Música en Educación Primaria: la formación inicial del profesorado María Cecilia Jorquera Jaramillo,2024-03-01

El proyecto de investigación del que son fruto los estudios de caso y otros datos tratados en los diferentes capítulos de este libro se propone a evaluar la formación actual del profesorado de Música. En los años noventa cuando la música se incorporó plenamente al sistema educativo todo el alumnado de la educación obligatoria tuvo acceso a su aprendizaje además de iniciarse la formación del profesorado de la materia. En consecuencia ya es tiempo de abordar una evaluación de dicha formación. A partir de los datos empíricos aportados que reflejan la valoración de quienes enseñan o cursaron la formación del profesorado en Educación Primaria se dispone de referentes para las políticas educativas de reforma a fin de implementar mejoras reales en la formación del profesorado que a su vez den respuesta a las necesidades individuales sociales culturales y económicas de las aulas escolares. Precisamente los profundos cambios sociales y económicos y los rápidos avances tecnológicos que la sociedad española ha experimentado plantean retos en las aulas de educación obligatoria a los cuales el profesorado de Música deberá ser capaz de responder contando con la formación universitaria que recibe. Para contribuir a adecuar la formación del profesorado de Música en Educación Primaria los datos procedentes de investigación constituyen la razón del conocimiento producido gracias a un proyecto como el que es objeto de este libro. Esperamos que el enfoque empírico de este volumen pueda por una parte ayudar a concienciarnos sobre lo que está sucediendo en la formación inicial del profesorado de Música en diferentes lugares de España y por otra aportar información para implementar mejoras en la docencia y en la formación de este profesorado o quizás para la elaboración de políticas de formación docente basadas en datos reales.
