Muslim Evangelism Contemporary Approaches To Contextualization:

Muslim Evangelism Phil Parshall, 2003-08-01 Responding to the relative failure of Christians to evangelize Muslims Phil Parshall poses difficult questions about what is and is not essential to the Christian witness in Islamic contexts

Contextualization of the Gospel Andrew James Prince, 2017-06-07 There has been heightened interest and prolific publication by missiologists about contextualization since the term was first coined in 1972 There has been ongoing debate particularly amongst evangelicals themselves regarding which of these meanings methods and models of contextualization are acceptable to use Much of the debate has been carried out by academics and practitioners whose observations and conclusions have been largely shaped by the social sciences and practical theology In contrast the disciplines of biblical studies and Christian thought have not featured significantly in the debate The purpose of this research is to establish that biblical studies and Christian thought in general and Scripture and the church fathers in particular have an essential contribution to make in the contextualization debate and should form part of an evangelical approach to contextualization of the gospel alongside the social sciences and practical theology Following a review of the literature on contextualization over the past forty years the research examines the book of Acts as representative of Scripture and the work of John Chrysostom as a representative church father Contextual principles that are consistent with an evangelical approach to contextualization of the gospel are drawn from each work establishing the value of biblical studies and Christian thought in contextualization

Contextualization or Syncretism? Derek Brotherson, 2021-11-11 As Christians seek to follow Paul's example of becoming like all people in order to win them to Christ a key question arises How far is too far Is there a point where appropriate contextualization becomes gospel distorting syncretism With the growing prominence of Insider Movements in the Muslim majority world in recent decades these questions have become especially urgent and hotly debated Based on an in depth biblical theological study of key Bible texts used by Insider Movement proponents and critics this book provides a ground breaking new assessment tool for distinguishing contextualization from syncretism It provides an invaluable resource for those engaged in ministry amongst Muslims for those with questions about Insider Movement practices and for all who seek to grow in their understanding and practice of biblically grounded and authentic contextualization of the gospel

Toward a Healthier Contextualization among Muslims Wonjoo Hwang, 2019-01-23 Various ministry approaches have been utilized in Muslim nations in the past in order to lead lost souls into God's Kingdom One noticeable trend in recent years in the ministry is an increasing emphasis on contextualization While the evangelical missiological community searches for more effective contextualization models some ad hoc proposals have complicated the issue One representative case is the Insider Movement among Muslims whose advocates contend that Muslim followers of Isa Jesus can remain within their own Islamic socio religious community while continuing in Islamic religious practices What is urgently needed in the contemporary discussion on contextualization is to develop a comprehensive analytical framework based on a sound biblical theological

foundation for evaluating any missiological model After reviewing the historical development of Muslim evangelism models this study provides such an analytical framework for developing a healthier contextualization model among Muslims and applies this framework to the Insider Movement by critically evaluating the biblical interpretations and missiological reasonings of the Insider Movement advocates The writer calls for a healthier contextualization model among Muslims that is biblically authentic and culturally relevant

Living among the Breakage Duane Alexander Miller, 2016-09-23 Around the world people are leaving Islam for Christianity in unprecedented numbers This book seeks to look into the world of some of these converts trying to discern the shape of their newfound faith Why do they convert What challenges do they face And ultimately what do they in their own complex and sometimes difficult circumstances claim to have understood about God that while in Islam they had not In other words what is the content of their contextual theology In seeking to answer these questions Miller looks into the world of an unintentional church plant in the Arab world consisting of believers from a Muslim background visits with groups of Iranian converts in the diaspora and examines the written testimonies of still other converts In a world where Muslim Christian relations are increasingly important and sometimes tendentious this book examines the lived faith and contextual theology of people who have chosen to leave Islam and embrace Christianity

Muslim Insider Christ Followers Jan Hendrik Prenger, 2017-03-15 Their Theological and Missional Frames Are Muslim insider Christ followers real believers Are they Muslims or Christians Does that matter The topic of insider movements is controversial within the church The debate rages on opinions differ widely and convictions often are defended aggressively The set of voices sorely missing from this hot debate has been that of the insiders themselves This book finally breaks that silence Henk Prenger researched the views of 26 Muslim insider Christ followers who are leaders in their movements You will be surprised by their insights Prenger presents their views on 21 theology proper topics such as God man the gospel sin Satan the cross heaven and hell the Bible and our mandate He plotted these views in a theological missional framework with four paradigms Fundamental Ecumenical Integral and Global This M Framework is a powerful catalyst for honest conversations about theological paradigms that inform how we approach insider movements and the kingdom of God on earth

