Care Management Donald Zimmerman, Denise G. Osborn-Harrison, 2016-12-15 Moves beyond traditional definitions of patient centered care to improve the experience of a real person as patient How might the entire system for producing delivering and paying for health care be changed so that real people fare better than they currently do This text applies person focused principles to health management decision making aimed at improving the personal experience of care within health care institutions to improve outcomes and cost savings Written and edited by distinguished educators and researchers with decades of health care policy experience the text examines how health care managers can initiate and direct the process of system transformation by understanding and using a greater person focus in their decision making It encompasses the key domains of management competencies defined by the AUPHA CAHME and NCHL The text brings together experts across a variety of health care management disciplines to examine how managerial decisions affect the personal experience of patient care It is based on observations that many of the current problems facing health care managers are caused by lack of attention to what happens when real people are transformed into patients and treated routinely by the US health care system Moving beyond traditional definitions of patient centered care the book explores how our entire system for producing delivering and paying for care can be changed so that the internal experience of people receiving care is a positive one The book helps to develop specific rules for improving the experience of care through better managerial decision making Case studies with discussion questions facilitate creative problem solving based on sound decision making Also included are extensive links to online content along with an Instructor s Manual PowerPoint slides and more Key Features Describes how the person focused model leads to better outcomes Discusses the impact of management decisions on the personal experience of clinical care Addresses the personal and clinical problems created through our current system s standard health care delivery and financing Applies basic principles of management decision making to key operational issues to improve the personal experience of care Fulfills key learning competencies defined by AUPHA CAHME and NCHL

On the Limits of the Law Stephen C. Halpern, 1995 On the Limits of the Law is Stephen Halpern s compelling examination of the legal struggle to control the enforcement of Title VI of the 1964 Civil Rights Act the historic provision prohibiting racial discrimination in programs receiving federal financial assistance Although the provision appeared to have immense power to fight racial inequality in education Halpern argues attacking the problem through legal rights and litigation distorted our understanding of educational inequality based on race and limited the remedies used to address it Stephen Halpern has made a substantial and original contribution to the analysis of law and civil rights Concentrating on original or primary sources and including very informative interviews he offers a superb review of the historical and political context of the Civil Rights Act of 1964 and the United States Supreme Court s desegregation decisions All who are interested in civil rights history and enforcement the administrative process and the role of courts in pursuing racial and social justice will want to read this book Kenneth Tollett Howard University

Because of Race Mica Pollock, 2010-10-25 In Because of Race Mica

Pollock tackles a long standing and fraught debate over racial inequalities in America s schools Which denials of opportunity experienced by students of color should be remedied Pollock exposes raw real time arguments over what inequalities of opportunity based on race in our schools look like today and what if anything various Americans should do about it Pollock encountered these debates while working at the U S Department of Education s Office for Civil Rights in 1999 2001 For more than two years she listened to hundreds of parents advocates educators and federal employees talk about the educational treatment of children and youth in specific schools and districts People debated how children were spoken to disciplined and ignored in both segregated and desegregated districts and how children were afforded or denied basic resources and opportunities to learn Pollock discusses four rebuttals that greeted demands for everyday justice for students of color inside schools and districts She explores how debates over daily opportunity provision exposed conflicting analyses of opportunity denial and harm worth remedying Because of Race lays bare our habits of argument and offers concrete suggestions for arguing more successfully toward equal opportunity

Handbook for Achieving Gender Equity Through Education

Susan S. Klein, Barbara Richardson, Dolores A. Grayson, Lynn H. Fox, Cheris Kramarae, Diane S. Pollard, Carol Anne Dwyer, 2014-05-22 First published in 1985 the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education This new expanded edition provides a 20 year retrospective of the field one that has the great advantage of documenting U S national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX the landmark federal law prohibiting sex discrimination in education equity programs and research Key features include Expertise Like its predecessor over 200 expert authors and reviewers provide accurate consensus research based information on the nature of gender equity challenges and what is needed to meet them at all levels of education Content Area Focus The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters including mathematics science and engineering Global Diversity Focus Global gender equity is addressed in a separate chapter as well as in numerous other chapters The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans Latina os Asian and Pacific Island Americans American Indians gifted students students with disabilities and lesbian gay bisexual and transgender students Action Oriented All chapters contain practical recommendations for making education activities and outcomes more gender equitable A final chapter consolidates individual chapter recommendations for educators policymakers and researchers to achieve gender equity in and through education New Material Expanded from 25 to 31 chapters this new edition includes more emphasis on male gender equity and on sexuality issues special within population gender equity challenges race ability and disability etc coeducation and single sex education increased use of rigorous research strategies such as meta analysis showing more sex similarities and fewer sex differences and of evaluations of implementation programs technology and gender equity is now treated in three chapters women s and gender studies communication skills

relating to English bilingual and foreign language learning and history and implementation of Title IX and other federal and state policies Since there is so much misleading information about gender equity and education this Handbook will be essential for anyone who wants accurate research based information on controversial gender equity issues journalists policy makers teachers Title IX coordinators equity trainers women s and gender study faculty students and parents **The Women's Educational Equity Act** United States.
