Gladiator meets Game of Thrones a royal woman becomes a skilled warrior to destroy her murderous cousin, avenge her family and save her kingdom in this first entry in a dazzling fantasy epic from the New York Times and USA Today bestselling author of the Elemental Assassin series, an enthralling tale that combines magic, murder, intrigue, adventure and a hint of romance. In a realm where one's magical power determines one's worth, Lady Everleigh's lack of obvious ability relegates her to the shadows of the royal court of Bellona, a kingdom steeped in gladiator tradition. Seventeenth in line for the throne, Evie is nothing more than a ceremonial fixture, overlooked and mostly forgotten. But dark forces are at work inside the palace. When her cousin Vasilisa the crown princess assassinates her mother, the queen, and takes the throne by force, Evie is also attacked along with the rest of the royal family. Luckily for Evie, her secret immunity to magic helps her escape the massacre. Forced into hiding to survive, she falls in with a gladiator troupe. Though they use their talents to entertain and amuse the masses, the gladiators are actually highly trained warriors skilled in the art of war, especially Lucas Sullivan, a powerful magician with secrets of his own. Uncertain of her future or if she even has one, Evie begins training with the troupe until she can decide her next move. But as the bloodthirsty Vasilisa exerts her power, pushing Bellona to the brink of war, Evie's fate becomes clear: she must become a fearsome gladiator herself and kill the queen. *Ai Weiwei's Blog* Ai Weiwei, 2011-03-18

Manifestos and immodest proposals from China's most famous artist and activist, culled from his popular blog shut down by Chinese authorities in 2009. In 2006, even though he could barely type, China's most famous artist started blogging. For more than three years, Ai Weiwei turned out a steady stream of scathing social commentary, criticism of government policy, thoughts on art and architecture, and autobiographical writings. He wrote about the Sichuan earthquake and posted a list of the schoolchildren who died because of the government's豆腐工程 (tofu dregs engineering). He reminisced about Andy Warhol and the East Village art scene, described the irony of being investigated for fraud by the Ministry of Public Security, made a modest proposal for tax collection. Then on June 1, 2009, Chinese authorities shut down the blog. This book offers a collection of Ai's notorious online writings translated into English, the most complete public documentation of the original Chinese blog available in any language. The New York Times called Ai a figure of Warholian celebrity. He is a leading figure on the international art scene, a regular in museums and biennials, but in China he is a manifold and controversial presence: artist, architect, curator, social critic, justice seeker. He was a consultant on the design of the famous Bird's Nest stadium but called for an Olympic boycott; he received a Chinese Contemporary Art lifetime achievement award in 2008 but was beaten by the police in connection with his citizen investigation of earthquake casualties in 2009. Ai Weiwei's Blog documents Ai's
