Emotions in Midwifery and Reproduction Billie Hunter, Ruth Deery, 2008-10-28 With contributions from a range of leading international authors this stop and make you think book explores the many contemporary issues surrounding emotion work in reproductive healthcare The editors forerunners in their field have brought together both theoretical and clinical aspects to challenge readers to consider the significance of this important topic in their day to day work Using examples of maternity care and infertility settings from the UK and beyond and with an emphasis on personal reflection throughout the book explores the subjects of Emotional well being Client practitioner relationships Infertility Loss Breast feeding Motherhood Emotions in Midwifery and Reproduction underlines the importance of emotions and how they are managed experienced and negotiated in clinical settings addressing issues that are frequently overlooked in the drive for efficiency and effectiveness in the health service It is stimulating reading for all midwifery and nursing students and practitioners looking to understand their patients and their own emotional needs

Sexology in Midwifery Ana Polona Mivšek, 2015-04-15 Midwives support women during the reproductive period of their lives Dimensions of midwifery work include in addition to the physiological aspect psychological and spiritual issues Midwifery activities mean involvement in the most intimate sphere of clients lives Women's perceptions of partnership sexuality pregnancy and birth are affected by their personal experiences and by the culture they live in The same factors also influence the midwives perception of these issues It is therefore crucial for the midwives to be aware of certain areas of their work that have a sexual inclination and clarify their own eventual prejudices regarding sexuality since these can affect their provision of holistic individual and competent care to women and their families This book deals with different aspects of sexuality that can have an influence on everyday midwifery work It might also be of interest to different groups of people midwives in clinical settings midwifery educators midwifery students and also other health professionals who manage women during the reproductive period

Midwifery, Mind and Spirit Jennifer Hall, 2001 All midwives have a professional obligation through the Midwives Rules to meet the spiritual needs of mothers This topical and easy to read book will help them It explains the nature of spiritual care dispelling the myth that it is only concerned with religion and explores

its role as an integral part of midwifery practice using case histories as illustrations The issues relating to educating midwives and students are discussed and suggestions made for course content Exploration is made of the role of others in giving spiritual care and how the midwife fits in to these present patterns of care The conclusion of this book provides a resource for potential future research questions

Midwives' Emotional Care of Women becoming Mothers Sue Barker, 2011-01-18 This book offers an overview of the emotional care given by midwives to women based on the literature reviews and research undertaken by Sue Barker Its chapters are mostly based around the questions she asked herself when exploring the area What is motherhood Who supports women at this time What is emotional care What are the experiences of midwives offering emotional care What is emotion work How does emotional care help women She considers a wide range of literature sources to understand what is happening for the midwives and the women Given the extensive use of referenced work the book should be useful for those thinking of undertaking a midwifery programme or those already engaged on any health care programmes This book though is written with an easily accessible language so should be a useful source for voluntary groups and women on their journey to motherhood Midwifery care and motherhood are influenced by the culture within which they are experienced This book has therefore considered the cultural hegemony and the differing ideologies within midwifery The research was undertaken in the UK where most women receive midwifery care through the NHS therefore the midwives interviewed were all employed by the state This may well have influenced their expectations and the women's expectations of them It may be that independent midwives would not have experienced some of the dilemmas faced by these midwives Despite this the view of midwifery professional bodies government guidance and research all support a woman approach to giving emotional support This book offers a detailed description of how emotional support as part of emotional care is given by midwives in their attempts to reduce or ameliorate emotional distress and provide comfort
