**The Value of Museums** John H. Falk, 2021-10-11 Written by one of the world s leading authorities on the public use of museums The Value of Museums Enhancing Societal Well Being provides a timely and compelling way for museum professionals to better understand and explain the benefits created by museum experiences The key insight this book advances is that museum experiences successfully support a major driver of human behavior the desire for enhanced well being Knowingly or not the business of museums has always been to support and enhance the public s personal intellectual social and physical well being Over the years museums have excelled at this task as evidenced by the almost indelible memories museum experiences engender People report that museum experiences make them feel better about themselves more informed happier healthier and more enriched all outcomes directly related to enhanced well being Historically benefits such as enhanced well being were seen as vague and intangible but Falk shows that enhanced well being when properly conceptualized can not only be defined and measured but also can be monetized However as many in the museum world are painfully aware what worked yesterday for museums may not work in the future as recessions and pandemics rapidly alter the landscape Although insights about past experiences are interesting what is needed now is a roadmap for the future Fortunately for museums the public s need for enhanced well being will not be disappearing any time soon enhanced well being is now and will always be a fundamental and on going human need What has and will change though is how people choose to satisfy their well being related needs The Value of Museums provides tangible suggestions for how museum professionals can build on their legacy of success at supporting the public s well being adapting to changing times and remaining relevant and sustainable in the future

**Cultural Mediation for Museums** Michela Addis, Isabella de Stefano, Valeria Guerrisi, 2023-01-31 This book presents an innovative application of strategic and

experiential marketing in the museum sector which uses a new cultural mediation model to enrich the visitor experience via increased audience engagement Leveraging a case study of the National Gallery of Modern and Contemporary Arts in Rome the book helps readers understand how to apply marketing management to cultural mediation enabling museums to segment the visitors market to drive improvements to arts accessibility and engagement By running a comprehensive and multi method research project the authors propose a customized cultural mediation model to support museums in facing the current challenges and build their future Our model supports museums in segmenting the visitors market and designing cultural mediation for enriched visitor experiences readers will also learn how to invest manage hire and train staff members devoted to this service resulting in more engaging and successful experiences This book will be a valuable resource for educational services offices at museums worldwide This book will also be of interest to researchers academics and scholars carrying out research in the fields of museum management cultural mediation and communication and marketing

**Curating Design** Donna Loveday, 2022-08-11 Illustrated with contemporary case studies Curating Design provides a history of and introduction to design curatorial practice both within and outside the museum Donna Loveday begins by tracing the history of the collecting and display of designed objects in museums and exhibitions from the 19th century cabinet of curiosities to the present day design museum She then explores the changing role of the curator since the 1980s with curators becoming much more than just keepers of a collection with a remit to create narrative and experiential exhibitions as well as develop the museum s role as a space of learning for its visitors Curating as a practice now describes the production of a number of cultural and creative outputs ranging from exhibitions to art festivals shopping environments to health centres conferences to film programming as well as museums and galleries Loveday explores how design has come to the fore in curatorial practice with new design museums opening around the world as well as blockbusting exhibitions of fashion and popular culture Interviews with leading practitioners from international design and arts museums provide a spotlight on contemporary challenges and best practice in design curatorship
