Organized according to the nine National Standards for Music Education, each chapter presents tips and lessons for helping middle school students meet high standards in their understanding of music. Ideas include a Music Critics Unit, composition projects, rhythm games, and tips for encouraging students to sing with enthusiasm. Also contained in the book is a rationale for the inclusion of general music courses in the middle school program and tips for working with young adolescents. A list of suggested resources is included. Volume two is organized into two parts: efforts within teacher education programs and efforts of practitioners in the middle grades classrooms.
