

#### School graduation speech

Let me begin by welcoming all of you to today's event and thanking (NAME OF PERSON WHO INTRODUCED YOU) for that kind introduction.

I'm very pleased to have been invited to speak here today on what I know is a very special day. It's special for the graduates, for their proud parents and grandparents, and for their very relieved teachers. Just wait until these students are graduating college. Then their parents will be the

Relieved ones.

As I begin, I have to say, I think the best speeches are those that have a great beginning, a memorable end, and not much in between. I will try then to make a great speech. Today is one of those great occasions when we get to celebrate our young people - their

*Speaking American* Zevi Gutfreund, 2019-03-07 When Lyndon B Johnson signed the Bilingual Education Act of 1968 language learning became a touchstone in the emerging culture wars Nowhere was this more apparent than in Los Angeles where elected officials from both political parties had supported the legislation and where the most disruptive protests over it occurred The city with its diverse population of Latinos and Asian Americans is the ideal locus for Zevi Gutfreund's study of how language instruction informed the social construction of American citizenship Combining the history of language instruction school desegregation and civil rights activism as it unfolded in Japanese American and Mexican American communities in L A this timely book clarifies the critical and evolving role of language instruction in twentieth century American politics *Speaking American* reveals how for generations language instruction offered a forum for Angelino educators to articulate their responses to policies that racialized access to citizenship from the national origins immigration quotas of the Progressive Era through Congress's removal of race from these quotas in 1965 Meanwhile immigrant communities designed language experiments to counter efforts to limit their liberties Gutfreund's book is the first to place the experiences of Mexican Americans and Japanese Americans side by side as they navigated debates over Americanization programs intercultural education school desegregation and bilingual education In the process the book shows these language experiments helped Angelino immigrants introduce competing concepts of citizenship that were tied to their actions and deeds rather than to the English language itself Complicating the usual top down approach to the history of racial politics in education *Speaking American* recognizes the ways in which immigrant and ethnic activists as well as white progressives and conservatives have been deeply invested in controlling public and private aspects of language instruction in Los Angeles The book brings compelling analytic depth and breadth to its examination of the social and political landscape in a city still at the epicenter of American immigration politics

**Discerning the Way** Allan Hugh Cole Jr., 2021-12-23 This book recounts the author's experience of being diagnosed with young onset Parkinson's disease at the age of forty eight and his first four years of living with this illness With honesty and thoughtfulness he reveals how Parkinson's has affected his life which includes experiences of deeper and more authentic relationships gaining new insights about time priorities and personal values experiencing reconciliation with others and within himself and benefitting from occasions for meaningful growth greater wisdom deeper gratitude and lasting joy These reflections are authentic poignant at times humorous and heart wrenching and ultimately hopeful [Twilight of Liberty](#) William A. Donohue, 2001-01-01 Provocative he acknowledges that the ACLU has honorably battled violations of individual rights but he maintains that the group's fetishization of those rights degrades institutions that help build responsibility and community His critique is in many instances appropriate Publisher's Weekly Mr Donohue makes a detailed and persuasive argument that far from simply protecting constitutional freedom the ACLU is driven by an ideology for which the accurate term is extremist *Twilight of Liberty* is an important polemical and constructive contribution to understanding law politics and morality in contemporary America *First Things* A Monthly Journal of Religion and Public Life William Donohue thoroughly documents and perceptively analyzes both the socially destructive work of the American Civil Liberties Union and the threat to liberty presented by the extremist positions on individual rights ACLU propagates This book is a much needed antidote to pernicious trends in our national life American Enterprise Institute *Twilight of Liberty* is a sequel to Donohue's highly regarded *The Politics of the American Civil Liberties Union* but with a marked change in emphasis Instead of challenging the ACLU's nonpartisan reputation as he did in the earlier volume Donohue now seeks to demonstrate why and how recent ACLU policy undermines the process of liberty He argues that the ACLU by relentlessly warring with mediating institutions and by pushing a radical individualism in its policies is not making us more but less free Two conceptions of liberty are discussed The first considers the social context in which the struggle for freedom takes place It maintains that freedom is best achieved through a delicate balancing of individual rights with the legitimate needs of the social order The

other conception of liberty is atomistic exclusively concerned with the rights of the individual According to Donohue such a definition assures the triumph of the state over the mediating institutions of society thus reducing prospects for freedom This is the first book to critically analyze contemporary ACLU policy and to challenge its reputation as the preeminent voice of freedom in the United States It aims to move beyond the idea that freedom is best served by pushing individual rights to extremes *Twilight of Liberty* will appeal to scholars in the fields of law social policy and culture Students in civil liberties courses will also find this book a valuable resource William A Donohue is president of the Catholic League for Religious and Civil Rights in New York City

Claire and Mia Fontaine authors of the bestselling *Come Back and Have Mother Will Travel* *Education and Equality in Japan* William K. Cummings, 2014-07-14 On the basis of direct personal observation in the classroom systematically gathered data and extensive reading in primary sources the author provides a rich description of how a society can be gradually transformed by the educational process in its schools He then relates this process to the problems of the advanced industrial world Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 International Comparative Perspectives on Religion and Education Charl C. Wolhuter, Corene de Wet, 2014-05-31 This book scrutinises religion in education in ten countries It reveals much about the tension between religion and education in secular countries and the blending between religion and education in religious countries such as Iran and Malaysia as well as secular countries such as the Netherlands It also shows the important role the church currently plays in education in developing countries such as Tanzania Finding Common Ground Charles Haynes, Oliver Thomas, 1997 Addresses the attempts to find common ground in schools the Supreme court religion strategies for finding common ground religion in the curriculum resources for teaching about religion in US religious holidays in the public schools the Equal Access Act religious expression religious practices of students Also The Williamsburg Charter sample school district policies **Poverty Rebels** Casey D. Nichols, 2025-03-17 In 1960s Los Angeles a powerful network within Black and Chicana/o organizations transformed the War on Poverty and Model Cities program Black and Brown activists worked together and separately to use the US federal government's War on Poverty as an opportunity to establish programs that would counteract the neglect that led to underfunded schools inadequate housing and a lack of community institutions Casey Nichols examines this diverse group of intentional and unintentional collaborators she calls poverty rebels which included politicians activists youth professionals community members and local people Poverty rebels leveraged federal antipoverty funding to work around the limited capacity of the Civil Rights Act of 1964 to address the dual impact of race and class in African American and Mexican American communities They understood that unequal policy had created their urban realities and sought to redefine antipoverty legislation in a way that improved their material lives Drawing on a wide range of sources including local and federal government documents oral histories and organizational records Nichols examines vital links between the nation's social and political spheres Ultimately she argues that Black Brown

relations gained greater national significance during the mid 1960s amid important civil rights victories and social policies to address so called disadvantaged communities By coming into social and political proximity African Americans and Mexican Americans constructed a national dialogue about Black Brown relations that had shared benefits and that continues to shape policy debates today
