Bessma Momani, 2015-11-26 In the West news about the Middle East is dominated by an endless stream of reports and commentary about civil war sectarian violence religious extremism and economic stagnation But do they tell the full story For instance who knew that university enrolment in the war torn Palestinian territories exceeds that of Hong Kong or that more than a third of Lebanese entrepreneurs are women Change is on its way in the Middle East argues Bessma Momani and its cause is demographic Today one in five Arabs is between the ages of fifteen and twenty four Young optimistic and increasingly cosmopolitan their generation will shape the region s future Drawing on interviews surveys and other research conducted with young people in fifteen countries across the Arab world Momani describes the passion for entrepreneurship reform and equality among Arab youth With insightful political analysis based on the latest statistics and first hand accounts Arab Dawn is an invigorating study of the Arab world and the transformative power of youth **Learning from Islam**

Kamal al-Kanady, 2012-05-23 Trust is debating the Israel Palestine conflict with a conservative Sunni barber holding a straight razor to your throat Kamal al Kanady An immigrant white Christian businessman from Canada writes about his experiences in a majority Islamic country in the Middle East He is a family man a management consultant and one of those scholarly types that reads history books for entertainment He has been learning not just Arabic and business but learning from Islam about how he would like to live as a Christian This book is a call to humility and inclusion in Christian Muslim dialogue There are more than a billion of each faith on the planet now and the relationship between the world s two largest faiths is too important to be left to the minority of priests and imams to sort out Regular everyday Muslims and Christians need to be building bridges investing in understanding and approaching each other with a humble orthodoxy Perhaps we could start by simply inviting each other over for tea **None of the Above** Elie Mikhael Nasrallah, 2014-08-22 The notion of redefining religion s role in our lives is not an academic exercise It is an urgent modern imperative This book confronts all religious dogma It challenges the idea and practice of the need for a middle man between man and God It invites the reader

to consider the modern rise of the Nones the religiously unaffiliated and to join this magnificent silent social tsunami It explores with vivid and compelling narrative the story of the Nones showing the who when where and how of this revolt against religious corruption and its preoccupation with power money and politics Born in the East Lebanon living in the West Canada Elie M Nasrallah offers the reader emotion ridden stories as he draws from personal experience of the Lebanese War to highlight the role of organized religion in the Middle East and around the world The content and style are both provocative and captivating making the theme timely and timeless Are you fed up with orthodoxy and willing to free yourself from the shackles of conformity outdated practices and stale tales of the tribe If so then this book is for you *Canada's Department of Terrorism?* Hamad Subani,2013-09-18 In October 2010 Al Qaida attempted to bomb two cargo planes flying out of the Middle East They took credit for this failed attempt through an English magazine named INSPIRE Was INSPIRE really the work of Al Qaida or was it s editor a Canadian named Beverly Giesbrecht She had earlier hosted a reactionary Al Qaida website jihadunspun com out of Vancouver Canada In 2008 she was kidnapped in Afghanistan while trying to infiltrate the Taliban Shortly after she was released in June 2009 she died disappeared in strange circumstances Or was this an exit strategy And was INSPIRE her new assignment Using his personal familiarity with Bev s first foray into the world of Jihad jihadunspun com the author connects Bev to INSPIRE magazine and by extension to the cargo plane bombing plot What emerges is a sinister picture of Western Intelligence Agencies floating their own secret Jihad groups for a variety of criminal undertakings and the anatomy of a false flag operation gone wrong **My Life as a Surgeon** John Syriaco,2017-10-12 Which complications can occur during and after surgeries What are the challenges that a surgeon could face The late war on Syria erupted and he fled to Canada What happened in Aleppo and other cities in Syria It was a mini world war that never happened before *The Arab Spring Abroad* Dana M. Moss,2022-04-21 The Arab Spring revolutions of 2011 sent shockwaves across the globe mobilizing diaspora communities to organize forcefully against authoritarian regimes Despite the important role that diasporas can play in influencing affairs in their countries of origin little is known about when diaspora actors mobilize how they intervene or what makes them effective This book addresses these questions drawing on over 230 original interviews fieldwork and comparative analysis Examining Libyan Syrian and Yemeni mobilization from the US and Great Britain before and during the revolutions Dana M Moss presents a new framework for understanding the transnational dynamics of contention and the social forces that either enable or suppress transnational activism This title is also available as Open Access on Cambridge Core *Democracy in Canada* Donald J. Savoie,2019-09-02 Canada s representative democracy is confronting important challenges At the top of the list is the growing inability of the national government to perform its most important roles namely mapping out collective actions that resonate in all regions as well as enforcing these measures Others include Parliament s failure to carry out important responsibilities an activist judiciary incessant calls for greater transparency the media s rapidly changing role and a federal government bureaucracy that has