Journeys to New Life, Identity, and Community Peter Kwang-Hee Yun, 2021-09-06 In *Journeys to New Life Identity and Community* Dr Peter K Yun explores the complexities of identity for Muslim background believers MBBs in Bangladesh Encompassing scholarship surrounding contextualization and the insider movement as well as extensive personal interviews with Bangladeshi MBBs this book offers insight into the lived reality of following Christ within a Muslim context Yun identifies three primary approaches to negotiating social identity within MBB communities and examines the potential strengths and weaknesses of each as well as the implications for believers navigating the gospel's call to be within culture and simultaneously beyond it This book offers careful anthropological observation while speaking to missiological concerns and offering practical suggestions for local believers practitioners and future scholars It is a powerful resource for anyone

passionate about God's work in Muslim contexts **Narratives in Conflict** Matthew Aaron Bennett, 2019-11-18 Did Jesus die on the cross for our sins as the Gospels describe Or as Muslims often contend was Jesus rescued to heaven in order to avoid the shameful crucifixion that would be unbecoming of a messenger of God This debate has raged for generations and has caused no shortage of frustration among those seeking to explain the central teaching of the Christian faith to those influenced by the Qur'an What this book aims to do is uncover four barriers to understanding the biblical teaching on atonement that likely exist in the minds of our Muslim friends prior to asking about the historical reality of the Christ event What we will discover is that the Qur'an diverges from the biblical teaching on atonement at the lexical ritual narrative and worldview levels Each of these points of divergence presents a barrier to communication Therefore before arguing with our Muslim friends that Jesus died on the cross we must provide an answer to the prior question why would it matter This book argues that the Letter to the Hebrews provides a particularly helpful biblical starting point for overcoming all four barriers

The Life and Impact of Phil Parshall Kenneth Nehrbass, Mark Williams, 2021-06-15 Missions Begins with Love Being a witness for Jesus in Muslim contexts is often difficult complicated and even discouraging Over the past forty years Phil Parshall a leading authority on Muslim outreach has demonstrated that making friends with Muslims whether in the West or abroad is where our witness usually begins Brother Phil and his wife Julie were missionaries in Bangladesh for more than twenty years and later worked among Muslims in the Philippines During his tenure as a missionary leader Parshall authored a dozen books that helped shape current missiological perspectives about Muslim outreach In this volume the only edited work dedicated to exploring Phil Parshall's legacy seven respected missiologists interact with those ideas While all the contributors to this book have been inspired by Parshall's life and work some of them believe that Parshall's methods of contextualization could have been taken even further They ponder How can we further remove obstacles to following Jesus How do we navigate the fine lines between Muslim cultures and Muslim religious ideas What cultural and social aspects of Muslim life could cross cultural workers adopt when living among Muslims Here they share some of their victories and challenges encouraging Christian workers to press ahead on paths of outreach to Muslims that are fitting for the twenty first century context Discovering Church Planting J. D. Payne, 2009-08-04 J D Payne explores the biblical historical and missiological principles of global church planting and suggests ways that readers can apply international church planting practices to their own contexts

Shalom: God's Ultimate Purpose for the World Dae-Young Lee, 2021-06-23 What is our preconception about Muslims Do we continue to practice medical missions in a way that is no longer considered an effective means of presenting the gospel to the unreached Is our gospel message biblically balanced and firmly contextualized in the context that we try to serve There are numerous questions that we may ask ourselves when we desire to share God's love with people who are still alienated from it Christian cross cultural missions should reconsider the strategies and attitudes that no longer reflect biblical principles This book brings a lot of insightful thoughts and suggestions from the author's medical ministry experience in the Arab world to those who want to reach out to the unreached The theology of shalom enables us to deeply understand God's ultimate purpose toward the world that he created and to devote our lives to bring people to his kingdom in the humble way that Jesus has presented throughout his life on earth when he was with us This book demonstrates how Christian medical missions can be manifested in a more biblical way and can serve people who have been physically injured and emotionally broken more effectively

Religious Talk Online Stephen Pihlaja, 2018-03-01 In the online world people argue about anything and everything religion is no exception Stephen Pihlaja investigates how several prominent social media figures present views about religion in an environment where their positions are challenged The analysis shows how conflict creates a space for users to share explain and develop their opinions and beliefs by making appeals to both a core audience of like minded viewers and a broader audience of viewers who are potentially interested in the claims ambivalent or openly hostile The book argues that in the back and forth of these arguments the positions that users take in response to the arguments of others have consequences for how religious talk develops and potentially for how people understand and practice their beliefs in the twenty first century Based on original empirical research it addresses long debated questions in sociolinguistics and discourse analysis regarding the role of language in building solidarity defining identity and establishing genres and registers of interaction
