Everything Such a theory has been the Holy Grail of physicists for more than fifty years My Big TOE delivers the solution to that scientific quest at the layman s level with precision and clarity This book is an adventure into the overlapping worlds of science philosophy and metaphysics It is tightly analytical and logical as all good works of science and philosophy should be while at the same time down to earth easily understandable and full of good humor No leaps of faith or beliefs of any sort are required to get to where these books will take you Campbell did not put the My in My Big TOE to flaunt pride of authorship Nor does the My indicate any lack of generality or applicability to others The My was added to be a constant reminder to you that this reality model cannot serve as your personal Big TOE until it is based upon your personal experience On the other hand personal or subjective experience is only one piece of the reality puzzle In the objective physical world of traditional science My Big TOE delivers a comprehensive model of reality that subsumes modern science describes our objective material reality and is universally applicable Contemporary physics is shown to be a special case of a more general set of basic principles

A Contemporary Romantic Drama Suspense Thriller Romance Series

When Coral Stevens first met Tristan Freeman, sparks flew and fear exploded, causing her tentatively safe world to brew with defensiveness and mistrust. Tristan, for his part, somehow worked his magic and managed to break down Coral's walls, wearing down the barriers she threw between them until Coral's heart was firmly caught in his grasp. But Coral had no idea that meeting him would lead her to challenge every aspect of her life, including her own mortality. As she begins to recover from her ordeal, she must learn to let go of her need to control and allow Tristan to take care of her, for he has become her best friend, her passionate lover, her bright light in the darkness, and maybe with his help, she can finally lay the ghosts of her past to rest. Now they must prove to each other, no matter how hard it gets, they have become intrinsically woven into the web of each other's lives. Forever. Or will fate take over again and play a hand neither one of them can see?