lost both its way and its standing Arguing that Canadians must reconsider the origins of their country in order to understand why change is difficult and why they continue to embrace regional identities Democracy in Canada explains how Canada's national institutions were shaped by British historical experiences and why there was little effort to bring Canadian realities into the mix As a result the scope and size of government and Canadian federalism have taken on new forms largely outside the Constitution Parliament and now even Cabinet have been pushed aside so that policy makers can design and manage the modern state This also accounts for the average citizen's belief that national institutions cater to economic elites to these institutions own members and to interest groups at citizens own expense A masterwork analysis Democracy in Canada investigates the forces shaping the workings of Canadian federalism and the country's national political and bureaucratic institutions

**US Approaches to the Arab Uprisings** Amentahru Wahlrab, Michael J. McNeal, 2017-12-11 From nonviolent protests in Cairo and Manama to the ousting of Libya's Gaddafi and the beginning of the Syrian Civil War the series of uprisings which swept through the Middle East and North Africa from late 2010 have been burdened with the collective hopes and expectations of the world Western supporters quickly identified these uprisings as a collective awakening a move towards democracy but the continued unrest in these regions defies many of these more optimistic contemporary predictions As the region remains unstable the US and their Western allies are faced with the challenging task of modifying their strategic foreign policy goals to suit the currently mercurial Arab World The Arab Spring and its failure exposed a new set of questions What motivates American democracy promotion Does the US really want self determination in the Middle East and North Africa Where did the expectations of the protestors fit into this narrative U S Approaches to the Arab Uprisings provides a comprehensive assessment of Western foreign policy towards the Arab World today With analysis on subjects as diverse as social media and Islamic centrism and drawing from examples throughout the MENA region the book deals with the perception of Arabs and Arab culture in the American psyche and its effect on East West relations By analyzing both Western responses to uprisings and the reactions of the protestors themselves the

*Arab New York* Emily Regan Wills,2019-02-26 From Bay Ridge to Astoria explore political action in Arab New York Arab Americans are a numerically small proportion of the US population yet have been the target of a disproportionate amount of political scrutiny Most non Arab Americans know little about what life is actually like within Arab communities and in organizations run by and for the Arab community Big political questions are central to the Arab American experience how are politics integrated into Arab Americans everyday lives In *Arab New York* Emily Regan Wills looks outside the traditional ideas of political engagement to see the importance of politics in Arab American communities in New York Regan Wills focuses on the spaces of public and communal life in the five boroughs of New York which are home to the third largest concentration of people of Arab descent in the US Many different ethnic and religious groups form the overarching Arab American identity and their political engagement in the US is complex

Regan Wills examines the way that daily practice and speech form the foundation of political action and meaning Drawing on interviews and participant observation with activist groups and community organizations Regan Wills explores topics such as Arab American identity for children relationships with Arab and non Arab Americans young women as leaders in the Muslim and Arab American community support and activism for Palestine and revolutionary change in Egypt and Yemen Ultimately she claims that in order to understand Arab American political engagement and see how political action develops in Arab American contexts one must understand Arab Americans in their own terms of political and public engagement They are Regan Wills argues profoundly engaged with everyday politics and political questions that don t match up to conventional politics Arab New York draws from rich ethnographic data and presents a narrative compelling picture of a community engaging with politics on its own terms Written to expand the existing literature on Arab Americans to include more direct engagement with politics and discourse Arab New York also serves as an appropriate introduction to Arab American communities ethnic dynamics in New York City and elsewhere in urban America and the concept of everyday politics

The Afterlife in the Arab Spring Amira Mittermaier, 2018-10-03 Death lies at the beginning of the Arab uprisings and death continues to haunt them Most narratives about the Arab Spring begin with Mohammed Bouazizi a Tunisian fruit vendor who set himself on fire Egyptian protesters in turn referred to Khaled Said a young man from Alexandria whom the police had beaten to death This book places death at the centre of its engagement with the Arab uprisings counterrevolutions and their aftermaths It examines martyrdom and commemoration as performative acts through which death and life are infused with meaning Conversely it shows how in the making remembering and erasing of martyrs hierarchies are re produced and possible futures are foreclosed The contributors argue that critical anthropological engagement with death martyrdom and afterlife is indispensable if we want to understand the making of pasts and futures in a revolutionary present This book was originally published as a special issue of *Ethnos Journal of Anthropology*
