Terror's Triumph William Meier,2024-11-19 The idea of modern terrorism and the practice of terrorist violence emerged in Britain s first colony Ireland before spreading through imperial networks to South and East Asia to Africa and to the Middle East Thus empire not only birthed terror but also made it global And the sheer spread diversity and longevity of that empire produced multiple stages in the evolution of terrorism from rural intimidation to urban guerilla warfare to homegrown radicalism Indeed today s global terror challenges the ethics of counter terrorism the threats of Islamist and international terrorism and the rise of homegrown right wing extremism all have roots in colonialism

other Is the display of devotion in a cinema hall the same as devotion in a temple How do we understand cinema s compelling power to mesmerize people Unlike Hindi cinema mythological and devotional films remained popular genres in Telugu and Tamil too until quite recently The political success of film star N T Rama Rao well known for his portrayal of gods and kings posed afresh the problem of cinema s power to enthrall To what extent viewers were persuaded of his divinity became a matter of debate In later decades the figure of another kind of viewer haunted the discourses around cinema that of the female viewer who got possessed during screenings of goddess films Using questions around viewership as the focal point this book studies the intersections between popular cinema religion and politics in South India The first full length study of Telugu mythological and devotional films it combines an account of the history and politics of these genres with an anthropology of film making and viewership practices It argues that cinema and other audio visual technologies lead to the reorientation of sensibilities and the cultivation of new sensory modes

Communalism from Indian Perspective Sarajit Kumar Chatterjee,2016-01-01 A pluralistic country like India has become the playground of communalism In spite of its vivisection on the basis of religion in 1947 India could not rather did not insulate itself from the virus of communalism There are many reasons for the growth and sustenance of communalism in free secular India Perhaps our Constitution is no less responsible for this The Framers of the Constitution might have wanted to usher in a true secular India but their obsession with communalism stood in the way They weighed everything from a communal angle As a result they incorporated several community specific provisions which benefited particular religious communities and at the same time shied away from incorporating those provisions in the Constitution which would have put a death nail to the coffin of communalism What is more ominous is that they never realised that their actions and non actions would give a fresh lease of life to communalism and that there would be polarisation of the communities on the basis of religion in post independent India as well India in the Shadows of Empire Mithi Mukherjee,2009-11-25 This book explains the postcolonial Indian polity by presenting an alternative historical narrative of the British Empire in India and India s struggle for independence It pursues this narrative along two major trajectories On the one hand it focuses on the role of imperial judicial institutions and practices in the making of both the British Empire and the anti colonial movement under the Congress with the lawyer as political leader On the other hand it offers a novel interpretation of Gandhi s non violent resistance movement as being different from the Congress It shows that the Gandhian movement as the most powerful force largely responsible for India s independence was anchored not in western discourses of political and legislative freedom but rather in Indic traditions of renunciative freedom with the renouncer as leader This volume offers a comprehensive and new reinterpretation of the Indian Constitution in the light of this historical narrative The book contends that the British colonial idea of justice and the Gandhian ethos of resistance have been the two competing and conflicting driving forces that have determined the nature and evolution of the Indian polity after independence

The Secret Life of Another Indian Nationalism Shail Mayaram,2022-06-16

Nationalism is among the most influential ideas that has shaped the Metamorphoses of the Political in the long twentieth century This book focuses on exclusivist Indian nationalism and identifies its distinction from inclusivist nationalism It highlights shifts in another Indian nationalism over the last two centuries as the geopolitical context has transitioned from the Pax Britannica to the Pax Americana and its war on terror The books braids the following three strands together first a majoritarian nationalist ideology called Hindutva second the making of popular history as a precolonial epic is highlighted depicting the defeat of the last Hindu Emperor by a conquering Muslim Sultan purportedly leading to eight centuries of Hindu enslavement and third the reconversion of a community by the Visva Hindu Parishad with consequences for Lived Hinduism and Indic civilisation with its complex identities

Western Historiography in Asia Q. Edward Wang, Okamoto Michihiro, Longguo Li, 2022-02-21 This volume provides a unique and critical perspective on how Chinese Japanese and Korean scholars engage and critique the West in their historical thinking It showcases the dialogue between Asian experts and their Euro American counterparts and offers valuable insights on how to challenge and overcome Eurocentrism in historical writing

Reverence, Resistance and Politics of Seeing the Indian National Flag Sadan Jha, 2016-01-08 This book studies the politics that make the tricolour flag possibly the most revered of the symbols icons and markers associated with nation and nationalism in twentieth century India The emphasis on the flag as a visual symbol aims to question certain dominant assumptions about visibility Anchored on Mahatma Gandhi's believing eye this study reveals specificities of visual experience in the South Asian milieu The account begins with a survey of the pre colonial period focuses on colonial lives of the flag and then moves ahead to explain the contemporary dynamics of seeing the flag in India The Flag Satyagraha of Jubblepore and Nagpur in 1922-23 the adoption of the Congress Flag in 1931 the resolution for the future flag in the Constituent Assembly of India in 1947 the history of the colour saffron and the codes governing the flag as well as legal cases are all explored in depth in this book

Righteous Republic Ananya Vajpeyi, 2012-10-31 What India's founders derived from Western political traditions is widely understood Less well known is how India's own rich knowledge traditions of 2500 years influenced these men Vajpeyi furnishes this missing account showing how five founders turned to classical texts to fashion an original sense of Indian selfhood
