Midnight In Broad Daylight A Japanese American Family Caught Between Two Worlds:

Midnight in Broad Daylight Pamela Rotner Sakamoto, 2016-01-05 Meticulously researched and beautifully written the true story of a Japanese American family that found itself on opposite sides during World War II an epic tale of family separation divided loyalties love reconciliation loss and redemption and a riveting chronicle of U S Japan relations and the Japanese experience in America After their father s death Harry Frank and Pierce Fukuhara all born and raised in the Pacific Northwest moved to Hiroshima their mother s ancestral home Eager to go back to America Harry returned in the late 1930s Then came Pearl Harbor Harry was sent to an internment camp until a call came for Japanese translators and he dutifully volunteered to serve his country Back in Hiroshima his brothers Frank and Pierce became soldiers in the Japanese Imperial Army As the war raged on Harry one of the finest bilingual interpreters in the United States Army island hopped across the Pacific moving ever closer to the enemy and to his younger brothers But before the Fukuharas would have to face each other in battle the U S detonated the atomic bomb over Hiroshima gravely injuring tens of thousands of civilians including members of their family Alternating between the American and Japanese perspectives *Midnight in Broad Daylight* captures the uncertainty and intensity of those charged with the fighting as well as the deteriorating home front of Hiroshima as never told before in English and provides a fresh look at the dropping of the first atomic bomb Intimate and evocative it is an indelible portrait of a resilient family a scathing examination of racism and xenophobia an homage to the tremendous Japanese American contribution to the American war effort and an invaluable addition to the historical record of this extraordinary time

The Triumph of Fear Patrick G. Eddington, Policy Analyst Homeland Security and Civil Liberties Patrick G Eddington, 2025 *The Triumph of Fear* is a history of the rise and expansion of surveillance and related political repression in the United States from the 1890s to 1961 Anarchist movements and especially the assassination of President McKinley spurred the expansion of nascent federal surveillance capabilities but persistent exaggerations of threats in times of peace and war exponentially increased the size and scope of unlawful government surveillance and political repression which has continued to the present Drawing on declassified government documents and other primary sources many analyzed for the first time Patrick Eddington offers surprising new revelations about the depths of government surveillance programs and abuses of power Eddington s analysis makes clear that the driving force behind these developments was fear on the part of the executive branch members of Congress and those on the federal bench Fear that challenges to existing political economic or social paradigms would alter the country in ways that would disempower those who benefitted from the status quo From Theodore Roosevelt s misuse of the Secret Service to spy on his political opponents to Dwight Eisenhower s approval of FBI subversion operations Eddington pinpoints the critical junctures that have jeopardized American civil liberties

Tadaima! I Am Home Tom Coffman, 2018-10-31 *Tadaima I Am Home* unearths the five generation history of a family that migrated from Hiroshima to Honolulu but never settled In the telling the common Japanese greeting *tadaima*

takes on a perplexing meaning What is home Where most immigrants either establish roots in a new place or return to their place of origin the Miwa family became transnational With one foot in Japan the other in America they attempted to build lives in both countries In the process they faced the challenges of internment a civilian prisoner exchange the atomic bomb and the loss of their holdings on both sides of the Pacific The story begins and ends with the fifth generation figure Stephen Miwa of Honolulu who is trying to get to the bottom of a shadowed reference to his family name The Miwas are unlucky Tom Coffman s research tracks back to the founding sojourner Marujiro a fallen samurai and to the sons of subsequent generations Senkichi a field laborer turned storekeeper James Seigo a merchant prince Lawrence Fumio a heroically struggling foreign student and finally the contemporary Stephen whose nagging questions drive him to excavate his enigmatic past Among the book s unusual finds the most extraordinary is the fourteen year old Fumio s student diary which he maintained in Hiroshima from July 4 1945 through his survival of atomic bombing and into the following autumn The Miwas climbed from poverty to wealth and then fell precipitously from wealth into poverty The most recent generations have regrouped by dint of intense determination and devotion to education exercised against the strange transformation of Japanese Americans from despised other to model minority Throughout this resilient family has kept an outwardly facing cheerfulness giving no clues as to what they have been through Tadaima I Am Home confronts history from a largely unexplored transnational viewpoint suggesting new ways of looking and seeing Although it does not explicitly beg the question of internal security in the present it poses new perspectives on immigration acculturation commitment to nation and the marginalization of distrusted minorities

Citizens, Immigrants, and the Stateless Michael R. Jin, 2021-11-16 From the 1920s to the eve of the Pacific War in 1941 more than 50 000 young second generation Japanese Americans Nisei embarked on transpacific journeys to the Japanese Empire putting an ocean between themselves and pervasive anti Asian racism in the American West Born U S citizens but treated as unwelcome aliens this contingent of Japanese Americans one in four U S born Nisei came in search of better lives but instead encountered a world shaped by increasingly volatile relations between the U S and Japan Based on transnational and bilingual research in the United States and Japan Michael R Jin recuperates the stories of this unique group of American emigrants at the crossroads of U S and Japanese empire From the Jim Crow American West to the Japanese colonial frontiers in Asia and from internment camps in America to Hiroshima on the eve of the atomic bombing these individuals redefined ideas about home identity citizenship and belonging as they encountered multiple social realities on both sides of the Pacific Citizens Immigrants and the Stateless examines the deeply intertwined histories of Asian exclusion in the United States Japanese colonialism in Asia and volatile geopolitical changes in the Pacific world that converged in the lives of Japanese American migrants

The Mobilized American West, 1940-2000 John M. Findlay, 2023-07 John M Findlay presents a historical overview of the American West between 1940 and 2000 arguing that during the years of U S mobilization for World War II and the Cold War the West remained a significant and
