl Eysenbach, 2009 Clem Reader is a reporter on the celebrity beat who accidentally stumbles onto the story of the century At the same time he loses himself in a passionate affair with Saroyan Pashogi one of the world's most famous and beautiful movie stars As the lovers fall under government surveillance Saroyan finds additional evidence and the government begins action to permanently silence them along with anyone else who knows the secret Will the lovers survive Will the world survive It's a tale with extraterrestrials drug running and political corruption that will keep you going until the final chapter *Faith of the Heart* Sandy James, 2017-06-27 Investigative reporter Joshua Miller has turned his back on life Since cancer claimed his wife he can't bring himself to write another story Then he hears about a fascinating woman who piques his curiosity After being struck by lightning Sarah Reid finds herself with a gift and a curse She can heal the sick and dying She soon realizes that along with the special gift also comes danger to her own life Feeling responsible for the death of her best friend Sarah reasons that perhaps she has received the gift to make amends no matter the personal cost Neither expects sparks to fly when they meet Sarah discourages Josh's persistence in investigating her while he fights his attraction refusing to acknowledge that she can truly save people Can Sarah break through Josh's stubborn cynicism and show him that miracles really can come true by leading him back to love *Foucault Now* James Faubion, 2014-02-27 Michel Foucault is recognized as one of the twentieth century

s most influential thinkers however the authors in this volume contend that more use can be made of Foucault than has yet been done and that some of the uses to which Foucault has so far been put run the risk of and occasionally simply amount to misuse This interdisciplinary volume brings together a group of esteemed scholars recognized for their command of and insights into Foucault's oeuvre They demonstrate the many respects in which Foucault's project of an ontology of the present remains vital and continues to yield compelling insights and show that an ontology of the present is restricted to no particular terrain but instead ranges widely and on paths that frequently intersect The essays in this much needed new collection address the key components of Foucault's thought ranging from his approach to power biopolitics and parrhesia to analysis of key texts such as *Folie et D raison* and *Histoire de la sexualit* This collection will spark debate amongst students and scholars alike and demonstrates that every further encounter with Foucault's corpus is more likely than not to demand a revisiting of interpretations already formulated conclusions already drawn uses already devised Contributors include Didier Eribon Eric Fassin John Forrester Ian Hacking Lynne Huffer Colin Koopman James Laidlaw Laurence McFalls Mariella Pandolfi Paul Rabinow and Cary Wolfe

**The Story of Utopias: Ideal Commonwealth and Social Myths** Lewis Mumford,2020-09-28 It is a sunny day and I am sitting on the top of a mountain Until this morning it had been the mountain of a fairy story that was twenty centuries old Now it is a mighty hill and I can feel its warm coat of white reindeer moss and if I were willing to stretch out my hand I could pluck the red berries that are in full bloom A hundred years from now it will be gone For it is really a large chunk of pure iron dumped by a playful Providence in the very heart of Lapland Do you remember an old tale of Norse mythology How somewhere far in the north there stood a high peak of iron which was a hundred miles high and a hundred miles wide And how a little bird came to it once every thousand years to sharpen its beak And how when the mountain was gone a single second of all eternity would have passed by I heard it told as a child I remembered it always and I told it to my own boys when they began to learn history It seemed the invention of some prehistoric Hans Christian Andersen It belonged to the imaginary scenery of our dreams The story has come true and I have found my old mountain where I least expected it To make the cycle of coincidence perfect this hill was named after a bird The Lapp with a fine sense of sound called the ptarmigan Kiru Kirunavaara no longer hears the shrill kiru kiru of rising birds Twice a day it listens to the terrific detonation of half a hundred charges of dynamite Then it is shaken by the little trains which carry the rock to the valley In the evening it sees the lights of the large electric engines which hoist the valuable metal across the arctic wilderness of Lake Tornotrask Two months later the ore has been melted and worked into those modern articles of trade which go by the name of bridges and automobiles and ships and apartment houses and a thousand other things which once promised to elevate man from the ranks of the beasts of burden What has become of that promise the survivors of the last eight years know with great if gruesome accuracy Even the humble Lapp has heard of the great upheaval and has asked why the white people should kill each other when the whole world was full of reindeer and when God has given us the hills and the plains so that forever there should be food enough for the long days of summer and the longer nights of the endless winter
